WEDDING BELLS — A very pretty wedding was solemnized at the Pownal Parsonage on December 26th, 1928, at 6 o'clock, when Lucy Blanche, daughter of Mr. and Mrs. H. C. Smallwood, Bunbury, was united in the holy bonds of matrimony to William Edward, son of Mr. and Mrs. W. E. Vessey, Dunstaffnage, by the Rev. Mr. Littlejohn. Miss Margaret Smallwood, sister of the bride, acted as bridesmaid, while the groom was ably supported by his nephew, Clifford Holman. After the ceremony the happy couple motored to the home of the bride, where a reception was held and supper served to about eighty invited guests. The groom's gift to the bride was a beautiful car coat, with wolf collar, to the bridesmaid, a rhinestone bracelet and to the groomsmen a set of gold cufflinks. Prior to her marriage, the bride was tendered a miscellaneous shower at the home of Mr. and Mrs. C. J. Wood, Bunbury, where she was the recipient of many useful gifts. The many beautiful and costly gifts received testify to the esteem in which the young couple are held. Their many friends wish Mr. and Mrs. Vessey many years of happy wedded life. Poison Found in Woman's Viscera

(Canadian Press) MONTREAL, Jan. 18 — Traces of morphine were found in the viscera of Mrs. Florence Schnabel, Dr. Wilfred Deroome, provincial medical expert, reported to Coroner Prince at the inquest today. Dr. Deroome said that the body showed no signs of violence or drowning though it could not be absolutely denied that signs of the latter could have been present and have disappeared through putrefaction. Mrs. Florence Schnabel disappeared from her home here in September and a body buried as that of an unknown woman after being found in a disused canal in Cornwall, was identified as that of the missing woman and brought here for an autopsy. George Schnabel, husband of the dead woman, dropped out of sight here in December and no trace of him has since been found.

In Memoriam

JOHN CHING

JANUARY 6th, 1929 — After a sojourn on the earth of 88 years, 5 months and 3 days, John Ching, of the Red Point community, laid aside a mortal body, weak with age, and was clothed upon with the body which is swallowed up of life. For more than three score years he had been a humble follower of "The Lord of Life and Glory."

He leaves a wife, four daughters, and one son to mourn his death. He was a highly respected and well beloved man in every way. The funeral was conducted from the home January 8, and the burial was in South Lake Cemetery.

MRS. WILLIAM R. MacKAY

There passed peacefully away in the Prince Edward Island Hospital on Jan. 2, 1929, after an illness of several months, Mrs. William R. MacKay of Brackley, in the fortieth year of her age.

Apparently in the best of health until July 1st, she was suddenly seized with a fatal illness, and although hopes were entertained for her recovery, and despite the tenderest care and nursing, God willed otherwise, and on the above date, her pure spirit took its flight.

Besides a sorrowing husband, there are left to mourn, two children, Helen and Jimmie, an aged father, Donald Stewart of Kensington, two sisters, Mrs. Wilson Adams of Kensington, and Mrs. Claude Mill, of Marshfield; three brothers, Thomas Stewart, Kensington, Allen Stewart, of French River, and James Stewart, of Concord, N. H.

Mrs. MacKay's early death is sincerely mourned by a host of friends and relatives in Kensington, where her girlhood days were spent; in New London, where she came as a bride, and in Brackley, where the last five years of her life were spent. In each of the communities in which she resided, Mrs. MacKay was most highly esteemed, being a willing, earnest worker in Church, Missionary Societies, Women's Institutes and everything that pertained to the welfare of the community.

But it is in the home where she will be most sorely missed, where devotion to her husband and children was her ruling passion, and where her hospitable manner and cheery smile assured neighbors and friends of a welcome at all times.

The funeral was held from her home in Brackley on the afternoon of Jan. 4th, and was largely attended, interment being in Sherwood Cemetery. The service was conducted by her pastor, Rev. Mr. Boothroyd, and the following acted as pallbearers: Hugh Campbell, Ira McKay and Frank Ramsay from New London, and Benj. Rodd, John Wood, and Alphonse Bryenton of Brackley.

The following floral offerings were received: Wreath, family; wreath, W. M. S. of Brackley; wreath, Mr. and Mrs. J. L. Lockhart and family; spray, Mr. and Mrs. Claude Mill and family; spray, Doris Bryenton.

How SUN LIFE Policy Holders share SUN LIFE PROSPERITY

IN 1926, Agent Roberts of the Sun Life Assurance Company of Canada assured his friend Bates for \$10,000.

He told Bates that in 1924, a man of his age had taken out a similar policy; that this man had already received two dividends; and that the second, received in 1926, amounted to \$73.80. Bates felt that an equal dividend accruing to him in 1928 would be highly satisfactory.

Roberts delivered a cheque for Bates' second annual dividend the other day. *Instead of \$73.80, it was \$91.00.* The expectations of two years ago had been exceeded by 23 per cent.

Sun Life prosperity is being shared with its policyholders in the form of dividends much in excess of those anticipated when the assurance was taken.

To-day, on the threshold of a New Year is an opportune time in which to get details of these exceptional advantages, from the Company's representative in your district.

When chances cant be taken

Diphtheria rampant at Fort Vermillion, 500 trackless miles beyond Edmonton, nearest source of relief. . . Mercury at 45 below. . . Anti-toxin serum needed at once. . . precious lives hanging on every moment!

Relief comes by air—a priceless cargo of anti-toxin carried in by two intrepid airmen, Captain May and Lieutenant Horner of the Edmonton Flying Club.

Forty-five below and speeding at a hundred miles an hour through the numbing air. There's a test of courage and endurance.

A test, too, for motor fuel and motor oil. Imperial gasoline and Marvelube oil carried the flyers in, brought them out again, motor functioning perfectly.

In services such as this the superior quality of Imperial products is dramatically established. And every day, throughout Canada, hundreds of thousands of motors give consistent evidence of that superior quality.

Ninety out of every hundred miles flown in Canada are travelled with Imperial Products
