the Federal and Provincial Governments be requested to make whatever legislative revisions that may be necessary to effect the following:

(a) The enactment by all Provincial Governments of statutes importing into every municipal debt contract, the right to retire the debentures upon not more than three months notice, and the right to refund the debentures so retired, considering at all times the relative rates of interest carried by the issues concerned, provided, however, that in any such debt refunding scheme, no individual municipality be called upon to meet or to pay the debt or any portion thereof, of any other municipality.

(c) It is also resolved that to secure for such refunding issues minimum rates of interest, it is necessary to have the guarantees of the National and Provincial Governments, which guarantees should make money available at a rate of 3 per cent annum.

(e) It is also resolved that the said National and Provincial Advisory Loan Councils should restore to good standing upon such terms as to them may seem advisable, the municipal debenture debts now in default.

Resolution No. 2

(a) Be it resolved that there should be a constitutional revision of all the rights, duties, and responsibilities of national, provincial and municipal Governments in financing at a minimum of expense to the taxpayers all essential non-self-liquidating public projects and social services.

(d) The Committee looks with favour upon the recent action of the federal government in removing the tax on gold and feeling that such commodity should be free from taxation recommodities have been urged to encourage by providing adequate powers.

(b) Be it also resolved that the Parliament of Canada be urged to lend to the Bank of Canada the power to and the responsibility of assisting wherever necessary national, provincial and municipal Governments in financing at a minimum of expense to the taxpayers all essential non-self-liquidating public projects and social services.

U.S. RAILROADS WILL INCREASE FREIGHT RATES

Interstate Commerce Commission Agrees to The Resumption of Emergency Charges.

(A. P. By Guardian's Special Wire)
WASHINGTON, Mar. 31.—Terminating general freight rate advances "an inadequate and dangerous method" of meeting modern railroad problems, the Interstate Commerce Commission has turned again to the make-shift method of emergency charges to help tide United States rail carriers over the next 15 months.

In a decision yesterday the commission denied permission to make permanent general increases designed to raise \$170,000,000 a year of needed revenue. What it did authorize was a resumption of the emergency charge method of rate increase in effect from Jan. 4, 1932 until Sept. 30, 1933.

SEEK WAGE REDUCTION

(A. P. By Guardian's Special Wire)
OHIO, March 31.—The railroad will serve notice soon after May 1 that they will seek a reduction in the 1932 wage levels which become effective again tomorrow. Under the agreement negotiated a year ago in Washington by which the rail employees of the United States will receive an increase in pay estimated at from \$80,000,000 to \$130,000,000 annually, no notice can be given by either side of any intended change before May 1.

(c) Assessments of land and improvements have decreased; (d) Tax arrears have steadily increased; (e) Much property is reverting and liable to revert to municipalities on account of non-payment of taxes; (f) New social services have been imposed on many municipalities.

(g) On account of decreased revenues, many municipalities have been unable to maintain at proper standards the necessary services in respect of streets, sewers, sidewalks, water distribution, parks, boulevards, school buildings, public works, improvements, repairs and other essential requirements of municipalities.

10. AND WHEREAS the situation might easily become a source of disorder or worse in the larger centres.

11. AND WHEREAS the Peace, Order and Good Government of Canada is imperilled by reason of the conditions which exist as aforesaid.

NOW THEREFORE BE IT RESOLVED by this Conference of Mayors representing all parts of the Dominion of Canada and directly representing approximately five millions of its population and more than seventy-five per cent of the taxes paid;

That from and after the first day of April 1, 1935 the Dominion Government take over and assume the entire cost of unemployment relief in the Dominion of Canada.

An appointment was made with the Federal Government and accordingly the Conference proceeded to Ottawa where on Wednesday evening they met the members of the House, and the following morning the members of the Cabinet. The presentations of these resolutions made a considerable impression on the members of the House and particularly on the members of the Cabinet, who promised the Conference of Mayors that they would give favorable consideration to the matters submitted in the resolutions.

Modern Russian And French Music Featured

Two interesting papers on modern Russian and modern French music were read at the meeting of the Women's Music Club on Saturday, March 30th. Several vocal and piano solos of Russian and French composers completed a carefully planned and most enjoyable program.

In her paper, "Music Under the Soviets," Miss Berna Huestis pointed out that to understand art in any period one should know and understand the life of that period and the influence which the various arts have on one another.

In 1835 Rimsky-Korsakoff, brilliant nationalist composer, produced his first great symphony, which was radiant and sunny, characterized by old church modes and Oriental scales.

Since then there has been a surprising growth in Soviet Russia, of symphonic orchestras in workers' clubs, conductorless orchestras, choral ensembles, and, since 1928, a great deal of attention paid to native talent.

Mrs. Nash sang two of Tchaikovsky's "No Word From Thee," and "None But the Lonely Heart," "The Song of the Shepherd Lili," which is the gem of the opera "Sneгурotchka," by Rimsky-Korsakoff, and "In the Silence of the Night," a very beautiful song by Rachmaninoff.

Mrs. Full played "Melodie" and "Polichinelle" by Rachmaninoff. The latter number, described by the soloist herself as a clownish sort of piece, was played in a masterly manner and appealed greatly to the audience.

In the nineteenth century there had been in France a preponderance of foreign music and musicians. But after the Franco-Prussian War a great deal of national music was produced by the French. The Societe Nationale de Musique Francaise was formed and modern French music owes a great deal to the Societe.

Of the moderns, Debussy, who is rapidly becoming a classic, is the true exponent of Impressionism and Symbolism. Maurice Ravel, too, is important but widely different from Debussy, the depicter of "shadows and rainbow reflections." Ravel's music is infused with irony, humour and classic precision.

Two of Debussy's piano compositions, "Reflections on the Water" and "The Submerged Cathedral," were splendidly interpreted by Miss Nan Shaw and Mrs. Raymond sang the following group of French songs as only she can sing them: "The Bells," by Debussy; "Grande Song" by Rene-Baton; "I Cry While Dreaming," by Georges Hue; "Exquisite Hour," by Reynaldo Hahn; "Le Calibri," by Ernest Chausson; "Three Days of the Vintage Season," by Reynaldo Hahn.

Mrs. Full accompanied Mrs. Nash and Mrs. Rogers accompanied Mrs. Raymond.

At the next meeting of the club on April 20th the subject will be "Wagner."

"SAYING IT" Makes Special Flight To Magdalens

Once a year the members of the Telegraph Floral Service hold a flower show in connection with the national flower exhibitions in different parts of the United States and Canada, and this year the exhibition was held at Omaha, Nebraska, and the Mayor of that city through the local representative of the Association here, Mr. James Tait, has sent to His Worship Mayor Kennedy and to the Editor of the Guardian a message accompanied by a beautiful basket of flowers. The message reads as follows:

Upon this occasion, the opening in our city of the sixteenth annual National Flower Show, it is with pleasure that I extend the good will of the people of Omaha to the people of Charlottetown by saying "Saying It" by telegraph. This flower show is a worthy organization of bonded members of the Florists' Telegraph Delivery Association.

Ray N. Towl, Mayor of Omaha, Nebraska, Saturday, March 30, 1935. Needless to say, His Worship and ourselves greet you with a message and gift, and can heartily recommend the policy of "saying it" with flowers when anyone desires to send felicitations to another.

AUTO REPORT CHEERS MARKET

(By Frank MacMillan, Associated Press Financial Writer)
NEW YORK, March 31.—The final trading session of the proverbially gusty money went off like a lamb as securities moved up slightly in trading on the New York Stock Exchange Saturday.

Cram's report on automobile production for the week threw a ray of cheer across Wall Street's business horizon. Cram's report at 103,286 units against 100,065 last week and 79,913 in the like week a year ago.

Following Friday's unchanged general trend, the market opened up 1 to 3/8 in terms of the Associated Press average of 60 stocks. Although activity ran to 247,240 shares compared with 209,450 shares last Saturday, the hourly pace of trading was a little faster than on Friday.

Prominent industrial issues which took on fractions included: Woolworth, American Tobacco "B", Montgomery Ward. Small losses were suffered by Westinghouse, Allied Chemical, American Can, International Harvester, National Biscuit, and Union Carbide.

Minor changes only were recorded in the Canadian list, Canadian Pacific, Noranda, Distillers-Sear, and Hiram Walker were fractionally higher. Dome Mines and Hollinger led slightly.

A stronger tone in foreign obligations provided a high spot for the bond market. The domestic issues had a number of soft spots. Retail trade offered some encouragement although it was spotty.

HOCKEY

BEAVERS 6; ROYALS 4.

The East Royals Royals defeated the St. Avard's Beavers at the arena in St. John's Saturday evening, March 23, by a score of 6-4. The game started away slowly owing to slow ice and both teams having no spare players, but after the first goal was scored for the Royals by W. Wheatley on a pass in front of the net from L. Wheatley, the game became faster. Soon after W. Robertson made the score read 2-0 by a solo rush from centre ice.

During the last period of the game the Beavers played four men forward, but this proved disastrous for them, because W. Wheatley broke through twice and shifted the reading of the score to 4-0. Owing to the capable refereeing by D. Gillis, the game was kept under control and few penalties were handed out. The outstanding players for the Beavers were McAleer and Gregory, and for the Royals, Holmes and Wheatley.

LINEUPS

Beavers: Goal, McAleer; Defence, MacIntyre, Gregory; Forwards, Doyle, Gallant, Doyle.
Royals: Goal, Holmes; Defence, Love, MacWilliams; Forwards, Wheatley, Robertson, Wheatley.

BEAVERCATS 2; ROYALS 4.

On Monday evening, March 25 the East Royals Royals defeated the West Royals Beavers, who hold the W. A. Stewart Trophy by a score of 4-2 and which leaves the Royals as yet undefeated by the Beavers since the league started. The game started away rapidly with the Beavers pressing the play forward around the Royals net; which resulted by a score from S. Hurry. But immediately after the faceoff W. Robertson, an ace of the Royal line, scored when he took the puck off a gullible Bearcat player in front of the net. And again before the toll of the bell, M. Robertson scored for the Royals by a sensational piece of stick-handling from centre ice.

He estimated the Reich's air force at 60,000 men with another 60,000 in training and said there was talk of plans to increase the number of planes in Germany to 16,000.

The vice-commissioner charged Hitler was "talking France to sleep" with anti-Soviet war talk in the hope France would not realize her own peril and Germany's increasing armaments.

His declarations were supported in an authorized editorial in the weekly Journal De Moscou, which said German leaders realized "the exceptional risk to which Germany would subject herself by invasion of the tremendous territories of the U. S. S. R. a country possessing limited opportunities for improving and increasing these armaments."

SIGHT STRANGE SEA MONSTER

(A. P. By Guardian's Special Wire)
SAN PEDRO, Calif., March 31.—A strange three-headed monster—said a 10-minute visit to the harbor here Saturday.

The creature's antics were described by Capt. L. B. Williams of Fire Boat No. Two, who said he saw the so-called sea-serpent and called members of his crew to watch it.

The monster undulated down the harbor channel and out to sea, Williams said the three heads of the animal rose and fell in perfect coordination. He said about 15 feet of the animal's body was visible, as were two large pectoral fins.

for the Royals. But this only incited the Beavers onward, and when a player of the Royals was serving a penalty, MacKinnon scored for the Beavers, making the count read 3-2 at the end of the period.

At the starting of the third period the Beavers played five man forward with hope of recovery, but this produced no results owing to the strong defence and the brilliant netminding of Holmes. And again for the Royals M. Robertson made the puck sag the twine on a hard shot from left wing, and thus changed the score to 4-2.

During the game the Beavers played eleven men, while the Royals played eight. The game was refereed to the satisfaction of all by Joe Kenelov, and the outstanding players for the Beavers were S. Hurry and A. MacKinnon, and for the Royals Holmes and Robertson brothers.

WILL DEMAND DOMINION-PROVINCIAL FAIR-PLAY

VICTORIA, Mar. 31.—"The Dominion Government is infringing upon provincial jurisdiction and we are going to insist that there shall be a conference of the provinces with the Dominion," Premier T. D. Pattullo of British Columbia said in a public address here.

RELIGIOUS SERVICES

THE BAPTIST CHURCH
Owen McGrath. The subject of the morning sermon by Dr. A. C. Vincent, Mark 2:17 "They that are whole have no need of the physician, but they that are sick; I came not to call the righteous but sinners to repentance." The words were uttered at a dinner party that is unique in history. Levi, the publican had heard the challenge "follow me" and had taken Christ for his leader and Lord. At the house of Levi the enemies of Jesus saw him feast with publicans and sinners." At the house of Levi Jesus set forth his programme of service, to heal to redeem. Here was expressed the Master's sense of the value of a human soul, here was announced the physician of souls. It is the responsibility of the Church of God, recognizing soul value, soul need, soul sickness, to bring the sick to the Physician Who can heal their backs on God.

Miss Pearl Burns, contralto, was heard in a very expressive solo. To a large evening congregation Dr. Vincent preached an earnest sermon based on the healing of the demoniac boy "Bring your boy to Jesus." It was intimated that the evangelistic services instituted last week and received with so great attendance and interest, would continue through the present week.

Another day of specially large attendance marked the steady advance of the Sunday School.

SACRED SONG SERVICE

The Sunday evening meeting for young people sponsored by the Y. M. C. A. with the co-operation of the P. W. C. S. C. M., was conducted in St. Peter's Cathedral last evening.

Rev. Canon E. M. Malone presided and after leading in the prayers and Scripture Lesson delivered an interesting address on the life and beliefs of Dr. Samuel Johnson, a great literary figure of the eighteenth century.

The announcement was made that the Sacred Song Service will be held in the Hearts Memorial Hall on next Sunday at the usual hour, 8.30 p. m.

The singing was led by the Associated Choir under the direction of Mrs. Frances Holl Trainor, and the organist of St. Peter's Church, Mr. Sydney Fielding, remained and played for the service.

Following the closing hymn the service ended with prayer, the Benediction by the incumbent of St. Peter's Parish, Rev. Canon E. M. Malone.

TRINITY UNITED CHURCH

The General Council of our Church have decided to approach all Protestant communities in the hope of achieving "a greater measure of co-operation in Home Mission areas." The purpose is to conserve resources and halt overlapping.

The United Church of Canada is a missionary church in spirit and in service. Our missionaries today are preaching the gospel regularly in no less than 35 languages, 26 in Canada and 10 in local fields overseas. Our local M. and M. Committee have already taken steps to reach our full allocation this year and they should receive the fullest co-operation of every member.

The Lenten season is observed by an increasing number of people every year. After the reformation there was a tendency to shun the observance of special seasons, but of late there is a relaxing of this tendency. The Lenten season is a time of refreshing, because men turn their thoughts towards the Saviour and it is the desire of our Ministers that the mid-week service of praise and prayer shall be attended in large numbers during this period.

General sympathy will be expressed at the sudden passing of Rev. Father McGrath who came here from New York as the special guest speaker to our Roman Catholic friends during this Lenten season. As we listened to him over the radio we were impressed by his earnestness and his ability. We recall his discourse on the parable of the Prodigal Son, and as he pictured the wayward son wasting his substance in riotous living down and out the words of our hymn came to mind "Depth of mercy can there be, mercy still reserved for me?" Father McGrath gave the answer in the love of the Father.

Rev. Mr. Barbour was the preacher at the morning service, taking as his text 2 Cor. 5:17. If any man be in Christ he is a new creature, old things are passed away, behold all things are become new." The church life. At night Rev. Hurry Miller delivered another of his special Lenten sermons, the scripture lesson was Luke 23 verses 13 to 27 and the text was verse 24 "And Pilate gave sentence, that it should be as they required." A meditation on "what crucified the Christ." Hate, moral cowardice and spiritual indifference or callousness. There was a large attendance. The choir sang as an Anthem "O Saviour of the world" and the male double quartet rendered "Where He leads me I will follow." At the morning service Mrs. Roy Cudmore sang very acceptably "My Redeemer and My Lord." The musical program was as usual directed by Professor Kendall.

ST. DUNSTON'S BASILICA

The fourth in the series of Lenten sermons was preached by Rev. Arthur R. Kelly, C.S.R. in St. Dunstan's Basilica last evening before a very large congregation.

The Benediction of the Most Blessed Sacrament was given by Rev. Eugene Murray.

HOLY REDEEMER CHURCH
The speaker at all the Masses in the morning was Rev. C. O'Hara, C. S. R., who continued the Sunday morning sermons on "Catholic Action."

High Mass was celebrated at 10.30 by Rev. R. McKenna, C.S.R. In the evening a powerful and eloquent sermon was preached by Rev. Robert McKenna, C.S.R., who revealed to his hearers the part played by Pilate in the Passion and death of Our Saviour. He pointed out that down through the ages from the time of Pilate to the present day, Pilate has had his followers, people who through fear of losing their human respect, would turn their backs on God.

Benediction of the Most Blessed Sacrament was given by Rev. H. I. Fleming, C.S.R. The mixed choir rendered the singing.

CENTRAL CHRISTIAN CHURCH

The subject of the morning sermon was "God's Ownership," based on Psalms 24:1. "The earth is the Lord's and the fullness thereof, the world and they that dwell there. For He hath founded it upon the seas and established it upon the floods." In developing this theme, the speaker pointed out the fact that that personality is necessary to ownership. If, as the pagan theory points out, God imparts, then God cannot own anything. Christianity tells us of a God who is personal in His relationship, therefore for the Christian, "the earth is the Lord's and the fullness thereof; the world and they that dwell therein," consequently the doctrine of Christian Stewardship is inescapable.

During the service, the Male Quartet gave sympathetic interpretation to the selection, "Morning Noon and Evening."

The subject of the evening sermon was "The Kingdom of Grace," and was based on the parable of "The Laborers and the Vineyard." The Laborers and the Vineyard, "The Terms of Agreement," emphasizing on the one hand, the justice of God as based on law, and on the other hand the mercy and beneficence of God as it is based on faith and trust, and "The Method of Settlement," which does not regard the time element in Christian Service, but rather takes into consideration the whole of man's existence with which one performs his service for God.

The music included the anthem "Render Your Hearts," sang by the choir.

ST. PAUL'S CHURCH

Reverend Mr. Raymond in addressing the younger members of the congregation on Sunday morning explained that the month of March was named after Mars, the fabulous god of war. The Rector went on to explain that we must all carry on a war—a war against sin and the devil.

In discussing "The Beginnings of Christian History" at the text of his sermon, the Rector referred to the Acts of the Apostles written by St. Luke and St. Luke's Gospel, Chap. 1, verse 1, as an introduction to the writer.

The first Christian Church was a Commonwealth, but not such as we understand the term to-day; it was a community of necessity established for the protection of the persecuted and oppressed and for care and provision for the poor. This early church was bound together by love—love for Christ, increased persecution of this early Church had other than the persecutors' desired effect, it strengthened it and caused it to grow in spirit and in number.

There are certain features about the beginning of the early Church which we should bear in mind. 1. The early Church was built on Christ and Him crucified; 2. The Christian Church was built on the outpouring of the Holy Spirit; 3. The Spirit within the Church was a Spirit of Love and Service—Love for Christ and what He taught and willingness to be of service in the interests of Christianity.

With these characteristics outstanding the Christian Church has stood the test of time and continues to grow. The outlook of the church, Mr. Raymond went on to explain, must be as broad or wide as the bounds of the earth.

During the offertory Mrs. F. M. Nash sang very acceptably.
