RECENT DISCOVERY OF ETHER COMPOUND THAT DRIES UP CORNS SO THEY LIFT OUT

Good news spreads rapidly and druggists here are kept busy dispensing Frezzone, the ether discovery of a Cincinnati man, which is said to loosen any corn so it lifts out with the fingers. Ask at any pharmacy for a quarter ounce of Frezzone, which will cost very little, but is said to be sufficient to rid one's feet of every hard or soft corn of callus. You apply just a few drops on the tender, aching corn and instantly the soreness is relieved, and soon the corn is so shriveled that it lifts out without pain. It is a sticky substance which dries when applied and never inflames or even irritates the adjoining tissue. This discovery will prevent thousands of deaths annually from lockjaw and infection heretofore resulting from the suicidal habit of cutting corns.

BIBLE SOCIETY.—The annual meeting of the Prince Edward Island Bible Society, representing 35 branches in this province, will be held this evening in the Methodist Church. The President Mr. W. S. LAI D TO REST.—The remains of Mrs. John Bevan whose death occurred so suddenly on Friday evening last were laid to rest yesterday afternoon in the Peoples Cemetery. The funeral was largely attended. The Pallbearers were Messrs. E. H. Haney, E. T. Higgs, W. W. Sinden, Spurgeon Bertram, Irving McKenzie and G. H. Holtbrook. Rev. Mr. Glendenning officiated at the services at the home and at the grave. The death of Mrs. Bevan came as a severe shock to the members of her family, who only five months previously had been heard of their father. She had been in her usual health right up to the moment of her death when she was suddenly stricken with apoplexy. She complained of a pain or smothering in her throat and collapsed almost immediately. The deceased was a woman held in high esteem by all who had the pleasure of her acquaintance and her loss in the family is one that seems hard to bear as she was ever solicitous as to their welfare. She was a loyal member of the Methodist Church in this city and Sunday school, and took an active part in every branch of the work which she felt that she could be of service, and her loss will be keenly felt. Those left to mourn are One son, Harry of the P. E. I. R., and two daughters, Mrs. Joseph Davies of this city and Miss Mildred at home; also two brothers, William and John Crockett, to all of whom sincere sympathy goes out in their sad loss. The family are deeply grateful to all those who by words of comfort or floral tributes showed sympathy with them in their sudden bereavement.

A Woman of Impulse

It Wasn't That She Didn't Love Her Husband!

Lina Cavaleri plays the part in this great picture of a daughter of Eve whose beauty was far too great for the safety of her own heart or the men she encountered.

It wasn't that she did not love her husband, but simply that she drew other men to her almost unconsciously as the candle-flame does the poor doomed moth. And some of the moths were mighty dangerous.

"A Woman's Impulse" will stir you deeply by its likeness to the problems of love as you know them.

Calomel! It's Mercury! Quick-silver! Shocks the Liver—Danger!

You're bilious, but take "Cascarets". You have a throbbing sensation in your head, a bad taste in your mouth, your eyes burn, your skin is yellow, with dark rings under your eyes; your lips are parched, your bowels are constipated. No wonder you feel foggy, mean and ill-tempered. You need Cascarets tonight. Don't continue being a bilious nuisance to yourself and those who love you, and don't resort to harsh physics that irritate and injure. Remember that most disorders of the stomach, liver and bowels, are ended by morning with gentle, harmless Cascarets—they work while you sleep, never gripe, shock, sicken or inconvenience you. They're grand!
