

OWES HER LIFE TO "FRUIT-A-TIVES"

The Wonderful Medicine, Made From
Fruit Juices and Valuable Tonics.

MADAME ROSINA FOISIZ

29 St. Rose St., Montreal.

"I am writing you to tell you that I owe my life to 'Fruit-a-tives'. This medicine relieved me when I had given up hope of ever being well. I was a terrible sufferer from Dyspepsia—had suffered for years; and nothing I took did me any good. I read about 'Fruit-a-tives'; and tried them. After taking a few boxes, I am now entirely well. You have my permission to publish this letter, as I hope it will persuade other sufferers from Dyspepsia to take 'Fruit-a-tives' and get well."

MADAME ROSINA FOISIZ.

"Fruit-a-tives" is the only medicine in the world made from fruit. 50c. a box, 6 for \$2.50. trial size 25c. At all dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa.

FRIDAY

TEACHER GOES WEST.—Mr. Sutherland McLeod, Earncliffe, who taught so successfully in the Mill View school last year, left Wednesday for Western Canada to engage in teaching school out there. Mr. McLeod was accompanied by his friend, Mr. Bertram Betts, Kinross, who goes to work at the harvest. Q

KILLED IN ACTION.—Mr. Thos. W. Morris received a wire yesterday bringing the sad news that his brother-in-law, Pte. Alexander McFarlane Seaman, of Minudie, N.S., had been killed in action. Private Seaman who was the only brother of Mrs. Morris, enlisted in the 85th Nova Scotia Highlanders in Halifax, and was two years in France before he made the supreme sacrifice.

SOLD THE SHARK.—Mr. Josiah Carmody, who succeeded in capturing a young shark near the Hillsborough Bridge was visited by a couple of strangers on Wednesday night who asked to see the fish. Mr. Carmody who had kept it on ice, readily agreed. They pronounced it a "Mackerel shark" and asked Mr. Carmody what he would take for it. He named \$10 as his price, which offer was at once accepted, and the money paid down. Mr. Carmody, who is an old fisherman, is now anxiously endeavoring in his spare time to capture another of these fish, as it is reported that there are others of the same valuable, but dangerous species in the same locality.

Many people throughout this province will learn with a feeling of genuine regret of the death at his home in Souris early yesterday morning of Captain Dominic McDonald, after an illness of only a few days, of pneumonia. Captain McDonald was a man of giant stature, being probably the largest man in Prince Edward Island. He was a man who made warm friends wherever he was known. He had, as a sea captain, travelled to nearly all parts of the world. He was a man of exceptional intelligence, was well read, and possessing the gift of humor to a rare degree it was a pleasure to converse with him. He had before retiring from the sea been sailing mainly to South America and had some very interesting experiences in the revolutionary days. By his death a picturesque and greatly esteemed resident of Souris has been removed, and his death will be deeply regretted. He is survived by his wife and several children, including Bernard, at home. He was about 75 years of age. The funeral takes place on Saturday morning at 9 o'clock.

MAJOR GOODWILL'S NEW APPOINTMENT.—Major Goodwill has arrived in Charlottetown from Ottawa to spend a couple of weeks' furlough. His numerous friends are pleased to see him once more. The Major has just received an important appointment on the permanent military staff of New Brunswick—that of Deputy Assistant Director of Military Service. At the expiry of his leave he proceeds direct for St. John to enter upon his new duties.

OFFICER PRAISED.—Colonel S.R. Jenkins recently received a most interesting letter from his son, Lieut. Harry G. Jenkins, somewhere in France. Lieut. Jenkins in referring to Lieut. A. E. Murphy, says: "All Murphy won his Military Cross a short time ago. He did exceptionally good work. When all the officers of his battery and most of his men were gassed, he kept his guns in action and from what I hear was gassed as badly as some who went out. He certainly has made good. On rounds the other day I ran across a section of Peake's Battery, No. 5; there was only a handful left. They have suffered very heavily from gas."

WINS MILITARY MEDAL.—The following telegram has been received by Mrs. James Graham, Clinton. Sincerely regret to inform you that your son Pte. Lem R. Graham 712703 admitted to 8th General Hospital on August 9th as result of gun shot wound in right shoulder. Pte. Graham was in the 105th batt. was transferred to the 14th Canadians, then in action shortly after that unit crossed to England. He sent almost a year in the trenches when during one of the big offensives he and his brother were both severely gassed. They were sent to England. He spent almost a year in there. When the big drive commenced they both were ready for France again and were lucky enough to escape further mishaps until the 9th when Pte. Graham received the much coveted medal for his bravery in stretcher bearing under heavy fire. (Patriot please copy.)

at bedtime—one or two

BEECHAM'S PILLS

Largest Sale of any Medicine in the World. Sold everywhere. In boxes, 25c.

ISLANDER DEAD.—Mrs. Harold G. Matthews, of Souris, has received a telegram from her brother, Mr. John H. Skerry, notifying her of the death of her father, Mr. Edward Skerry, formerly of this city, who has been west for some time past. No particulars were received. Funeral notice later, on arrival of remains.

One of the P. E. Island boys to win the Military Medal. He is a son of Mr. and Mrs. Lemuel Worthy, of Charlottetown, and won the Military Medal for running the gauntlet in charge of an ammunition wagon drawn by two horses across a shell-swept expanse under a heavy barrage of 8-inch shells. He is now in a Canadian Convalescent Hut in Surrey.

AN ACCIDENT.—A regrettable accident occurred at South Melville on Sunday night last, when a horse, a very spirited animal, driven by two young men from Charlottetown suddenly became unmanageable and commenced to run at a swift pace, upsetting the wagon and throwing both occupants violently to the ground, each sustaining severe injuries. Mr. Peter Small having his left shoulder fractured in two places. He was taken to the nearest house that of Mr. Geo. Dunsford and Dr. Murchison of Bonshaw was immediately summoned. He skillfully set the broken bones leaving his patient resting comfortably. Mr. Small who conducts a tin-smith business on Great George Street will be unable to resume his duties for some time. However his many friends are satisfied that the accident although a very deplorable one, might yet have been worse. The other occupant of the carriage Mr. Lewis Howatt, who was driving was badly cut about the head, but was able to return to the city Monday morning.

OF LOCAL INTEREST.—The work that Canada has done and is doing for her wounded soldiers in the way of hospital treatment and re-education is fully set forth in "Canada's Work for Wounded Soldiers," a five reel serial produced by the Department of Soldiers' Civil Re-Establishment and shortly to be exhibited in theatres throughout Canada. It is little realised by the Canadian public that Canada leads the world in this work, her system having been copied by Australia, and, more recently by the United States. The film shows every phase of the work, from the deck of a hospital ship in a Canadian port to the shop, office, or farm where the returned soldier is working, after having been educated at government expense. Any man whose war wounds prevent him from resuming his pre-war occupation is entitled to such education, and is trained in a suitable trade or

Home comfort in all weathers

A poor furnace well installed might give satisfaction for a time. But a good furnace poorly installed can never be successful, while a good furnace properly installed will give best results from the day it is fired up.

The Sunshine Furnace, installed the McClary way, is guaranteed by McClarys to warm every room in your house—to warm it with the right quality, as well as quantity, of heat, —to make your home healthy, pleasant and enjoyable in all weathers.

And it is to do these things a furnace is for—those are the results which mark the successful furnace. The furnace that fails to do them all the time is only a nuisance.

The Sunshine Furnace is a never failing source of pleasure, satisfaction and home comfort.

Engineering Service Free. McClary's own heating engineers are at your service when you buy a Sunshine Furnace, to give you free expert advice on your home-heating requirements. Write to the nearest McClary Branch and ask for particulars about this service. A booklet, "Comfort in the Home," makes clear all the things you want to know about furnaces, and it is sent free on request.

profession. Some of the most interesting scenes in the film are those illustrating occupational therapy—where men are encouraged to use injured muscles or members by being given some simple and useful work such as carpentry and woodcarving, which are found to be particularly beneficial. Of special interest, not only to the general public, but to medical men are the scenes showing the use of the apparatus at Hart House, Toronto, and other places, for restoring flexibility and power to arms and fingers made impotent by war wounds. The film took eight months to complete, and the camera man travelled from coast to coast to photograph it.

BEER, ZIP, PILSINER AND PORTERINE

SHIPPED TO ANY ADDRESS IN PRINCE EDWARD ISLAND

In response to the innumerable inquires we would say that these Beers can be shipped to any address in P. E. I.

These beverages conform to the regulations of the recent Dominion Order-in-Council and are the strongest alcoholic beverages permitted to be imported into P. E. I. at the present time.
