SHERIFF'S SALE.

By virtue of a Writ of Statute Execution to me directed, issued out of His Majesty's Supreme Court of Judicature at the suit of Hammond S. Ve-sey, Administrator of the personal estate and effects which were of Thomas Vesev, deceased, who died intestate, against George Carter and Isaac Carter, I have taken and seized as the property of the said George Carter and Isaac Carter all the estate, right, title and interest of the said George Carter and Isaac Carter in and to all that tract, piece or parcel of land, situate, lying and being in the City of Charlottetown, in Queen's County, bounded and described as follows: Commencing at the western corner of a piece of land enclosed by Euston Street, Prince Street, Fitzroy Street and Great George Street; thence southwardly along Great George Street for the distance of fifty-two feet; thence north-eastwardly along Great George Street for the distance of one hundred feet; thence north-westwardly parallel to Great George Street fifty-two feet or until it strikes Euston Street; thence south-westwardly along Euston Street one hundred feet to the place of commencement; and in Plot Number 21, as drawn on a plan of "Holland Grove" filed in the Office of the Registrar of Deeds for said Island, and is marked "Holland Grove." And I hereby give Public Notice that I will on Tuesday the 10th day of May, A. D. 1906, at the hour of Twelve o'clock noon, at the Court House in Charlottetown, in said County, set up and sell at Public Auction the said property or as much thereof as will satisfy the Levies marked on said Writ, being the sum of Two Hundred and fifty-eight dollars and thirty-six cents, with interest on Two Hundred and forty-six dollars and seventy-five cents from the 26th day of October, A. D. 1905 till paid, at six per cent per annum, besides Sheriff's fees and all other legal incidental expenses.

EWAN MACDUGALL, Sheriff of Queen's County.

MUNRO BROS., New Glasgow, Nov. Scotia are not anything if they are not progressive. They are rapidly increasing the sale of their products and fast earning an enviable reputation by the excellence of their goods, manufactured under their own supervision in their well known wire works. They are manufacturers of wire and upholstered mattresses and all kinds of iron and wire goods. With a keen knowledge of the needs of the public, Munro Bros. combine the practical ingenuity which is always a stepping stone to success. Among the innovations which they have placed on the market is a wire mattress manufactured from a pattern designed by one of the partners, James Munro, and by a machine which is also his own invention and made to the firm's order at a cost of several thousand dollars. The convenience of this mattress is that it is more compact than any on the market and can easily be hooked and unhooked from the frame by a child and rolled into a very small bundle. Munro Bros. also make all kinds of woven wire mattresses. A contrivance in this is the helical springs which adjust it in a moment to suit persons of different weights by shifting the springs towards the head and foot on the side that has to bear the greater weight. In the same way the mattress can be made hard or soft all over. Their mattress frame, also their own invention, which is made exclusively by themselves on a specially designed machine is hollow and of thin plate steel and possesses many qualities which make it preferable to the ordinary wooden frame. It is very much lighter, more cleanly and sanitary and is not subject to warping, a frequent source of trouble in the wood. Among their other goods is the Parity bedding, which includes Excelsior mattresses, and curled hair mattresses; plain and ornamental steel and iron fences for residences, churches, cemetery lots etc; all kinds of woven wire fencing besides many other articles in wire and iron. In fact the firm is ever watching an opportunity to place something new on the market which may appeal to the taste and suit the convenience of their patrons.

Dear sirs,—I was for seven years a sufferer from Bronchial trouble, and would be so hoarse at times that I could scarcely speak above a whisper. I got no relief from anything till I tried your MINARD'S HONEY BALSAM. Two bottles gave relief and six bottles made a complete cure. I would heartily recommend it to anyone suffering from throat or lung trouble.

A TEST EXPERIMENT.

Peculiar Power Possessed by a New Medicine.

Of new discoveries there is no end, but one of the most recent, most remarkable and one which will prove invaluable to thousands of people, is a discovery which is believed will take the place of all other remedies for the cure of those common and obstinate diseases, dyspepsia and stomach troubles. This discovery is not a loudly advertised, secret patent medicine but is a scientific combination of wholesome, perfectly harmless vegetable essences, fruit salts, pure pepsin and bismuth. These remedies are combined in lozenge form, pleasant to take, and will preserve their good qualities indefinitely, whereas all liquid medicines rapidly lose whatever good qualities they may have had as soon as uncorked and exposed to the air.

This preparation is called Stuart's Dyspepsia Tablets, and it is claimed that one of these tablets or lozenges will digest from 300 to 3,000 times its own weight of meat, eggs and other wholesome food. And this claim has been proven by actual experiments in the following manner: A hard boiled egg cut into small pieces was placed in a bottle containing warm water heated to ninety-eight degrees (or blood heat); one of these Tablets was then placed in the bottle and the proper temperature maintained for three hours and a half, at the end of which time the egg was as completely digested as it would have been in a healthy stomach. This experiment was undertaken to demonstrate that what it would do in the bottle it would also do in the stomach hence its unquestionable value in the cure of dyspepsia and weak digestion. Very few people are free from some form of indigestion but scarcely two will have the same symptoms. Some will suffer most from distress after eating, bloating from gas in the stomach and bowels, others have acid dyspepsia or heartburn, others palpitation or headache, sleeplessness, pains in chest and under shoulder blades, extreme nervousness as in nervous dyspepsia, but they all have the same cause failure to properly digest the food. The stomach must have rest and assistance, and Stuart's Dyspepsia Tablets give it both by digesting the food for it and in a short time it is restored to its normal action and vigor.

At the same time the Tablets are so harmless that a child can take them with benefit. This new preparation has already made many astonishing cures, as for instance the following:

After using only one package of Stuart's Dyspepsia Tablets I have received such great and unexpected benefit that I wish to express my sincere gratitude. In fact, it has been six months since I took the package and I have not had one particle of distress or difficulty since. And all this in the face of the fact that the best doctors I consulted told me my case was Chronic Dyspepsia and absolutely incurable as I had suffered twenty-five years. I distributed half a dozen packages among my friends here who are very anxious to try this remedy.

Mrs. Sarah A. Skeel, Lynnville, Jasper Co., Mo.

Stuart's Dyspepsia Tablets are sold by druggists everywhere at 50 cents for full sized packages. A little box on Stomach Diseases mailed free by addressing F. A. Stuart Co., Marshall, Mich.
