—HOCKEY—Summerside is determined to have enough hockey this year, to make up for all winter inactivity. Besides the reorganization of the old Crystal team, as an entry into the Inter-Provincial League, there is the Summerside Hockey League, composed of three teams, a Ladies Hockey Team that is under process of formation, a Commercial league of three or more teams, which will have entrees from Holman's Brace & McKay and other stores, the High School team, probably one from the Y.M.C.A. and another from the new sporting club recently formed in Summerside.

—MUST BE GOOD LOSER TOO—To be a good gambler, you need to be a good guesser but in a modern game of chance besides playing a sure thing it is some times necessary to copper the bets. This, by easy stages, leads the reader to the interesting story of the \$5.00 pipes or Wilbur's Lost Inheritance. In a barber shop on Water street, where a lot of the young fellows often meet, a punch board lead against the wall and was a centre of interest to those who would call. Two \$5.00 pipes were the lucky prizes, and many of the boys took a score of tries, for each was anxious to beat the game, which was won by guessing a lucky name. One of the chaps who often went there, for other purposes than removal of hair, happened along on the very day when the lucky ticket had been taken away. Of course this prize went as they often go to the careful coedger who took only one throw. "Gosh," said the hero, in anguished tones, "That darn board cost me about twenty bones, and here's a chap who takes one try and hits the darn thing right in the eye." It did not seem right, so the others agreed, so the unlucky one shifted into high speed and started off without loss of time to see the other who had risked a dime. Now here's the joke about the affair: the lucky one didn't know he had won the pair and when he was offered fifty cents for his try, he snapped up the jack in the wink of an eye; and he made forty cents but lost the pipes but the barber isn't out of the fuss yet, by cripes.

—DEPARTURE MUCH REGRETTED.—Mrs John Annear, left this province last week for Calgary, Alberta, where in future she intends to make her home. Mrs Annear has been a resident of Montague for upwards of forty years, she having owned the beautiful property in the centre of the town now owned by the Community Welfare League. When we combine the qualities as citizens of Mrs Annear with that of her husband, the late John Annear, it is doubtful if ever again Montague will be able to boast of their equal. It is greatly to be regretted that in this her declining years, at the time when the scene of her youthful days is to her almost more than life itself, that Mrs Annear should find it more convenient to end her earthly pilgrimage in a far distant land. Her many friends wish for her a continuation of the good health she has so long enjoyed, and all the blessings that accompany a good old age.—J.

—POOR ROADS—The condition of the country roads is reported very unfavorable as a consequence little produce is moving and traffic of all kind has been held up for some days.—H.

—NARROW ESCAPE.—A young lad named Maynard Doucet, son of Mr and Mrs Charles Doucet this town, fell through the ice a year or two ago but the plucky fellow succeeded in extricating himself with no worse results than a cold bath.—H.

They will be installed on St. John's Eve, December 27, in conjunction with the officials of Mount Lebanon Lodge, No. 8.

—PAINFUL INJURY.—On Tuesday last Miss Naomi Larkin, of Summerside, met with a painful accident, when she slipped and fell down the cellar stairs. At first it was feared that she had suffered a fracture of the hip, but her many friends will be pleased to know that this was not so though the limb was severely strained and the accident will confine her to her home for a time.

—POLICE COURT—At the P. C. Court house on Thursday His Honor, Judge McQuarrie, presiding a citizen was convicted and fined \$200 and costs or three months in jail. A party from West Prince County charged with unlawful use of essence of Jamaica ginger was also convicted and given the same fine. At the Police Court on Saturday morning before Stipendiary Magistrate Wyatt a party from Water Street East as up on a charge of keeping a gambling room on the premises. After hearing all the evidence, the case was adjourned until the 20th inst. for judgment.—H.

—OH THAT RHEUMATISM.—Summerside is a healthy and happy town, there is no question to that fact, but at times, noticeable because they are few, there are occasional attacks of rheumatism which go a-visiting some of the

—The Family Physician. The good doctor is always worth his fee. But it is not always possible to get a doctor just when you want him. In such cases common sense suggests the use of reliable home remedies, such as Dr. Thomas' Electric Oil, which is wonderfully effective in easing inflammatory pains and healing cuts, scratches, bruises, and sprains. The presence of this remedy in the family medicine chest saves many a fee.

residents. Not so very long ago, two men, who are usually hale and hearty, were walking down the business section of the town from the post office and both were commiserating with each other on the mutual attack of leg trouble, which made it necessary for them to both seek the aid of walking canes. Before they had gone far there was the sound of the Post Office door slamming and the rat-tat of two canes on the concrete pavement. Looking back, the two friends saw a third and a chronic cripple, walking along with the aid of two canes and shouting as he hobbled along "Hey there, wait for the pole horse."
