Gin Pills

FOR THE KIDNEYS

Why They're Sold

Winnipeg, May 19th, 1912.
"In the autumn of 1911, I suffered with a continual pain in the back. As a druggist, I tried various remedies without any apparent results. Having sold GIN PILLS for a number of years, I thought there must be good in them, otherwise the sales would not increase so fast. I gave them a fair trial and the results I find to be good."

What Does Your Food Cost? You could easily spend two dollars for a meal and not get as much real, body-building nutriment as you get in two Shredded Wheat Biscuits, the food that contains all the muscle-making material in the whole wheat grain prepared in a digestible form. Two Shredded Wheat Biscuits with milk or cream will make a complete, perfect meal at a cost of not over five cents. A food for youngsters and grown-ups. Eat it for breakfast with milk or cream; eat it for luncheon with fresh berries or other fruits; a perfect meal for the Spring days.

Made in Canada.

Rev. Dr. Monaghan, who attended the annual banquet at St. Dunstan's on Tuesday evening, returned to his parish in Miscouche yesterday morning.

Mr. James S. Hanson of New York, who is interested in the fox business and spent three months here last winter buying fox pelts, is paying the island a short visit. He reports the fur business has been fair up to a short time ago, but as is to be expected, is quite as present. He expects that in August things will shape themselves for the better again. His present visit is simply to look over the ground, make new acquaintances and no doubt to make new ones.

WHAT PRICE DO YOU PAY FOR TEA?

This is Very Important On Account of Changed Conditions. Conditions in the tea markets of the world have changed considerably since the war. On account of Russia prohibiting the sale of "Vodka" in France, putting the ban on Absinthe, these countries have become larger consumers of tea. In fact, France and other countries have followed the English custom of serving tea to the troops instead of coffee, and this takes an enormous supply of tea. These largely increased demands for tea would be sufficient in themselves to have caused a rise in tea values. But, in addition, ocean freight rates are three times normal and insurance rates are very high, and over eighteen million pounds of tea have been lost on vessels which were sunk by German cruisers and submarines since war began.

The foregoing facts explain why tea is higher in price than before the war. If you are still paying the same price for tea as you were eight months or so ago you are getting a lower grade than the tea you formerly used. For example, if you are paying 40 cents a pound you are getting the quality that sold at 30 cents a year ago. The old 40-cent quality is now selling at 50 cents—in fact, has been selling at this price for months. If anyone has not yet bought their tea lately they will soon find that they have not been getting the same grade or label, consequently it has not tasted so good. The flavor wasn't so full or so rich.

But tea at 50, 60 and 70 cents a pound is not dear. In fact, it is the

cheapest hot drink obtainable when you consider the great number of cups of tea a pound will make. At 50 cents a pound the cost per cup is only 15 of a cent, so small that it is hardly worth considering.

There are more people enjoying tea today than ever before, as what other beverage will give so much real enjoyment at so small a cost. And while tea sells at anywhere near its present moderate prices there is no reason for not enjoying our due share of this delightful beverage.

BASE BALL

The baseball loving public of Charlottetown will no doubt be delighted to know that another game of baseball between the Locals and No. 5 Siege Battery, will be played this afternoon at 3.30 p. m. at Victoria Park. Each team has one game to its credit and will present its strongest "line-up" in an effort to gain the lead in the series. The Locals will be strengthened by the addition of a couple of new infielders, while the Battery has lately taken on several recruits whose ball playing ability is well known to the fans. Don't forget the place and date, Victoria Park, Thursday, June 1st at 3.30 p. m. Come out and cheer for your favorites.

Worried and Sleepless

NERVES ARE RACKED. VITALITY IS LOWERED. BRAIN IS CONGESTED. HEALTH UNDERMINED.

Opiates, Sedatives, Narcotics, Worse Than Useless. Ferrozone No Permanent Good.

Worry, overwork, over-study and indigestion cause Insomnia. Healthy, natural sleep can't be produced by drugs.

First, the blood circulation must be improved. Congestion of blood in the head must be removed.

Irritation in the brain must be relieved because Ferrozone equalizes circulation, because it soothes the irritation, because it removes congestion that it does not cure insomnia.

For building blood and nerve, for instilling force and life into over-worked organs, for establishing strength and vitality, where can you find anything so sure as Ferrozone.

Remember, sleep is just as important as food.

You must sleep, or break down. Take it for a month, take it for a year—no harm, but immeasurable good will result.

To sleep well, look well, feel well, to be free from depression, nervousness or blues—use Ferrozone. It's a food tonic, a healer to the weak and wretched, a boon to the sleepless—sold everywhere in 50c boxes.

An Easy Way to Increase Weight

Good Advice for Thin Folks

The trouble with most thin folks who wish to gain weight is that they insist on drugging their stomach or stuffing it with greasy foods; rubbing on useless "flesh creams"; or following some foolish, unproven, and costly diet. The real cause of thinness goes untouched. You cannot get fat until your digestive tract assimilates the food you eat. There is a preparation known to reliable druggists almost everywhere which seemingly embodies the missing elements needed by the digestive organs to help them convert food into rich, fat-laden blood. This modern treatment is called Sargol and has been termed the greatest of flesh builders. Sargol aims through regenerative, re-constructive powers to coax the stomach and intestines to literally soak up the fat-laden elements of your food and pass them into the blood, where they are carried to the starved, broken-down cells and tissues of your body. You can readily picture what result this amazing transformation should produce as your increased weight, the cheeks fill out, hollows about neck, shoulders and bust disappear and from 10 to 20 pounds of solid, healthy flesh is added to the body. Sargol is absolutely harmless, inexpensive, efficient. All leading druggists or health stores will sell it, and will refund your money if you are not satisfied, as per the guarantee found in every package.

NOTE: Sargol is recommended only as a flesh builder and while excellent results in case of nervous indigestion, etc., have been reported, care should be taken about using it unless a gain of weight is desired.
