

# FLY-TOX

DEVELOPED AT MELLON INSTITUTE OF INDUSTRIAL RESEARCH BY RESEARCH FELLOWSHIP

Let science help you keep your home free from flies, mosquitoes, moths and other insects. A vast army of insects is bred in FLY-TOX laboratories to be released in the FLY-TOX "Chamber of Death" to test and certify the positive killing qualities of FLY-TOX before it is sold to you. FLY-TOX is harmless to people, will not stain, and has a new purifying, perfume-like fragrance.

Every bottle guaranteed

Made by Canada Ram Spray, Ltd., London, Ont.

T. Holman. The wave length is 288 meters and radio fans should tune in at 8 o'clock.

**L. M. MONTGOMERY'S PILGRIMAGES** — More tourists have visited the scenes of L. M. Montgomery's novels this year than ever before and the prospects are that there will be an ever increasing number of visitors. The Guardian's attention has been drawn to the lack of guide posts to the scenes, and it might be well if the Tourists' Association were to arrange to have signs erected showing the way to "Green Gables." The "Shining Waters", etc. "This should be much appreciated. That precaution should be taken to see that these signs are not pulled down or destroyed by people who do not appreciate the value of literary associations as a commercial asset. The Guardian is informed that the sign posts recently erected in connection with the restaurants here have been torn down. The Attorney-General should see that an example is made of such persons.

**GRIFFITH—WINFIELD**—The marriage of Gwendoline Overton, daughter of Mr. and Mrs. Arthur Winfield, to Mr. Percy Evan Griffith, only son of Mrs. Griffith and the late Mr. Charles Griffith, was solemnized at Rosemount First United Church, on Saturday afternoon, at quarter to six o'clock, the Rev. Fred Williams officiating. The church was prettily decorated with palms, and peony roses, and the guest pews marked with bows of white tulle. The bride, who was given in marriage by her father, wore a gown of ivory crepe, short at the front and touching her slipper heels at the back; her slippers being also of ivory crepe. Her veil, worn by her sister on her wedding day, was of Brussels net made in cap effect with bandeau of lace caught at either side with clusters of orange blossoms. She carried a bouquet of Ophelia roses and lilies-of-the-valley. Mrs. W. W. Brown, who attended her sister as matron of honor, wore a gown of rose pink taffeta, short in front and falling in longer lines at the back with pink crepe shoes to match. Her hat of bako of the same shade, was trimmed with pale Larkspur blue ribbon falling in streamers over her shoulder. She carried pale blue Larkspur and Columbia roses. The bridegroom was attended by Mr. Douglas Clyde, as best man. The ushers were Mr. W. W. Brown and Mr. Thomas Haywood. After the reception Mr. and Mrs. Griffith left for Prince Ed-

## Backache! Bladder Trouble! Sleepless Nights!

Amount on Hand \$836.45

The Ladies of the Imperial Order of the Daughters of the Empire have undertaken the drive in Summerside, and it is believed their efforts have met with good success though no reports have yet been received.

In Charlottetown a house to house canvass has been made by a committee of ladies and the sum of \$645.95 realized. The men's committee

confining their efforts chiefly to the business houses turned in \$484.50, a total for the city to date of \$1130.45.

Another kind of Spare There is one handy variety of spare that many motorists never think about. It is a grease nipple

that can be used as a substitute for the one that refuses to permit the passage of lubricant regardless of what the car owner does to relieve the situation. Sooner or later, every car owner meets a nipple of this variety and one of the best ways out of the dilemma, as well as easiest, is to install a new one.

Paint with NEW PROCESS PAINT this year. Next year will prove the wisdom of your choice.

# BEAUTY—that Lasts

NOT merely for a month or two... until the newness has worn off... or the sun and rain have taken away its beauty... but for years your home will look smart and fresh when it's painted with NEW PROCESS PAINT.

Long after other homes have become dingy with smoke and grime yours will retain its beauty. When other homes are costing money for repairs, NEW PROCESS PAINT will still be keeping rot and rust at bay.

NEW PROCESS PAINT is not an ordinary paint... It is something different... better. It covers the surface with a tough, elastic coat that rain or snow cannot penetrate, or sun fade.

Beauty is a lasting quality if you paint with NEW PROCESS PAINT.

## THE GREEN SHADOW

Continued from page 2  
GREEN LIGHTS AGAIN

"You're sure she will come back?" "I feel it—I feel it in here," Mr. Ferrymen touched his heart. "Some day she'll come back repentant, and then we shall begin life at No. 262 all over again. Every night I sit at my window watching for her. Every morning—

"But you are not interested in that. I have made these explanations so that you may understand what follows. Several times with in the last six or seven months, Axelsson has come to me and reported that strange things are going on at No. 262."

"What, for instance?" Summers asked, showing interest for the first time.

"Perhaps you will smile when I tell you," said Mr. Ferrymen in a confident tone. "You see, the old house is sacred to me and it is possible that I attach undue importance to what happens there.

"So far nothing very sensational has happened—at least, it may not seem very sensational to you. Axelsson has reported to me that minor articles have disappeared from time to time. He has also discovered evidence of trespassers in various parts of the house. Now and then, he tells me, he hears footfalls in the night."

Summers looked bored again. "I'd advise you to hire a better watchman and put new locks on the doors."

To Be Continued Tomorrow
