

The Doctor's First Question
 "How are your bowels?" This is generally the first question the doctor asks. He knows what a sluggish liver means. He knows that headaches, bilious attacks, indigestion, impure blood, are often promptly relieved by a good liver pill. Ask him if he approves of Ayer's Pills. Then follow his advice.

The Young Peoples' Society of the first Methodist Church held a very interesting debate in the basement of the church last week on Woman Suffrage. Calvin McCallum led off in favor of the measure and was followed by Prof. Watts who strongly opposed it. Rev. H. E. Thomas replied to the Professor in a strong appeal for the women and E. H. Beer then tried to convince the audience otherwise. Three minute addresses were given by D. Edgar Shaw, Mrs. R. C. Goff and Dr. Johnson on behalf of the women and Mr. Taylor against them. The judges decided in favor of Woman Suffrage. A reading by D. Edgar Shaw on the Darwinian theory brought the meeting to a close. W. T. Wellner very ably presided.

A very successful meeting of the W. C. T. U., was held in the parlors of the First Methodist church last night. Mrs. R. T. Holman, Summerside, gave a very bright talk, brimful of information on 'Teaching Truths'. After the talk a lively discussion took place. There followed a pretty reading from Bunyan's 'Pilgrim's Progress' by Miss Phillips. Misses Brennan and Campbell each sang very pretty solos. Refreshments were then passed and a very enjoyable time spent.

The Executive Committee of the Anti-Tuberculosis Society met last evening in the Board of Trade Rooms. The several sub-committees reported, all of whom had been active in their several departments. The committee having in charge the establishment of a Dispensary was authorized to proceed with the work at once. The committee on organization reported that the Counties of Kings and Queens had been divided into districts, and that arrangements were being made to organize a local branch of the Society in each of these districts. The committee on statistics reported that steps were being taken to procure as complete a list as possible of all who are suffering from any form of tuberculosis also of the number dying therefrom. Arrangements are also being made for an active educational campaign.

A large number of the members of St. James' Presbyterian Church with their friends assembled last night and tendered a very pleasant reception to their new pastor, Rev. J. A. Anderson, and his wife. During the evening W. J. Parks, on behalf of the session and congregation, presented an address of welcome to the new pastor and Mrs. Anderson and family. A number of the clergymen of the city were present and made brief but hearty speeches welcoming the new minister of St. John Church.—St. John Telegraph, Jan. 15, (Mr. Anderson is a native of St. Peter's, P. E. I.)

The local night at New Wanderland last night, called forth a collection of amateurs, who were a revelation as to the talent in the city. Each number was good and the prize winners were, Michael Welsh, a pupil of the School for the Blind in Halifax, who rendered a piano solo; Charles Long, who danced well and John Weatherbie, a local dancer of merit. Two little girls, Jean Fraser and Jean Sturtevant, were awarded consolation prizes by the lady manager, and while non prize winners did well prize winners did excellently. An amateur night is announced for every Monday at New Wanderland next Monday excepted when the Hall will be in use for the Burns' concert.
