EMPLOYEES NATURE'S OWN METHODS AND IS INVARIABLY SUCCESSFUL

Few will escape a cold this winter, but alas! many colds run into Catarrh.

Neglected Catarrh is the straight gateway to consumption.

Catarrhose is a germ-killer—destroys microbes that cause Catarrh. It heals and soothes, relieves the cough, gives throat and lungs a chance, cleanses the nostrils, clears out the phlegm.

You feel better in an hour. In a day you're greatly relieved, and on goes the curing of Catarrhose till you're well. No treatment so direct. Catarrhose goes right to the spot—acts quickly, cures thoroughly—catarrh, bronchitis and all throat affections.

Nothing could kill a cold so fast as Catarrhose," writes Amy E. Swelling, from St. John's. "Last month I had a frightful cold in my head, suffered from itching nose, running eyes and torturing headache. Ten minutes with "Catarrhose" inhaler gave relief and in one hour I was well of my cold. Catarrhose I consider a marvel."

Carry "Catarrhose" inhaler in your pocket or purse—take it to church—to the theatre—to work—use it in bed. It prevents and cures all manner of nose and throat troubles. Complete outfit, guaranteed \$1.00; small size 50c.; sample size 25c.; at dealers everywhere.

### IN DEFENCE OF LUMBER

Lumbermen Are Fighting Against Substitution of Other Materials

Lumbermen are naturally somewhat perturbed over the onslaught against the use of forest products and are commencing to demonstrate to the public that wood is much superior for certain purposes than any other material. However, in their fight against the substitution of other materials, lumbermen are handicapped through the fact that there is a growing scarcity of suitable material and also to the fact that the cost of all kinds of lumber is advancing year by year. In their efforts to overcome the cost of all kinds of lumber, experiments are being carried on under Government auspices, both in the United States and in Canada for the purpose of finding substitutes for the more expensive woods. By means of creosoting and otherwise treating the softer and cheaper grades of wood, lumbermen hope to demonstrate that the use of their products is in the best interests of the public.

Great Britain and Ireland, having not much over half the population of the United States, have about 600,000 more union laborers.

### RAILROAD MAN HAD TO LAY OFF

Until He Took GIN PILLS

Buffalo, N. Y. "I have been a Pullman conductor on the C. P. R. and Michigan Central for the last three years.

About four years ago, I was laid up with intense pain in the groin, a very sore back, and suffered most severely when I tried to urinate. I treated with a family physician for two months for Gravel—The Bladder but did not receive any benefit. About that time, I met another railroad man who had been cured by GIN PILLS, after having been given up by a prominent physician who treated him for Diabetes. He is now running on the road and is perfectly cured. He strongly advised me to try GIN PILLS which I did—with the results that the pains left me entirely."

### BEECHER'S FARM CREED

We believe that our soil loves to eat, as well as its owner, and ought therefore to be liberally fed.

We believe in large crops, which leave the land better than they found it—making the farmer and the farm both glad at once.

We believe in going to the bottom of things, and, therefore, in deep ploughing and enough of it. All the better with a subsoil plough.

We believe that every farm should own a good farmer.

We believe that the best fertilizer for any soil is spirit of industry, enterprise and intelligence. Without this, lime and gypsum, bones and green manure, man and guano will be of little use.

We believe in good fences, good barns, good farm houses, good stock, good orchards and children enough to gather the fruit.

We firmly disbelieve in farmers that will not improve; in farms that grow poorer every year; in starving cattle; in farmers' boys turning into clerks and merchants; in farmers' daughters unwilling to work, and in all farmers ashamed of their vocation or who drink whiskey until honest people are ashamed of them.—Henry Ward Beecher.
