COKE—We are discharging a car of Besco Coke today.—W. D. Gillis & Co., Phone 176.

FINE PROGRAM by favorite performers at Hearts Memorial Hall tomorrow night. 787 24 11.

SUPREME COURT—The February term of the Supreme Court which was to have opened in Georgetown yesterday, owing to the impassable condition of the railway line, has been postponed until Thursday.

THE TRAINS—The various branches of the Island service, with the exception of the Georgetown line, were again running pretty well on schedule time yesterday. The Georgetown train, working from Charlottetown had reached Lot 48 when last heard from yesterday afternoon.

BABYGRAM—The Guardian is in receipt of novel telegraphic despatch from the Baby Telegraph and Cable Co., New Bedford, Mass. announcing the safe arrival of James Fraser Evans 8 1/2 pound baby boy born on January 28th, 1926 to Mr. and Mrs. James Evans of that city. The telegram which is in the form of an attractive blue and white card on which appears, besides the above information, the name of the President of the Company Father Stork is called a Babygram and is most unique. Mr. and Mrs. Evans (nee Kitty Fraser) it will be remembered were the leading members of the Junior Evans Musical Troupe which played a five weeks engagement in Charlottetown a few years ago. During their stay in the province Mr. and Mrs. Evans made many friends who will extend best wishes to "Jimmy" junior.

CAR FERRY PASSENGERS' EXPERIENCE.—The passengers who arrived by the overdue Car Ferry on Sunday are full of their experience among the "ice-breakers." The first part of the passage across the Straits was more novel than convenient, but when night came and "no where to go" but the novelty disappeared and the inconvenience made itself felt. The ladies were provided with mattresses, but mere men had to be satisfied with the hard seated chairs in the stuffy smoking room in which to pass the watches of the night. Next day the fear of "famine" added its terrors to sleeplessness, as the supplies of the caterers' buffet had given out. An appeal to the genial and resourceful Captain Read brought temporary relief as he gave instructions that the "crews" rations should be drawn upon to relieve the necessities of the passengers who were each provided with a ham sandwich and plate of beans. That evening, when another night on board appeared inevitable some of the men were fortunate in securing cots, but the only "state" room available was the stuffy smoking room. The passengers on the whole rather enjoyed the night, but were glad to reach the island without worse befaling them, as the ice-conditions were decidedly threatening.

PERSONALS
Miss Lettie Ford has been visiting her former home at Stanhope.
Miss Azza Parkman has returned to her home in New Glasgow after visiting friends in this city, the guest of Mr and Mrs John C. Stewart, Newlands.

THE MESSRS Sam Beaton and Emerson Jeffrey, returned home after attending the Technical School for the past six weeks in this city.

Miss Mae MacCallum and Miss Mary MacCallum, Brackley are in the city for a short visit.

Mr. Wm. Curtis, Milton, was in the City yesterday.

Mr. E. L. Dover, York, was in the City yesterday.

Mr. A. L. Owen, Hamilton, was a visitor to the City yesterday.

Mr. John McRae, Milton, was in the City yesterday.

Mr. James McEachern, Mt. Ryan was a visitor to the City yesterday.

Mr. Stanley Gill, Stanhope, was in the City yesterday.

Mrs. D. K. Scott, North River, was a visitor to the City yesterday.

Mr. John A. McDougall, Bonshaw was in the City yesterday.

Miss Joan Powers left yesterday morning for New York City, N. Y.

Mrs. J. Reid left yesterday on return to her home in New York City, N. Y.

Cadet Nelson Rattenbury left yesterday morning for Halifax after visiting his home here.

BIRTHS
ROSE—At East Baltic, Feb. 2nd, 1926 Mr. and Mrs. Edson S. Rose a son. Congratulations.
ROBERTSON—On Sunday, Feb. 14th, 1926 to Mr. and Mrs. Theodore T. Robertson, Red Point, a son. Congratulations.
LUND—At St. Avaris, on Dec. 18th, 1925, to Mr and Mrs. Robert Lund, a daughter—Helen Florence.

DEATHS
DUNCAN—In Boston, Feb. 18, 1926, by accident John R. Duncan aged 37 years, formerly of Poplar Point, Lot 55.

ABEGWEIT SISTERS DEFEAT CRYSTAL SISTERS 4-1
The Abegweit Sisters evened up matters with the Summerside Crystal Sisters at the Arena Rink last night by defeating them by the decisive score of four to nothing. The game was watched by a fair sized audience, who were treated to a brand of hockey that in places was not without exciting features. Although the score was somewhat one sided, the Abbie Sisters by no means had things all their own way, and so far as territory was concerned, the Summerside girls more than held their own. The latter also played, for the first part of the fixture at least, a better combination game. But they were not effective at scoring, and seemed unable to reach the net. On occasion however they subjected Miss Unsworth, the Abbie goalie, to a veritable bombardment, which was cleverly blocked, and shot after shot brilliantly turned aside. All four of the Abbie Sisters counts were scored by Miss Weathers who played a stellar game, her stick-handling being one of the features. Time after time she skated through the entire Crystal defence, and three of her goals were the result of clean cut shots that were almost impossible to stop. The other tally, the second of the game, she scored in the first period from a mix-up in front of the Crystals' net. For the Crystal Sisters the star was Miss McCullough their fast skating and clever stickhandling center, who was following one of her clever runs through the Abbie forward line, that Miss McEllan took her pass and shot for their one and only tally, scored in the second period. The line-ups were as follows:
Abbies Goal Crystals
Unsworth Defence White
Bourke M. Laird
Bourke Gay
Small Weeks
Weeks Forwards McCullough
Owen A. Green
Walsh McEllan
Hall McNeill
Mutch H. Laird
Jamieson N. Green

L. OF C. BOWLING NEWS
Last night on the League Bowling Alleys, the second section of the bowling league had a very interesting and exciting opening, when the Anchors met and defeated the Alerts by 98 pins.

(Continued from Page 1)
700 and the tonnage moved about the same. In 1924 the earnings increased to \$9800 and the tonnage moved to 2100 tons, and in the year ending April 1925 the earnings increased to \$23,370 this being more than double the earnings of the preceding year and about five times the earnings made in either the year 1921 or 1922. The tonnage moved in 1925 was over 5000 tons. This marked increase in the business being done by the Freetown Station is not by any means temporary. The business for the present year should be at least equal to that of last year, and the indications are that in later years there will be further increases.

Give Credit Where Credit is Due
Give credit where due is a very good plan. It is the right thing to do whenever we can.
Now the Abegweit team is in championship form. And appears to be likely to weather the storm.
And bring back the title We had to let go When Sussex defeated us Two years ago.

Dominion Live-stock Report
(Canadian Press)
MONTREAL, Que., Feb. 23.—There were 118 calves, 475 calves, 10 sheep and 170 hogs on two markets this morning.
There were no good cattle and common to medium cows were sold for \$2.50 to \$4.75. Calves were in good demand. The bulk of those offered selling for \$10.50 to \$11.25. A few picked calves were quoted at \$12.00.
There was an easier feeling in hog market. Few odd sales were made to butchers at \$14.75 with the bulk of sales around \$14.50. Sows were mostly from \$12.00 to \$12.50.

School Environment in Charlottetown
As a result of the comments on conditions in the city public schools, made some nights ago at the Caledonian Club by Prof. J. H. Blanchard, yesterday a Guardian reporter made a tour of inspection through each of the city schools in an effort to find out just what sort of environment the school children of this city work and study.

West Kent School
Only four of the rooms in West Kent were painted in the same dull color that prevails in Queen Square, and all the others are done in a light buff color, which is very restful to the eye. As pleasing as the other boys' school, all the rooms were without exception clean, but here the white tone was brighter, and there was none of the crowded seating of other institutions to some extent. The school is particularly attractive in this school many of them being of the latest design. The floors were all finished in hard wood, making it comparatively easy to keep them clean. The annex to both this school and Prince Street, which was next visited, have a very attractive outward appearance, and inside provide conditions that are ideal. The combination of light colored walls and darker wainscoting gives a delightful effect. In these annexes there are not to be found the same number of pictures and other wall decorations as in the other parts of the school, but this is in accordance with one of the teachings of the Red Cross, which for sanitary reasons advocates doing away with them as dust and germ collectors. Both of the girls' schools, Prince Street and Rockford Square were quite as well off as West Kent, in matters of decoration, and in none of them, in fact in none of the whole four institutions, are to be found any evidences of the wilful marking of walls, or, in the newer desks, of the rooms are a little crowded for seats, but others were much larger than those in the rest of the schools. Some were tastefully decorated with hanging plants, and others were without some means of making them more beautiful and attractive for the pupils. Each of the schools is provided with a teachers' rest room and a library, which in some cases were quite extensive and included works of reference. Dictionaries were conspicuous on the teachers desks, and there was a good deal of maps and equipment, such as wall maps and charts, globes and pencil sharpeners distributed throughout the rooms. In at least one of the schools was found an interesting collection of minerals, and another possessed a glass cabinet filled with objects interesting as artistic handiwork of both man and nature.

Talk of Inter-National School-er Contest

GLOUCESTER, Mass., Feb. 23.—The misfortune attending Gloucester fishing vessels which have competed in the international races with Nova Scotia fishermen has become proverbial here. The latest instance was the recent forced auction sale of the Columbia to meet a mortgage. After the builder's lien had been satisfied, however, the Columbia was turned back to her managing owner, Captain Ben Pine, and his associates, and now there is renewed discussion of the possibility of another international contest next fall. The last of these series was held off Halifax in 1923 with the Columbia as the U. S. representative. This ended in a fiasco when the race committee ruled that Captain Angus Walters of the Canadian entry Bluenose had forfeited an apparent victory by sailing on the wrong side of a course buoy and Walters refused to sail an extra race to decide the series. Captain Pine refused to accept the cup by default and since then it has been held by the trustees. Efforts were made in 1924 and 1925 to renew the competition but Gloucester and Halifax could not agree on the conditions. The last exchange of communications indicated that the Nova Scotians were favorable to another series in 1926, probably off Gloucester, and Captain Pine is known to be anxious to have a chance to demonstrate that he has the best fishing boat on the coast. The Halligonian, built in Nova Scotia last year, is considered a likely contender. The Gloucester fishermen Esperanto with "Marty" Welsh as skipper won the series from the Canadian boat Delawara of Halifax. In 1921 Welch again was the U. S. skipper, this time on the schooner Bluenose. In 1922 the Bluenose came to Gloucester and retained the cup by taking two out of three races from the Henry Ford.

The Columbia narrowly escaped wrecking in April 1923, and ran aground off Gloucester in October of that year but sustained only slight damage. The Esperanto was lost in 1921 off Nova Scotia. The Delawara followed her to the bottom of the sea in 1924. One of the other cup contenders, as well as some of the schooners which took part in the elimination races, have been wrecked until only the Columbia and the Bluenose remain.

(United Press)
TOKYO, Feb. 23.—Rice consumed in Japan in 1925 is estimated by the Agriculture and Forestry department at 335,000,000 bushels. Of this total, 235,000,000 bushels were of domestic production, while the remainder was imported principally from Korea, China and Indo-China. Compared with the preceding year an increased consumption of 6,150,000 bushels is shown.

Hotel Victoria
One of the largest and best equipped Hotels in Eastern Canada. Contains 120 rooms, 44 of which have private baths. Completely renovated in the past few years. Few Hotels throughout Canada and the United States have its splendid table. Courteous service to all guests. Telephones in rooms.
Rated \$4.00 to \$5.00 per day.

Vicks Vaporub
Inhaled as a vapor and, at the same time absorbed through the skin like a liniment, Vicks Vaporub reaches immediately inflamed, congested air passages. This is the modern direct treatment for all cold troubles that is proving so popular in Canada and the States where over 17 million jars are now used yearly. Splendid for sore throat, tonsillitis, bronchitis, croup, head and chest colds, catarrh, asthma or hay fever. Just rub Vicks over throat and chest and inhale the medicated vapors. It quickly loosens up a cold.

Head and Chest Colds Relieved In a New Way
A Salve which Releases Medicated Vapors when Applied Over Throat and Chest.

The Markets
OTTAWA, Feb. 23.—Eggs market conditions are generally unchanged today with eastern markets relying on American imports to meet demand. Toronto nearby receipts are light, four cars of American eggs arrived today. Wholesale fresh extras 42, firsts 38, seconds 30. Montreal American fresh are arriving freely and the market is firm with good demand. Local receipts are light. No storage eggs are offering. In a jobbing way fresh stocks are selling to grocers at 46, firsts 40, seconds 35. Ontario supplies are scarce. Winnipeg wholesale fresh extras 42 to 44, firsts 40, seconds 34, stores extra 23, firsts 25, seconds 18. Regina wholesale extras 39, firsts 37, seconds 30. Calgary wholesale fresh extras \$11.00 per case, firsts \$0.00 per case, seconds \$9.00 per case. Vancouver wholesale fresh extras 32, firsts 31, and pullets 25, five poultry steady. Light hens 18, heavy 26. Light spring 30, heavy 25, dressed chickens 36 to 40. St. John wholesale fresh extras 47, firsts stores firsts 32.
MONTREAL, Feb. 23.—The trade in cash grain in the domestic market today was again restricted sales being confined to a few odd cars. The demand for spot supplies of grain from the country was slow and prices were unchanged. The undertone to the market for spring wheat grades of flour was easy at the late decline in prices there being only a small demand and very little business done. The market for feed remains unchanged prices for all lines being fully maintained under a steady demand from local and country buyers for supplies. The condition of the baled hay market was unchanged. The demand for trade in a jobbing way continues good for fresh eggs on the local market with a good amount of business passing. Prices remain unchanged. The demand for storage eggs was limited and prices were unchanged. The demand for potatoes show no improvement and the market was quiet with an easy undertone but there was no change in prices. A steady feeling prevails in the local butter market and prices show no important changes but the volume of business continues small. A firm feeling prevailed today on the local cheese market at the late improvement in prices and some further business was done in current receipts of winter made goods at 19 cents to 19 1/4 per pound.
