ted. The service was opened by an address by F. J. Nash and was led by Ensign and Mrs. Hargrove assisted by Ensign Veigel of Summerside. A collection was taken by which a large sum was realized.

It is estimated that between four and five thousand people were in attendance during the day. The usual varied attractions for the amusement of visitors were provided in the swings, side-shows, etc. There was a booth well stocked with cooling drinks and other delicacies, which was well patronized. The dinner table, however was not so well patronized as in previous years, owing to the fact that a great many persons obtained their meals in the city.

With the exception of one littie disturbance which took place in front of the grand stand, but which was soon quelled by officers Hooper and Carter, the order was excellent.

The sports were fairly well attended, and were run off practically without a hitch.

The officials of the course were L. B. McMillan, J. A. Webster, Gordon Hughes, G. F. Hutcheson, Dr. H. D. Johnson, E. Rice and Geo. Lewis.

An accident occurred during the course of the two mile bicycle race, in which a collision took place between Prowse and Winchester, resulting in both wheels sustaining considerable damage, the riders however being unhurt.

A ballon ascension was a feature of the day's entertainment, but was not entirely a success, as it collapsed after rising but a comparatively few feet.

The games were enlivened by the fine music rendered by Worth's Band.

MEDICOS MEET

(Continued from page 1.)

veyed by motor boats, as the guests of the local physicians to McCallum's Point where the following program of papers was read and discussed:

Intestinal Obstruction due to Ovarian Cyst by Dr. Conroy.

Puerperal Eclampsia by Dr. Carruthers and case reports by Drs. Houston, J. Jardine and Delaney.

Diseases of the nose and throat by Dr. McEwen.

Matters of importance to the welfare af the Profession and the public by Dr. Jenkins.

All these were very instructive and brought forth a good deal of animated discussion.

At four p. m., the visitors were treated to an old fashioned clam bake held on the shore at which a most enjoyable social time was spent and at 6.30 p. m. the medicos returned to Summerside after enjoying what was voted to have been one of the most educational and sociable meetings of the Association ever held.

At the afternoon session Dr Jenkins' excellent paper on the milk supply was followed by an earnest discussion and a committee of three doctors from Summerside and three from Charlottetown was appointed to confer with the Government in regard to milk inspection. The expressed opinion of those who spoke was that the Dominion Government should take over all matters affecting the General health of the public.

At this meeting Dr. Steeve, a native of Summerside, who is practicing in Oregon, and is now on a visit to his old home, was present and delivered a splendid address on diseases of the nose and throat, commenting on the paper of Dr. McEwen on that topic.

The officers for the ensuing year were elected as follows:

President—Dr. A. A. McLellan, Summerside.

Vice-Presidents—Prince: Dr. Delaney; Kings: Dr. A. McDonald; Queens: Dr. Carruthers.

Secretary—Dr. W. J. McMillan, Charlottetown.

Council—Drs. Conroy, S. R. Jenkins, (Secretary and Registrar), Warburton, (Treasurer), Johnson, Carruthers, Charlottetown; A. McNeill, Summerside; and A. A. McDonald, Souris.—S.

D. W. Brown and Percy Bryenton formerly of Little York and for the past four years residing in Medicine Hat, Alberta, are visiting their old home here. Their numerous friends will be glad to see them here. Both these gentlemen are partners with the formers brother M. A. Brown an alderman and one of the most prominent business men of that city. H. H. Brown merchant Charlottetown is another brother.

Ensign and Mrs. Hargrove, of the Salvation Army Corps here, leave this morning for St. John on a two week's furlough previous to being assigned to a new corps. The Ensign and his genial partner have made many friends here during the eight months they have been in charge and their enforced removal is a matter of great regret. Ensign Hargrove has been an energetic worker and strenuous efforts on his part have resulted in steady steps in advance in the corps here. During his short stay he succeeded in having the debt on the citadel wiped out and for this and other and more important achievements he will be remembered here. He brought the work of the army into more prominent notice than any of his predecessors and succeeded in so interesting business and professional men that much good resulted not only as a result of generous contributions but by the active assistance rendered by outsiders who were shown practically a few of the many things the Army was doing. The Ensigns work will long be appreciated by his fellow workers and friends of the Army here.

It is very gratifying to learn that W. A. Scott, son of W. H. Scott is making an enviable reputation for himself in Vancouver, B. C. It was necessary after he arrived there to take an examination before he could be admitted as a Barrister in the Supreme Court. Out of eighteen Barristers and Solicitors who took the examination the same time as Mr. Scott, he came second. He has now been admitted to the Bar and sworn in. Mr. Scott was regarded as one of the brightest young men ever admitted to the Supreme Court as a Barrister in Prince Edward Island.

A cool, comfortable hall fine photoplays, catchy songs and excellent music was the feature of a pleasant hour at the People's Theatre last night. "April Fool" was a nice child comedy, just the thing for the small people and amusing for the elders. "Unto Us a Child is Born" was an exceedingly good story showing how wife's practical joke nearly ended fatally. "Red Eagle" was one of those Indian pictures that appeal to old and young and by the generous applause last night it "went big". Miss Fredwinn is illustrated song and specialty fully sustained her reputation and on each appearance was recalled.

ANNUAL TRADES LABOR CONGRESS

CALGARY, July 10—The Twenty seventh Annual Session of the Trades and Labor Congress of Canada will convene in Paget Hall, Seventh Avenue, East Calgary, beginning at 10 o'clock Monday morning, September 11th 1911,

This meeting promises to be one of exceptional interest to the organize labor bodies of Canada because of the many important matters that will come before it for consideration. Each year has witnessed a wonderful growth in the intricacy and difficulty of the problems to be dealt with by the Congress, and the Calgary Convention will be easily first in this respect. Among the subjects to be discussed are the following:

1. Dominion and Provincial Legislation.
2. The Immigration Laws.
3. The Eight-Hour Bill.
4. Payments of wages on railways, fortnightly.
5. The Winnipeg Street Railway strike.
6. The Western Coal Miners' difficulty, as well as the strikes in Nova Scotia.
7. The work of the Provincial Federation, notably that of British Columbia.
8. Abolition of Chinese tax and subsitution of agreement or understanding, as with Japan.
9 "Imperial" Labor Exchanges,
10. The arrest of McNamara.
11. Non observance of municipal fair wage clauses.
12. The attempt upon the part of Russia to secure the surrender of Federenko.
13. The judgement of the United States Supreme Court in the Gompers case.

In addition to these, there are many other matters of vital and every-day interest to the workers. It is of the utmost importance therefore, that every affiliated body should be well represented.

STILL "JOSHING" THE WOMAN MAYOR

HUNNEWELL, Kan., July 8.—Although she has the support of Governor Stubbs, Mrs. Ella Wilson, the new Mayor, hasn't yet conquered her obstinate councilmen.

The Council met last night for the first time since April 1, when Mrs. Wilson assumed office. The results were the acceptance of the resignation of W. L. Lewis, the councilman who said he "couldn't fight a woman" and the order of repairs for the town pump.

It was an embarassing evening for the woman Mayor, and once or twice she seemed on the verge of tears.

All five members of the Council, were there. They had to be under threats of action by the Governor. Mrs. Wilson appointed Mrs. E. E. Hilton clerk, and asked the Council to confirm the appointment a motion was made and seconded, but all five members voted it down.

"Well, I'll just keep on appointing her at every meeting, I don't propose to be the only woman at the meetings," she said.

Then she appointed Prof. E. A. Clark City Treasurer, and the appointment was turned down. Again there was the same result when she appointed a City Marshal.

But the climax came when she entertained a motion for adjournment. It was made and seconed, and without waiting for the vote she declared the house dismissed. No one moved.

"Well what are you waiting for?" she asked.

Still no one moved, nor was there an answer forthcoming. Every one giggled. It took about an hour for the Mayor to get a legal adjournment.

NEXT WEEK WILL SEE THE VOTE

WASHINGTON, July 11.— Only the interposition of a three hour speech by Senator Bailey, of Texas, and the submission of one of his amendments to the Canadian reciprocity bill, prevented that measure from coming to a final passage in the senate today. The opponents of the bill were caught napping by the senate leaders, with no one ready to speak against the measure and no amendments ready to be offered.

Senator Bailey, the chief democratic opponent of the agreement, was finally forced to take the floor and offer his amendment to attach the farmer's free list bill recently passed by the house to the reciprocity measure. His amendment, which was not voted on, omitted the agricultural provisions of the free list bill.

"I have been holding the floor," Mr. Bailey finally admitted, "because I promised the senator from Wisconsin (Lafolette) that I would not let the bill come to a vote until he can get ready to speak."

Chairman Penrose and the other leaders who are are pushing the reciprocity bill through held the senate in session until 7.15 p. m. From now on the senate will be in session until six o'clock or later, and all efforts for delay will be forwarded upon. This is expected to force the opponents of the measure to hasten their speeches and the presentation of their amendments.

Senator Penrose tonight predicted that a vote on the passage of the bill would be reached next week. He is not insistent upon fixing in advance a time for final vote which will be taken when the debate is exhausted.

Senator Lafolette's long speech is expected any time after tomorrow. He will ask for a day after introducing his amendments which he expects will be tomorrow or Thursday. Meantime his friends will try to prevent a vote until he can be heard. Senators Bristow and Borah may speak tomorrow.

MILLIONAIRE FALLS VICTIM TO HEAT WAVE

TORONTO, July 11—After lingering for a week Isaac Friedler, millionaire planter from Natchez, Mississippi, died at St. Catherines today as the result of a sun stroke. He and his wife came to St. Catherines as they have done every year since they were married thirty-eight years ago, earlier than usual this year in order to avoid the exceptionally hot weather down south. During his illness he raved considerably about the heat and its effect on the cotton and rice on his plantations. His son and daughter, both married, arrived at their father's bedside yesterday just in time to bid him farewell before he sank into unconsciousness. The body will be taken back to Natchez for burial in the family vault. The widow is inconsolable.

BENT'S SAWMILL BURNED SECOND TIME

BRIDGETOWN, July 11—The large saw mill owned by Sylvester Bent, of Belleisle, and situated at Young's Mountain, in some mysterious manner, caught fire on Sunday afternoon last. Some of the camp men who were close by, after a desperate effort, saved portions of the building, preventing complete destruction of the entire plant. About six weeks ago this same new mill was burned to the ground. The new building and necessary repairs to the engine and other machinery being made at great expense. This second loss is a most serious one for Mr. Bent, there being no insurance on the mill whatever. It is understood that the mill will be rebuilt, as there is still a large quantity of the winter's cut still in the log.

WYETH'S SAGE AND SULPHUR HAIR REMEDY

Grew a Full Growth of Hair on a Bald Head

Here's the Proof

For two or three years my hair had been falling out and getting quite thin, until the top of my head was entirely bald. About four months ago I commenced using Sage and Sulphur. The first bottle seemed to do some good and I kept using it regularly, until now I have used four bottles. The whole top of my head is now fairly covered with hair and it keeps coming in thicker. I shall keep on using it a while longer, as I notice a constant improvement.

SOVEREIGN BANK HAS BUT ONE CREDITOR

TORONTO, July 11—At the annual meeting of the Sovereign bank today a resolution was passed to accept the offer of the International Assets, limited, to purchase from the assisting banks their claim against the Sovereign bank, giving for these claims something over half in cash and the balance in bonds. The company have also agreed to purchase from the Sovereign bank the equity of redemption in the bank's assets, giving for that equity of redemption $1,000,000 in its own common stock. The company thus becomes practically the only creditor of the Sovereign bank.
