Legislature

FRIDAY

February 18.

The House opened at 5.25. MR. MATHIESON called attention to the delay in opening the House from day to day. He inquired as to the issue of debentures.

PREMIER HASZARD said offers had been received and the best offer accepted. They asked for tenders for four hundred thousand dollars at 4 per cent. These were offered to persons having deposits with the government. Tenders received from various persons ranging from ninety seven dollars and seven cents to ninety eight dollars and fifty cents. The best offer was from the Ontario Securities Company. Later a conditional offer was received something higher, but the offer of the Ontario Securities Company was accepted for three hundred and fifty thousand dollars. No brokerage was paid.

In reply to various questions put on the order paper by Messrs Mathieson, McLean, McKinnon, A. J. McDonald, Wyatt, Bohie, McNeill and others formal answers were tabled by the Premier, Hon. Mr. Cummiskey and Hon. Mr. Richards.

PREMIER HASZARD referred to the invitation extended by the Fish and Game Association to attend the lecture in Prince of Wales College, and thought if the House desired it might adjourn to permit the members to attend.

MR. MATHIESON hardly thought the occasion sufficient to call for an adjournment. The House had important business to attend to. He also called attention to the duty of revising the rules. There were now practically no rules. He suggested the ad-

option of the rules of the Canadian House of Commons in all unprovided cases.

HON. MR. CUMMISKEY said he would be glad to call the committee at any suitable time.

PREMIER HASZARD had not fully considered the matter. The old rules were in force and would serve very well till necessary changes could be made.

At six o'clock the House adjourned till ten o'clock tomorrow morning.

KITCHEN DANGERS

WHY EVERY HOME NEEDS ZAM-BUK.

Burns, scalds, cuts, abrasions and scratches, are every-day occurrences in the kitchen, and a box of Zam-Buk kept handy & used immediately such injury is sustained will be found to save hours of suffering. For severe burns and scalds this balm is wonderfully effective.

Mrs. Davis, of Earlsden Street, Coventry, says: "I was cooking one day when my clothes caught fire and I was badly burned about the legs. Zam-Buk relieved the agony, and although the burns were very deep, in a few days it healed them nicely."

Miss Martha Green, of Claremont Street, Toronto, in taking a pan of boiling fat from the oven split it over her right hand. "The boiling fat ran into the palm of my hand," she says, "and over all my fingers. You may well imagine the agony I suffered in consequence. I was almost wild with the pain. The hand became swollen, and large blisters formed all over the palm and along the fingers. For over a month I was unable to use the hand at all. I tried several kinds of salves and ointments, but the wound seemed apparently no better.

"About this time I was advised to try Zam-Buk. I stopped using all other preparations, and applied Zam-Buk instead. The very first application soothed my hand and seemed to draw out the fire and inflammation; and as I kept on using Zam-Buk, the blisters gradually dried up and disappeared. In a very short time the scald was healed completely."

Mrs. R. Brown, of Calumet Avenue, Montreal, says: "While busy in the kitchen one day my oven door fell off inflicting a nasty scratch on my leg. I didn't think much of it, once the first sharp pain had gone; but the dye in my stocking got into the wound and set up blood-poisoning. I had a bad leg for weeks and I believe that had it not been for Zam-Buk it would have been bad yet. As soon as, acting upon the advice of a friend I put on Zam-Buk, I got relief, and the inflammation began to subside. In a few weeks the wound was healed. In my opinion Zam-Buk should be in every home."

The above are but a few instances of the varied uses to which Zam-Buk can be so advantageously applied. It is equally effective for cuts, bruises, abrasions, sprains and stiffness. It also cures eczema, ulcers, sores, blood-poisoning, ringworm, scalds, scurvy, cholic wounds, snake-bites, pimples, chafed places, chapped hands, cold sores and all skin diseases and injuries. Rubbed well on the chest in cases of cold, it relieves the aching and tightness, and applied as an embrocation cures rheumatism, sciatica, neuralgia, etc. All druggists and stores sell Zam-Buk at 25 cents a box or from Zam-Buk Co., Toronto, upon receipt of price. Three boxes for \$1.25.
