APPENDICITIS AND OPERATIONS

Though the Farador has cured many cases of appendicitis on our island, there are still people rash enough to risk their lives on the operating table, rather than give the Farador a chance to cure them.

Of course the Farador Company admits that there are cases where an operation may be necessary. If a case of true appendicitis has been neglected so long that gangrene has set in or pus has borrowed through into the abdominal cavity, which is denoted by unremitting pain, chills and profuse cold sweats, a good surgeon is needed at once, but these conditions never arise with anything like prompt treatment with the Farador.

It may be well for the public to understand that no statement is made concerning the Farador but what can be proved by actual results. People who want to know if the Farador will cure appendicitis are urged to ask for the names and addresses of local people who have been cured by it. The same holds good concerning many other ailments. By turning a deaf ear to such reasonable advice, some have gone down to an untimely grave to the unspeakable anguish of their relatives and friends.

A few months ago a young man in Charlottetown, was suffering intensely from kidney trouble and appendicitis. His doctor informed him that an operation was necessary. Acting on the advice of Wheeler Sergt. Chas. Hine, who was cured by means of the Farador, the young man began the treatment instantly and as a consequence has experienced a perfect cure. The young man who was fortunate in knowing what to do.

—FOX KILLED.—A year or two ago the loss of a fox was looked upon as somewhat of a provincial calamity and the owner obtained the proverbial entire sympathy of the community, says the Pioneer. What follows, for instance, would then have been a startling and moving piece of news. The other morning a fox escaped from a pen in which it was confined on the owner's premises at Summerside. The owner and his hired man gave chase and the fox finally took the railway as the shortest cut to liberty; and it was so. Mr. Reynard had not proceeded far along the track towards St. Eleanor's when he was met by the incoming western train. He doubled back, was overtaken by the train, run over and decapitated.

—INSTITUTE MEETING—The regular monthly meeting of the Emerald Women's Institute, was held at the home of Mrs. P. F. Hughes, Wednesday, Aug. 16. The members decided to purchase a teacher's desk for the primary department of our school. The subject of the meeting, "Bread and Biscuit Making" was then discussed, a great many helpful and suggestive ideas on the matter were exchanged. The delegates of the Women's Institute Convention, held at Charlottetown, July 27th and 28th, gave us a very interesting and detailed account of the proceedings of the Convention. A paper written by Mrs. Walter Simpson, Bay View, on "The Influence of Flowers," was read and was very much appreciated. The subject for the next meeting is "Pickling and Preserving;" the meeting to be held at the home of Mrs. Thos. F. Hughes.

FRENCH LITANY OF THE TRENCHES.

Here is the French soldier's philosophy of war. It is one of the litanies which the men at the front recite over and over to themselves and in chorus. It is characteristic of the many expressions of soldier philosophy which have been written by the men in the service and taken up by the whole army.

The following copy of the litany was sent to a friend in Cambridge by Henri Raveau, a Paris business man now at the front. M. Raveau says the litany is very popular in the trenches.

"Nothing to worry about" is the title.

"You have two alternatives; either you are mobilized or you are not. If not, you have nothing to worry about.

"If you are in camp, you have nothing to worry about.

"If you are at the front you have two alternatives: either you are in reserve or you are on the fighting line. If you are in reserve, you have nothing to worry about.

"If you are on the fighting line, you have two alternatives: either you

There is more Catarrh in this section of the country than all other diseases put together and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, it taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Cure fails to cure. Send for circulars and testimonials.

scrap or you don't. If you don't you get badly hurt. If slightly, you have nothing to worry about.

"If you do have two alternatives: either you get hurt or you don't. If you don't, you have nothing to worry about. If you do, and have followed my advice clear through, you have either you get slightly hurt or you done with worry forever."
