SINO - JAPANESE TENSION GROWS

Authorities Are Gravely Concerned

Evacuation Of Chapei Area Underway. Death Sentence Protested

(A. P. By Guardian's Special Wire)

SHANGHAI, Oct. 2—Stormy protests of milling crowds of Chinese, incensed over the death sentence given two of their fellow-countrymen for the slaying of a Japanese naval officer, heightened the Sino-Japanese friction to critical proportions today.

Authorities were gravely concerned, fearing a new flare-up of the long smouldering animosity of the two nationalities.

Hundreds of Chinese, in shrill-voiced panic, hastened their evacuation of the densely-populated Chapei district.

In Peiping, the Japanese army was reported to have launched large scale maneuvers throughout the Tientsin-Peiping area. Despite Japanese assurances of peaceful intentions, it was pointed out that similar maneuvers preceded the Japanese seizure of Manchuria in 1931.

The verdict of the Chinese district court, in handing down the death penalty to Yang Wen-Tao, a shipping clerk, and Yih Hatsen, a dancing instructor, for the killing of Hideo Nakayama, Japanese naval warrant officer, last Nov. 10, drew a prolonged uproar from excited crowds of Chinese.

Japanese authorities declined to indicate their future action, now

Quebec Loan Is Over-subscribed

MONTREAL, Oct. 2—(CP)—Quebec's \$51,000,000 "credit restoration" loan, greatest provincial bond flotation in Canadian history, was over-subscribed today in less than 24 hours on the market.

The books were closed by the handling syndicate almost simultaneously with Premier Duplessis' first public declaration of the loan's purpose—to pay off the province's debts and restore Quebec's "damaged" credit.

The Royal Bank of Canada and the Provincial Bank of Canada, which launched the loan yesterday said the subscriptions totalled more than the \$51,000,000.

Five Vessels Wrecked In Storm On Labrador Coast

ST. JOHN'S, Nfld., Oct. 2—(CP) Cable)—Crews of four schooners were safe on shore tonight as their vessels were breaking up on the rugged Labrador coast, victims of a gale that drove them ashore Tuesday and Wednesday.

A fifth schooner was wrecked on the Newfoundland coast, another was towed into St. John's yesterday, badly battered by the 40-mile gale and fears were felt for the safety of a sixth ship, overdue and unreported since Tuesday.

The Danish Schooner Neptune, the Donald Creaser, the Alcala and the auxiliary vessel General Haig were ashore on the isolated La-

brador coast. They were expected to be total wrecks.

Heavy seas drove the Lunenburg-built schooner Carl S. on the rocks near St. John's. The Margaret K. Smith, who once raced the Bluenose for the right to enter international competition against American ships, reached haven at this port, her foresail gone and her hull badly strained by the pounding seas.

The Bluenose herself reported a "terrific battering" as she docked at Halifax after a trip to the banks. The Hiawatha II was last seen in Torbay with bare poles. It was not known whether her sails had been blown away or if the crew had taken them in.

OTTAWA, Oct. 2—All Income Tax Districts in the Dominion reported substantial gains for the first six months of the fiscal year. Hon. J. L. Isley, minister of national revenue, announced today.

Maritime reports showed, Charlottetown, collections \$473,917, increase \$201,715, Saint John \$780,531, increase \$179,505; Halifax \$1,107,981, increase \$152,821.

Customs, excise and income tax receipts for September were up \$4,277,975 compared with September last year. Total revenue was \$26,294,857, made up of customs-excite \$23,194,544, increase \$3,656,687, and income tax \$3,100,313, increase \$621,288.

Customs duties in September amounted to \$6,531,530, increase \$389,083, excise taxes \$12,776,671, increase \$3,338,120; excise duties \$3,823,632, decrease \$89,039; sundry collections \$62,711, increase \$18,583.

For the six months, customs-excite revenue amounted to \$128,478,386, an increase of \$16,778,653, while income tax collections totalled \$79,859,572, a gain of \$15,892,135.

VIENNA, Oct. 2—Leaders of the privately financed Heimwehr army tonight expelled Major Emil Fey, former Vienna commander, and issued a communique forbidding Heimwehrmen to have anything to do with him.

A sharp statement criticized Fey's actions at the time chancellor Engelbert Dollfuss was assassinated June 25, 1934. "His activities have not been explained at the Ballhausplatz (chancellery) when Dollfuss was murdered," the communique said.

Fey's rival for control of the Heimwehr has long been Prince Ernest Von Starhemberg, who like Fey was once vice-chancellor of Austria.

Starhemberg, who called the meeting of Heimwehr leaders which ejected Fey, notified his Vienna subordinates that since Fey "attempted to destroy the unity of the organization," all members would be subject to expulsion if they so much as spoke to him.

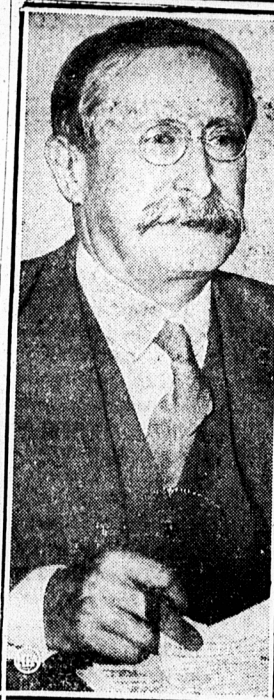

Parlor Car Service To Charlottetown

Regional Pacts Are Upheld By Chamberlain

MARGATE, KENT, Oct. 2—(CP)—Regional pacts within the League of Nations Covenant would materially strengthen prospects for peace, Neville Chamberlain, Chancellor of the Exchequer, said tonight in a "Keynote" speech to the Conservative conference here.

He declared the Government's main purpose and desire was the preservation of peace and considered the Royal Air Force was the most formidable deterrent to war that could be devised.

He added the Government intended to try to negotiate pacts respecting western Europe. Ever since Germany reoccupied the demilitarized Rhineland zone last March in violation of the Locarno Treaty Britain has sought a conference of the Locarno signatories to devise a new security system.

Concerning imperial affairs, Chamberlain said whatever difficulties might have arisen over the interpretation of the Ottawa economic agreements, they provided a new starting point for the exchange of respective viewpoints which had developed a new consciousness of mutual sympathy.

He could not remember any period when the harmony between the Dominion Governments and that of the United Kingdom in all matters of common interest in foreign policy, defence and trade had been so complete as during the four years since the Ottawa conference.

The Chancellor of the Exchequer, who is taking the place of Prime Minister Baldwin at the conference, referred indirectly to reports of Mr. Baldwin's possible retirement. He said the Prime Minister had every expectation that by the time Parliament reassembled at the

Exhaustive Probe Planned

OTTAWA, Oct. 2—(CP)—As the result of numerous debates in Parliament and much controversy outside a full-dress, thorough-going inquiry into Canada's penal system is now under way. The Royal Commissioners conducting it have embarked on a task which will take months to complete.

In the course of it they will visit every Federal penitentiary in Canada, most of the provincial reformatories and many local or county jails and lockups. They will also seek information on modern penitentiary administration by visiting institutions in the United States and, possibly, Great Britain and Europe.

Mr. Justice Joseph Archambault of the Superior Court of Montreal is chairman of the commission and his colleagues are R. W. Craig, K.C. of Winnipeg and J. C. McRuer, K.C., of Toronto.

The chairman and Mr. Craig plan to leave Montreal Monday for Dorchester, N.B., where they will begin their inquiry with an inspection of the federal penitentiary for the Maritime provinces here on Wednesday.

Next they will hold public hearings at various centres in the Maritimes. Mr. McRuer is busy on another inquiry and will join the commission later.

Government To Continue With Re-armament Program Convention Told.

PARIS, Oct. 2 (AP)—Four thousand guardsmen patrolled Paris boulevards tonight as the Government's militant answer to Col. Francois de la Rocque's assertion in a letter "enemies of the people might unleash a civil war in France."

Some 500 Leftists chanting the "Internationale" clashed with 300 of de la Rocque's followers singing the "Marseillaise" in the Trocadero section, but were quickly dispersed by police.

The guardsmen, brought to Paris to reinforce police during the parliamentary debates on devaluation, were ordered into active duty after de la Rocque defied the Government of Socialist Premier Leon Blum to break up his Social party.

The letter was evoked by an order from Roger Salengro Minister of the Interior, for a criminal investigation to determine whether the group was an off-shoot of the disbanded Fascist "Croix de Feu" cross of fire—as the Leftists charge.

De la Rocque ordered his followers in the Social party to hold protest meetings throughout the land tonight or tomorrow against the Government-ordered investigation.

The Government watched with considerable anxiety the movement of the pared franc on its first day in the open international markets, but apparently was content to let it find its own level fluctuating between the limits of 49 and 48 milligrams of gold content.

Officers Are Instructed To Shoot Soldiers Who Disobey

MADRID, Oct. 2—(AP)—Government leaders tonight ordered their officers to kill any of their men who refused to charge the insurgent lines squeezing Madrid.

"Do or die—if need be from your officers' bullets," were the orders as the Government commanded renewed counter attacks on all fronts.

It was, the Government proclaimed, "the gravest hour of Spain's history."

Gas Is Reduced Cent Per Gallon

A one-cent drop in the price of gasoline went into general effect through the Maritime Provinces yesterday.

This reduction brings the retail price in Charlottetown to 29 1-2 cents a gallon for ordinary standard gasoline and 31 1-2 cents for Ethyl.

An "easier" crude oil market coupled with seasonal fluctuations in demand was given as the cause of the drop. A similar drop in the kerosene quotation was reported.
