TIDE HAS TURNED IN ALLIES FAVOR

LONDON, July 31 —General Smuts, of South Africa, in a speech here in referring to the general military situation said it was most interesting and most hopeful. "We must not cherish extravagant anticipations, he said, but there is sufficient ground after the happenings of the past two months for cheerfulness and gratitude. (Applause.)

When they thought of the anxieties of March, April and May what an enormous and most providential change had come about. The great German offensive of the Somme, Lys and the Aisne had ended in a tremendous collapse. (Cheers.)

"We hope and trust that this time the tide has been turned finally and conclusively." (Cheers.)

"What our valor achieved in this war, I hope our statesmanship will retain after peace," said the general, who added that the boundaries of South Africa were not going to remain where they are. This was his country's strongest wish in the interests of the Empire and the whole of South Africa and German southwest Africa remains part of our territory." (Loud Cheers.)

He said he looked forward to the day which he hoped was not distant when Rohodesia would also come within the union.

"Then our territories would stretch to the Zambesia and Cunene rivers in that great territory and a great heritage will be established for future generations," concluded General Smuts.

"Live in a Worry

invites death in a hurry." Worry wastes nerve force at a tremendous rate. The more exhausted the greater the tendency to worry.

Then how is one to get out of this vicious circle? By building up the nervous system with the aid of Dr. Chase's Nerve Food.

As the nerves are strengthened you forget to worry and find yourself resting and sleeping naturally.
