FOR Indigestion and Biliousness

Indigestion, biliousness, headaches, flatulence, pains after eating, constipation, are all common symptoms of stomach and liver troubles. And the more you neglect them the more you suffer. Take Mether Seigel's Syrup if your stomach, liver, or bowels are slightly deranged or

MOTHER SEIGEL'S SYRUP

have lost tone. Mother Seigel's Syrup is made from the curative extracts of certain roots, barks, and leaves, which have a remarkable tonic and strengthening effect on all the organs of digestion. The distressing symptoms of indigestion or liver troubles soon disappear under its beneficial action. Buy a bottle to-day, but be sure you get the genuine Mother Seigel's Syrup. There are many imitations, but not one that gives the same health benefits. 1015

is the **Best Remedy**

Now sold in two sizes only. FULL SIZE, Price 1.00 TRIAL SIZE, Price 50c

CONGRESS TAKES UP DAYLIGHT SAVING

WASHINGTON, Feb. 2.—Congress and the Chamber of Commerce of the United States, bodies which respectively represent the people as a whole and the commercial interests of the country, are about to tackle the question of turning the clock back one hour during the summer months. In the Senate, Senator Gallinger of New Hampshire and in the House Mr. Borah of Maine, have introduced bills which provide that during the summer months, that is during a period starting at 2 a. m. the last Sunday in April and ending at the same hour on the first Sunday in September, the standard time for each of the zones be advanced one hour from the mean astronomical time of the controlling time meridian.

While these two bodies are usually expected to wrangle over the high cost of living and other kindred questions, the subject of daylight saving promises to evoke a lively discussion during the next few sessions, says the Standard. The New Hampshire Board of Trade urged the daylight saving plan and it met with general approval all over the State, and during 1914, Cleveland and Detroit manufacturers tried it. The change was made without the least difficulty and met with general favor.

Works France in Europe and other countries have adopted the system and are said to be pleased with it. Thus far the labor unions of the country have been too busy urging eight hours, and increased wages to take up the daylight saving scheme and their views are not known. But employers declare in letters to members of Congress that, as a rule, men and women employed in factories and other industries would rather go to work an hour earlier and quit an hour earlier and have this extra hour for rest and recreation than to idle in the morning. The millman who would have to rise with the sun in getting on an hour earlier and old boss who would be disturbed an hour earlier in the wee small hours have not been heard from, but with the moving of a great attraction after the evening meal and with tennis, rowing and other pastimes becoming more popular in the mill sections and being urged as a means of recreation, it is his last ditch, many employers insist that the change would be advantageous.

BIG PROFITS ON P. E. I. POTATOES

BOSTON Jan. 31.—Importers of Canadian potatoes are reaping huge profits, according to a statement made at the Custom House today. For several weeks past the customs officials have been assessing duty on Canadian potatoes at the rate of 31 per bushel. The tariff on potatoes is 10 per cent their value, and at this rate the government has been collecting 10 cents a bushel. Today a Boston importer complained that 10 cents was too high, as he was not paying 31 per bushel for his potatoes in Canada. But he is selling them for \$2.25 per bushel in the market here, and Captain Culp of the Canadian schooner Lucille M. Culp, which recently brought a cargo of potatoes to Boston from Prince Edward Island, was announced when he heard what his cargo was selling for here.

"These potatoes cost 60 cents a bushel in Charlottetown," he said. "The freight on them to Boston is 29 cents. The duty is 10 cents. Allow 25 cents for cartage and storage, which is very high, and the potatoes stand the importer \$1.24 cents a bushel. The quotations in the market today are \$2.25 per bushel and \$1.01 per bushel. I don't see how you folks stand for it. Why, the man who owns the 8,000 bushels in this one little cargo stands to make more than \$8,000."

AN IMPERIAL FARM TO COST \$200,000,000

MONTREAL, January 31.—A Windsor cable to the Star says:—Is Canada willing to see two hundred million acres of Alberta, Saskatchewan, Manitoba and British Columbia lands developed forthwith by British state money to provide means of paying off the Empire's war debt? This stupendous proposition is put before the public by the newly-formed Empire Resources Committee, of which Earl Grey, Lord Desborough, Lord Selborne, Rudyard Kipling, Horace Plunkett, Sir Sturges Jameson, Grant Morden, Morton Frewen are members. Lord Milner gives the scheme his blessing and but for his membership in the war cabinet would be the president of the committee. A memorandum of the committee suggests that an imperial development is now being formed to arrange with Canada for the purchase of arable land in Alberta, Saskatchewan, Manitoba and British Columbia, for say FORTY MILLIONS STERLING, paid by England at the rate of ten millions yearly, on conditions that the Dominion government spends the whole of the lands.

It is believed the value of these lands, in such an Empire farm, would speedily reach twenty pounds per acre, or altogether the Empire would receive in cash four thousand millions sterling which is the value of its debt for the war.

The committee realize the possibilities of this and similar plans affecting the other dominions. Meanwhile the committee is proceeding with suggestions affecting the resources of the crown colonies and protectorates and of India.

Was Completely Laid Up With Severe Case of Piles

SWORN STATEMENT FROM A MAN WHO HAS UNBOUNDED CONFIDENCE IN DR. CHASE'S OINTMENT.

There is no longer any debate as to the best treatment for itching, bleeding or protruding piles. But since about one person in every four suffers more or less from this annoying ailment it is necessary to keep on telling people about Dr. Chase's Ointment.

Mr. Wm. Shaw, Island Brook, Quebec, writes: "I am writing this to let you know the benefit I have derived from your Ointment. I have suffered more or less for years with protruding piles, and last winter I got so bad, I was completely laid up with them. I went to our local storekeeper and asked him if he had anything that was good for piles and he recommended Dr. Chase's Ointment. I purchased a box and took it home and used it according to directions and for over one year I have not been troubled with piles. I had tried other medicines before but they only gave me temporary relief and I got one box of your Ointment did more for me than all the others, as I have not been troubled since the last winter. I consider it to be the best remedy for piles I have ever used and shall always carry a box with me, although I don't think I will need it for piles. We have used it for other purposes in the family, such as burns and cuts, scratches, etc., and my wife says it is one of the best remedies for such purposes we have ever had in the house. Although you only charge sixty cents a box for it, it is well worth \$5 a box for anyone afflicted with piles. Now, you can use this letter if you wish or refer anyone to me who wants to know about it for piles. I might say that in my business I am known all over the English portion of Quebec, and am having this statement sworn to before a Justice of the Peace."

"Sworn before me this first day of April, 1916. M. M. Holbrook, J. P., Island Brook, Que."—Dr. Chase's Ointment, 60c a box, all dealers, or Edmondson, Bates & Co., Ltd., Toronto.

ROADMASTER'S PATRIOTIC FUND

A Start Made—Who Follows in the Trail?

In response to several appeals, Mr. Geo. A. Leslie (per Mr. Grinsell) Charwood, 250 St. John Street, has paid into the bank at Souris.

NOTE:—By request it has been agreed to accept \$2 contributions as it is more convenient to mail this amount.

Mr. Leslie writes to Mr. Bruce as follows:—

"Dear Sir—I was very glad to learn by the papers of Sergeant Bruce's return, and I hope that he will be as well as ever after his terrible experience. It grieved me very much to part with my oldest son this summer. He is now in England in the 272nd Siege Battery, R.G.A., and I would sooner have him at the front than have him a slacker at home. Where he is he is doing his duty to God and the Empire and may God spare him as he did your son."

I subscribed to the Road Master's Patriotic Fund, through Mr. Grinsell. I intended to mail it to you but he came around canvassing for the fund so I gave him \$2.50 for the R. M. Fund and 50c. for Mrs. Leslie, \$2.00 in all. I marked on the envelope that it was for the Road Master's Fund.

I am, Sir etc.
Geo. A. LESLIE.

NEW POINT IN LAW IN IRELAND

LONDON, Jan. 31.—The Commander of the Forces in Ireland has given an interpretation to Regulation 53 of the Defence of the Realm Act which, not without reason, has caused alarm amongst the members of the legal profession and the general public. A hurling match was held recently in Limerick County under the auspices of the Gaelic Athletic Association. The secretary to the County Board of the Association, Mr. James Ryan, refused to admit policemen to the grounds without payment of the ordinary entrance charge. He was prosecuted for the refusal, and employed a solicitor, Mr. H. O'B. Moran, to defend him. Mr. Moran made and handed in certain documents as part of the defence of his client. Both Mr. Ryan and Mr. Moran were summoned to Dublin and asked to inform Sir Bryan Mahon how the documents came into their possession. Mr. Moran was called upon to give the name or names of the person or persons to whom he had sold them and to state the circumstances under which they were given. Both he and Mr. Ryan declined to comply with the demand and they were placed under military escort and conveyed to Arbour Hill Barracks. A solicitor who gave such information would expose himself to the risk of being visited with severe punishment by the Incorporated Law Society, but the military authority in Dublin hold that under Regulation 53 of the Defence of the Realm Act "any person" questioned by the military or police is bound to answer according to the best of his ability and knowledge, and therefore that rules regarding professional secrets disappear in war-time. The question is even asked whether Rule 53 is to be regarded as applying not only to representatives of the law and medicine, but also to the clergy.

The Irish Question

LONDON, Feb. 2.—To-day's Belfast News-Letter makes a strong protest against the political capital made out of the speeches in connection with the visit of the Irish-Canadian Rangers, referring specifically to the statements of the Lord Mayor of Dublin and the Attorney-General on Saturday, in which they expressed the hope of a war settlement which would give Ireland a fitting place consistent with obligations and its loyalty and patriotism.

The News-Letter thereupon declares that the Irishists of Ulster will have nothing to do with any settlement now or after the war that would bring them under the control of an Irish Parliament in Dublin. The paper continues:

"It is doubly necessary to make here a frank and clear statement of the situation in view of the under-ground propaganda that has been conducted during the past two months in favor of a settlement by which Ulster would give up opposition and come under a Dublin Parliament."

The Irish-Canadian Rangers had a hearty send-off at Belfast this morning. The Lord Mayor and the members of the Corporation being present, while the Red Cross nurses distributed refreshments to the men. The singing of the battalion song of the 19th brought down the house last night when the Philharmonic Society gave a concert for the men.

TIDAL WAVE AND FIRE HIT JAPAN

(Canadian Press Despatch.)

TOKIO, Feb. 2.—A snowstorm which covered some sections of the northern provinces to the depth of 15 feet, wrecking some houses and blocking railway communication; a tidal wave which demolished 100 houses on the eastern coast and wrecked a large number of fishing boats, and a fire which destroyed more than 400 houses at Shinagawa, one of the suburbs of Tokio, formed an unusual series of disasters the past month. About 150 fishermen, who were out in their boats at the time of the tidal wave, are missing.

There are at Shinagawa rendered several thousand people homeless at 4 o'clock this morning on the coldest day this winter. Destruction of several hundred houses in a single fire, however, is not remarkable in Japan, where the tiny wooden houses are always consumed with amazing swiftness. The return frequency of fires, however, is calling the attention of the authorities to the necessity of improving means of fire-fighting.

Wonderful Bilious Remedy
Actually Prevents Attacks

There are two great causes of biliousness—they are constipation and defective liver action.

When Dr. Hamilton's Pills are taken, they not only correct constipated bowels, but act upon the liver as well. Quite unlike ordinary medicines which purge and give temporary relief, Dr. Hamilton's Pills remove the conditions which cause biliousness, and thus permanent cures are effected. No person who occasionally suffers from the headache, bad stomach or bilious complaint. Get a 25c box today.

TRUE PITY

Hostess—Doesn't it seem a shame, Mr. Jones, that this poor little lamb should have to die for us?"

Mr. Jones—Ah, yes, indeed! It is rather tough.—Ideas.

"I shouldn't think it would be so bad living abroad."

"Why not?"

"If you can't pay your debts you just declare a moratorium. And if you are late for work you simply turn the clock back."—Louisville Courier-Journal.
