DR. Fred Bayfield, for some time one of the staff of the General Public Hospital, was in the city on Saturday on his way to New York. Since leaving St. John two years ago, Dr. Bayfield has seen much of the world. He was for a time on one of the Elder Dempster steamers running from Liverpool to ports on the West Coast of Africa. Then he went to Edinburg, where he took a post graduate course. Since that time he has held the position of ship's physician on the Cunard liner Slavonia, from New York to the Mediterranean. Owing to the fact the Slavonia was detained in New York a few days longer than usual Dr. Bayfield was able to pay a brief visit to his home in Charlottetown.

THE late Mrs. Wm. Scott Clyde River, whose death was announced some days ago was a consistent member for forty years of the Clyde River Baptist Church. There are left to mourn besides a sorrowing husband, three daughters Mrs. R. A. McPhail, New Haven, Miss Cassie in Dorchester and Miss Jennie at home. There are also two brothers and one sister, John McLean, Dartmouth, N. S., Hugh McLean Canoe Cove and Miss Isabelle McLean, New Dominion. The funeral which took on Aug. 24th was very largely attended. The services were conducted by Rev. G. F. Dawson and the pallbearers were Hugh McMillan, Robert Boyle, Geo. Wilson, Arch McNeill, Mackieson Dickieson and John Gillespie. The musical service at the house was led by Alex. McPhee, Long Creek. There were many beautiful floral tributes including wreaths from Mr. and Mrs. McMillan, Mr. and Mrs. Boyle, Mr and Mrs. Heartz, John and Mrs. Scott, Mr. and Mrs. Dickieson, Jas. and Mrs. Beer, Miss Fraser, Miss Jessie Murray, Mrs. Geo. Livingston. To the bereaved husband the sympathy of many friends will go out for it is only a short time since a beloved son had passed away in the bloom of his youth.

ABOUT those leaving the city yesterday were Robert S. Coffin, to Princeton University; Miss Hazel Davison, daughter of Major Davison to Mt. Allison; Miss Louise Lawson, daughter of John A. Lawson to Bedeque; Minnie DeBlois, on a visit to Windsor; Louis McNutt, on return to Halifax where he has a position with the Dominion Packing Co; Miss Nellie Jenkins, daughter of W. W. Jenkins Georgetown to Edgehill School, H. A. Ellis to O'Leary; A. G. Peake to Summerside; Mrs. Norman McLeod on a visit to Quincey and Boston; Misses Margaret Furness and Kate Huntley, Vernon River Bridge to Boston; Miss May Cotton to Edgehill; B. D. and Mrs. Rogers on a visit to Bedeque.

EASTERN NOTES.—Harvesting is in all stages, some beginning, some done. We are face to face with an alarming shortage in quantity and inferiority in quality. Oats and wheat are both rusted, the latter valueless unless a few fields of white Russian. Fishermen are still catching a few Mackerel off West River and South Lake, and on the North Shore when weather permits, but nothing like the catches of other years. Plenty hake off Bald Head at present and dog fish gone, but they are liable to return with a rush at any time. This dog fish problem is getting a serious one for our fishermen, and has to be grappled with energetically by the Dominion Government. Some concerted action by themselves and the United States Government is required to deal with their increasing numbers in some effectual and thorough manner.—Our summer visitors are beginning to return to the South, those of our natives who are domiciled there, permanently or transiently and those who are on a visit to our pure air, invigorating climate and unrivalled rural scenery.—Misses Amy Bruce, Minnie McLean and Eunice McVane are among the latest exodians.—When our Eastern railroad is completed we expect a large increase in our summer visitors. Our advantages and accommodations for this class from the heated cities of the South, are becoming more widely known and when they can be carried by rail straight into the country, they will come in more increasing numbers.—The schooner Citizen ashore at Black Point has not yet been floated, Fred Stewart is working at her but help is scarce at present.

HUMAN BODY HAS ITS EQUINOXIAL STORMS

In its March from the Cradle to the Grave the Body Has its Periods of Change Which are Associated With Alarming Disturbances.

There are two great periods in men's lives. About forty-five every man realizes that some new condition has arisen, and if this time is happily passed, about sixty the health barometer takes another dip and storms of great import cloud the horizon of life.

These storms must be met, and wise people will fortify the resisting power of the body by Ferrozone, which builds up bodily strength, renews the blood, strengthens the heart and vital organs. New tissues are formed by Ferrozone, which enables the body to resist disease and prevent the organic changes so likely to supervene at this critical time.

No matter what the age or sex of the individual, as a nerve builder, a brain strengthener and general body invigorator, Ferrozone is the best medicine. It pushes back the feeling and appearance of old age, and puts the elasticity and vim of youth into systems that ordinary remedies fail to rebuild. This is not mere theory, but a claim that is reinforced by overwhelming evidence of the honest merit of Ferrozone.

Unlike oily emulsions, and alcoholic bitters which are no longer prescribed by intelligent physicians Ferrozone contains the latest and best strengthen ngelements in tablet form. It quality therefore is uniform, its dose is small, just one tablet at meal time. You can't fail to be greatly benefited by Ferrozone, which is sold at druggists, price 50c per box or six boxes for $2.50. Insist on having only Ferrozone. Refuse all substitutes. By mail from N. C. Polson, Kingston, Ont., and Hartford, Conn., U. S. A.
