

**Give the Children**  
"FRUIT-A-TIVES" whenever the head aches, the stomach gets upset, or Constipation troubles them. Little folk may take them every day in the year without fear of ill-effects. It's just like giving them ripe apples, oranges, figs and prunes. That's what

are. The fruit juices are so combined by our secret process, that the medicinal action is intensified many degrees. Nothing like them to keep the children plump and rosy—and free of the stomach and bowel troubles of childhood. Equally effective with grown folk. 50 cents a box.

WEDNESDAY, OCTOBER 10, 1904.

THE LIBERAL CONVENTION.

The delegates representing the Liberals of Queens County in convention yesterday appear to have been from the first largely of one mind as to a choice of candidates, and carried through their task harmoniously. Hon. Mr. Simpson had quite a strong support but was in minority and he loyal moved to make the nomination of Messrs Warburton and Prowse unanimous. This has increased the number of his friends many of whom yet hope to see him elected to the Commons.

Judge Warburton at 52 years of age has already seen public service in various capacities. For a number of years in the nineties of last century he served in the Provincial Legislature. In 1897 he be-

came Premier in succession to Hon. Frederick Peters and in the following year was appointed County Judge. In these various positions he has performed his duties with ability and to the general satisfaction. On general principles, however, objection may be taken to making judicial and political positions too frequently interchangeable. There is a feeling, notwithstanding some precedents to the contrary, that when a politician becomes a Judge he ought not to return to politics, especially as a stepping stone to subsequent judicial promotion.

Mr. Prowse has long been a personally popular man, as was shown when he was a successful candidate for the Local Legislature some years ago. He has a very large circle of friends and acquaintances. Besides there is a strong feeling that the mercantile interests of the principal business centre of the Island ought to be represented at Ottawa. This feeling is the stronger since Mr. Haszard's brief but eminently successful term in the Commons. Under the circumstances, despite ex-Judge Warburton's admitted ability, it seems not unlikely that Mr. Prowse may prove the stronger of the two Liberal candidates at the polls. But in these days of pre try straight ticket voting, the two candidates named will both very probably poll pretty nearly the strength of their party.

It is expected that Mr. McGee, Clerk of the Privy Council at Ottawa will arrive early next week to administer the oath of office to Lieutenant Governor McKinnon. Duties connected with the issue of the election will have delayed Mr. McGee's coming. The swearing in of a new Governor is largely a matter of form, as once his commission is issued his predecessor is out of office.

**Whips That Grow on Trees.**  
In the island of Jamaica there grows a tree with the botanic name of Daphne Lagetto, from the branches of which native workmen make peculiarly strong and excellent whips, which have the handle and lash all in one piece. The handle consists of a part of the stem retaining the bark. For the lash the stem is deprived of the bark and then split into strips, which are woven together in a flexible cord six or seven feet long. The proper taper is accorded by detaching more and more of the strips as the end of the lash is approached.

**"Sorrowful Tree" of Goa.**  
A unique tree on the island of Goa, near Bombay, is the "sorrowful tree," as the natives term it. That name is given to it because the tree has a drooping, sad appearance during the day time, but its aspect changes as the sun goes down; then its leaves open and no longer droop, and fragrant blossoms come into bloom upon it. The moment the sun shows itself in the east, the blossoms close, the leaves begin to droop, and the petals of the recent sweet blossoms fall to the ground. This tree blooms thus all the year round.

**JOY SUCCEEDS DESPAIR**

His Daughter, Florence, Was All But Dead From Dropsy—Her Doctor Had Given Her Up—Dr. Williams' Pink Pills Were Then Used and Today She is Well and Strong.

From the Post, Thorold Ont.  
Every body believes in a dreary sort of way of the efficacy of a well and well advertised medicine, when the recorded cases of rest of health are at a distance; but when a case comes up in the home town, when the patient is known to, very one, and when the cure is not only possible but marvellous, the efficacy of the medicine becomes a fact—decided thing. For many years the Post has advertised Dr. Williams' Pink Pills for Pale People; large quantities of them have been sold by the lot at drug stores, and many remarkable cures have been effected. One of these attracted the attention of our reporter and he investigated. Miss Florence Hilton the eighteen year old daughter of Joseph and Mrs. Hilton, living in the west part of the town, was taken ill early last summer with dropsy coupled with heart trouble. She was compelled to give up one duty after another and finally became unable to walk or to lie down. Her suffering was intense and medical skill did all that could be done. Florence, however, grew worse, sitting up at times could breathe at all only with the greatest difficulty. One night the neighbors came in and said she could not live till morning. But to-day she is alive and well, moving about among her young companions, a remarkable and miraculous contrast to what she then was. The reporter called on her at her home, but Miss Florence was out visiting. The father and mother were in, however, and freely told him of the cure, which they attributed to Dr. Williams' Pink Pills. The first box was brought to her by her grandmother, who urged their use. Then Mrs. Hilton herself renewed her faith that she had the previous winter been cured by Dr. Williams' Pink Pills of a slight attack of dropsy and at the same time remembered the many cures advertised in the Post. She bought two boxes and Florence took them, three pills at a dose. In two weeks she felt a slight decrease in the pain in her limbs, and more pills were procured. For five months—five long pain-jaden months she lay in bed, unable to get up, and night in her chair, but now she begins to feel the pain leaving her and to see her limbs resume their natural size. Fourteen boxes of pills were taken and at last her perseverance was rewarded. She rose from her chair, her former strength gradually came back; one by one her household duties were taken up again; and when The Post representative called he was met by beaming faces and thankful hearts and a grateful readiness to give to the world the facts that had saved a bright young life and had brought joy instead of grief to a Thorold home.

In thousands of other homes, scattered over the length and breadth of Canada, Dr. Williams' Pink Pills have brought health and joy and gladness and in every home in the land where sickness and suffering enters new health and strength can be had through a fair use of this medicine. Remember that substitutes can't cure they make the patient worse, and when you ask for this medicine see that the full name "Dr. Williams' Pink Pills for Pale People" is printed on the wrapper around the box—then you are sure you have the genuine pills, sold by all medicinal dealers or by mail post, at 50 cents a box or six boxes for \$2.50 by writing The Dr. Williams Medicine Co., Brockville, Ont.
