WELCOME VISITORS.—Mr. and Mrs. C. C. Gardiner arrived in Charlottetown Saturday, from Los Angeles to spend the summer. Mrs. Gardiner was recently elected second Vice-President of the National Chapter, Imperial Order of the Daughters of the Empire, at a meeting held in New York on May 22nd and 23rd. Mr. and Mrs. Gardiner stopped over at New York on their way home in order that the latter might attend the meeting 63 Chapters were represented, three delegates from each Chapter being present. The reports showed that the Order has made steady progress in the United States since the war began. About \$50,000 in money and kind has been raised for relief work. The membership of the Order is limited to ladies who are British born, and these have received assistance and encouragement from their American friends. The Regent of the National Council is Mrs. J. Elliot Langstaff, wife of Dr. Langstaff, Brooklyn. The First Vice-Regent is Mrs. G. Cook Adams, and the Third, Mrs. Gerrard, of New York. Mrs. Gardiner was National Councillor from Los Angeles, representing the State Chapter of California. Among other Island ladies who are members of the Order in California are Mrs. Sidney Fitzgerald formerly of Charlottetown, and her two daughters, the Misses Mitchell.

FAREWELL PARTY.—A very enjoyable time was held at the home of Mr. and Mrs. Ham Bertram Fredericton, last week when a large crowd gathered to say good-bye to some of the brave boys of the 105th who leave shortly to fight for King and Country, the late Arthur Darchberg, London.

ANOTHER ISLANDER KILLED.—Mrs. George Proud, City, has received the sad news that her son, Private Harold Dale Proud was killed in action on May 9th. Deceased enlisted in Western Canada. He leaves to mourn besides his widowed mother, two brothers and three sisters all of whom will have the sympathy of the community in their bereavement.

A Wise Mother's Story. Mothers and Daughters read carefully and profit by it.

"I am convinced," writes Mrs. A.B. Hopperford from St. John, "that a majority of young girls who die of consumption do so because their mothers neglected their health at the critical time when carefulness insures vigor and sound health. If a girl's health is neglected from her eleventh to sixteenth year her body will be weak and she becomes a ready victim of typhoid, anemia, and in many cases consumption itself. In her sixteenth year my youngest daughter showed signs of failing strength. Some dyspeptic troubles developed. Her heart became weak and palpitation frightened her dreadfully. She was irregular in the important bodily functions and rapid loss in weight and a ruddy complexion pointed to a rapid decline.

She disliked making her troubles known to the doctor, a feeling I felt I should respect, and so by good fortune I was led to use Ferrozone with most gratifying results. My neighbor next door, Mrs. Woods, had found Ferrozone so good in nervousness that she persuaded me that it would restore Flossie's health, and from the time the second box was commenced her improvement was constant. She is now a big, strong girl, ruddy and plump, able to study hard and to take her share of household duties. I am an earnest advocate of Ferrozone. We all use it now as a tonic as it is certainly woman's best friend."
