Priest's Assailant Was Arrested

(Special to The Guardian.)
QUEBEC, Nov. 1.—Leon Bolduc the seventeen year old assailant of Rev. Abbe Fernand Belleau of the St. Joseph's Mission was brought here yesterday by detectives and was held until his victims condition has been exactly ascertained. The young man remains in custody.

Four Canadian Born Candidates in England

(Special to The Guardian.)
LONDON, Nov. 1.—Among the Canadians who are candidates at the coming elections, Andrew Grant and Col. Grant Morden are the latter for Brentford and Chiswick, are considered to be sure of election. Sir Hamar Greenwood, a Liberal Nationalist is supported by both Unionist and Asquithian candidates. There is a bitter Asquithian fight against Sir Hamar Greenwood and his Irish administration and he will have a hard fight. There are rumors that the former head of the Irish office will be made a peer.

The Labor candidate for Westminster, A. W. Haycock, is Canadian born. He lives in Manchester and is a clever speaker, he has a much chance for election. The Labor candidate for Waverley is the Rev. J. Vint Laughland, a member of the Pembroke Baptist chapel, Liverpool. He was educated at Victoria College, Toronto and has a fine chance of success. He is very popular in Liverpool and the electorate there is strongly Unionist except in the Irish quarter.

(Special to The Guardian.)
LONDON, Nov. 1.—Labor is making a very big bid to capture more of the constituency of greater London and three cornered contests will be much in evidence. In other parts of the country the Labor party consider that a local candidate standing a greater chance of success than one selected by a central organization.

E. I. 60049-2-31.

Carr Was Talking Too Freely When In a Restaurant

Another sensational element was introduced into the Block fire investigation before Fire Marshal E. H. Beer at the police court yesterday morning when Mr. Donald MacKinnon, counsel for Mr. Block, called to the stand Mr. E. F. Acorn who testified that within a week after the fire in the Block warehouse, on Oct. 1st, Golden Carr had come into his lunch restaurant on Great George Street in a drunken state and had told him to watch his place that night as there was liable to be a fire about 2 o'clock in the morning. He said he had a job on hand to set fire to a truck across the street. Mr. Acorn was somewhat alarmed, as he had only small insurance on his place. He warned Mr. W. B. Prowse, garage proprietor opposite and his neighbor Mr. Milton Bell. Mr. Prowse expressed indignation when he heard of Carr's statement. He said he had only small insurance and cautioned his son who is employed in the garage to keep a strict look out for suspicious characters. He thanked Mr. Acorn and also asked him to keep a lookout for trouble. Mr. Acorn concluded afterwards that Carr was simply talking wild as he was pretty drunk at the time. This was a few days after the Block fire and two or three weeks after the night Carr swore he was asked by Mr. Milton Bell barber Great George Street, testified that Mr. Acorn had told him one night four or five weeks ago of the warning Carr had given about setting fire to the truck.

Roy Prowse, son of Mr. W. B. Prowse, garage proprietor, Great George Street said he heard from his father that Mr. Acorn had been over one night to warn him about some party going to set fire to a truck and that the party said he had been offered \$100 to do the job. In the Prowse garage there was one truck—an old one worth about \$25. Witness was told by his father to keep a sharp watch over the place and not to allow loafers to hang around.

Fire Marshal Beer objected to waiving the taking the evidence of Mr. Prowse which he said was only hearsay and not worth the paper it was written on. Mr. MacKinnon said it had as much right to be taken down in an investigation as some of the previous day's evidence, which was also largely hearsay, Carr's statements about Mr. Block had been broadcast in the press and he wished to show up the character of the individual making such charges.

Mr. Acorn, recalled by the Attorney General, said he remembered that Carr had said something about getting \$100 for the "job" and that he had told Mr. W. B. Prowse this.

Evidence regarding the condition of the Block warehouse and of the goods stored there at the time of the fire was given by Fire time witness Ernest Hertz, manager of Col. Chas. Leish. Fireman Bethune and Hertz did not believe it would be possible to store fifty or sixty bags of horsehair in the space available. Mr. Hertz had examined the loft with a powerful electric flash light and saw none of the goods claimed to have been there.

Col. Leish examined the premises after the fire and saw no signs of any rope or other goods, burned or otherwise in the loft. All he could see was wood cinders scattered over the floor.

The Block warehouse which was burned early Sunday morning Oct. 1st, was insured for \$4,000 and it is claimed a large part of the goods valued at \$6,000, were destroyed. Carr swore at last Tuesday's investigation that a few days before the fire he had been offered \$100 by Mr. Block to set the fire and that he had walked away from him in disgust at the offer.

This concluded the evidence in the investigation which was adjourned for further consideration.

Sir Henry Thornton's Hopes for Canada

(Special to The Guardian.)
LONDON, Nov. 1.—Sir Henry Thornton, New President of the Canadian National Railways in his address as the guest of honor at the Canada Club, referring to Canada said: "The great problem is population and Canada should avoid the American mistake of allowing any sort of people to enter. She must have a united people, and common aspirations." He saw no reason why the administration of railways by the Canadian Government should not be successful if it is conducted on A. B. C. basis and politics are kept out and he had been given that assurance by Premier Mackenzie King.

Victoria B. C. Profits On Liquor Business

(Special to The Guardian.)
VICTORIA, B. C., Nov. 1.—Profits for the six months period ending September 30th last totalled \$1,071,109 a liquor board statement shows.

Latest Bulletins In Brief

(WEBB CITY, Mo., Nov. 1.—One killed, fifteen injured and thirty houses demolished here by tornado. Four persons are missing.

EL PASO, TEXAS, Nov. 1.—General Francisco Murquieta arch-enemy of parliament of President Obregon, who took part in fight that brought death of President Carranza, was captured near Duer

Empire Exhibition Mission On Visit to P. E. Island

Distinguished Visitors Arrived in Charlottetown Last Night and Will Lay Before Government and Board of Trade the Purpose of the British Empire Exhibition to be Held in London, 1924.

The members of the British Empire Exhibition Dominion Mission, consisting of Major E. A. Belcher, C. B. E. Assistant General Manager and head of the Dominion Mission, Colonel A. Christie, C.M.G., D. S. O., and Mr. F. W. Bates, Secretary accompanied by Mr. T. B. Williams, representing the Dominion Government, arrived in Charlottetown last evening in the special car that has been placed at their disposal by the Dominion Government.

The Mission have been travelling through the Dominion and arrived in British Columbia in the middle of September. Since then they have visited British Columbia, the prairie provinces, Ontario and Quebec for the purpose of explaining to each provincial government in turn the principal features of the British Empire Exhibition, to be held in London, 1924, and the constructive policy, which the exhibition has hoped to evolve for the development of trade within the Empire.

They have already consulted with the Prime Minister at Ottawa who has announced that Canada will participate in the Exhibition and who is particularly anxious that they should avoid doing what so many official missions have done in the past, namely, leave Canada at Quebec without visiting the Maritime Provinces.

They are leaving Charlottetown Friday morning for St. John, N. B., where the provincial government has arranged for their arrival, and subsequently for Halifax where they are spending three days, en route to Newfoundland.

Major Belcher and the other members of the Mission met Premier Bell, Hon. Geo. E. Hughes, Mr. J. D. Stewart, K. C., Mr. E. H. Beer, president of the Board of Trade, Mayor Jenkins and Mr. W. K. Rogers, shortly after arrival in order that the limited time at their disposal of the Mission might be spent to the best advantage. The Prime Minister had officially notified every provincial government of the itinerary of the Mission in order that the necessary plans might be made for showing them the principal resources of each province and enabling them to lay before the Provincial Government and the business community the principal features of the Exhibition and an informal programme has been arranged for today.

The Mission will meet the members of the Legislature, the Board of Trade and citizens in the Legislative Assembly Hall this afternoon at 3 o'clock.

Every part of the Empire has now signified its intention of taking part in the Exhibition. The project, which was received with enthusiastic interest in South Africa, Australia and New Zealand was met with similar attention from the western and central provinces of Canada.

Canada's Fish Production in 1921

(Special to The Guardian.)
OTTAWA, Nov. 1.—The total value of the product of Canadian fisheries during 1921 was \$34,931,933 as compared with \$49,241,339 for 1920, and \$56,508,479 in 1919, according to a report made public today by the department of trade and commerce. The totals stand domesticated whether fresh or as marketed prepared or factory made.

The fishing industry was carried on during 1921 under the most trying conditions, the report sets forth. The marketing of fish and fish products was found to be difficult, and prices fell to a figure which made it unprofitable for fishermen, in some districts of the Atlantic coast especially, to carry on.

Production was thus much less than it otherwise would have been, resulting in the total value registering lowest since 1914, and \$14,000,000 less than for 1920, and \$25,000,000 less than the peak value in 1918.

"On the face of it this big decrease is a very serious one," the report states, but it continues, "there are already abundant signs of improvement in the market for the product of the 1922 season," and it may be confidently assumed that the annual value of our fisheries has not only touched rock bottom but will begin to rise steadily if more slowly than under the artificial conditions brought about by the late war."

DUBLIN, Nov. 1.—Fierce fighting took place today at Clifden, forty-five miles northwest of Galway, between national soldiers and a force of irregulars. Eighty of the nationalists were captured and arms and ammunition after a ten-hour battle. One of the barracks was burned to the ground and another was blown up by a mine. In southern Ireland the campaign of destruction continues. The railway station at Mallow, one of the most important centres of the great southern and western system, was set on fire during the night and now is a mass of ruins.

Quebec Farmers Form Federal Corporation

(Special to The Guardian.)
QUEBEC, Nov. 1.—At a meeting of some 400 representatives of agricultural interests in the City Hall yesterday to study co-operative projects, the plan to create one large co-operation under the name of the "Central Federated Co-operation" was accepted. The meeting was presided over by Arsene Denis Lucier and Decary and prominent among those attending were Hon. J. E. Caron, Minister of Agriculture; Senator Boyer and representatives of some 300 local co-operative representatives. J. N. Ponton, who has been touring the province in connection with organizations among farmers was also in evidence and there was quite a clash between him and the Minister of Agriculture. However, the suggestions made by Mr. Caron were endorsed by the assembly and final preparations for the change will be immediately made. Under the new system, there will only be one co-operative for agricultural product apart from one for tobacco interest which will remain separated for the present.

With this system it is claimed that more advantages could be gathered by the farmers in the sale of the products and the general organization.

Two Children Burned to Death

(Special to The Guardian.)
SHERBROOKE, Que., Nov. 1.—A terrible tragedy occurred early this morning when the home of Mr. and Mrs. Joseph Rivet was destroyed by fire and two of their children, little girls, aged 4 and 18 months respectively, were burned to death.

Mr. Joseph Rivet, who is employed at the Elmwood Cemetery left for his work around 5 o'clock and about 7 Mrs. Rivet, accompanied by her 6 year old son, went into the barn to milk the cows. On coming out of the barn she noticed the house in flames and in spite of her efforts it was impossible to save the children, one of whom was asleep. The house was a two-roomed one, with the bedroom above the living room. It was a frame house and was totally destroyed in about five minutes before any outside help could be obtained. The family lived out of the Sixth Range, about seven miles from Sherbrooke, on the Magog road.

Exciting Experience With Moose

(Special to The Guardian.)
BELLEVILLE, Nov. 1.—A middle aged lady, Mrs. Samuel Collier and her daughter of Collier Mountain a few miles from here, had a somewhat exciting experience with a moose today. They had gone in the early hours of the morning to milk their cows, which were very far from the house. While they were milking the cows, a fine large moose made its appearance within a few feet of the ladies. Mrs. Collins could see his hair begin to raise as he approached. He came within a hand's reach of one of the other cows. The mother saw the monster first and on seeing, she says "Lizzie, a rouse" three times before the daughter heard her. The daughter became very much frightened and started running, scattering milk along her path.

They immediately left the pasture and the moose was still standing with the cows when they disappeared. Mrs. Collins informed her son, Fletcher, when she got home and he immediately got his rifle and started after "the monster of the woods." The animal had left the cows by the son was fortunate enough in killing the animal, within half a mile of where it was first seen and within an hour of the time the animal was first seen feeding with the cows, the carcass was lying in the barn. The monster had a very large head with a spread of 50 inches and 17 points. Mr. Collins is very proud of his big game and also in being so fortunate to get it so handy home.

Chinese Officers Launch Drive Against Bandits

SHANGHAI, Nov. 1.—Chinese officials have launched a drive against the bandits who yesterday carried away E. Leppard, British missionary, connected with the China inland mission, and looted and partly burned the town of Shang Tsaihen, according to advices received from Hankow early today. Mission circles here have not received reports of any other missionaries captured by the brigands and it is believed that earlier reference to other kidnappings meant that native pastors or converts had been seized.

Capt. H. R. Stewart Transferred to Air Headquarters

The many friends of Capt. H. R. Stewart, city, will be interested to learn that he has been transferred to the Canadian Air Headquarters, Ottawa, and leaves for there next week. Mrs. Stewart and family will remain in Charlottetown until the spring.

Considerable Increase in Customs Revenue

(Special to The Guardian.)
OTTAWA, Nov. 1.—An increase of \$6,434,770 in customs and excise revenue for the month of October as compared with October 1921 is shown by the monthly statement issued through the department today. The total revenue for the month this year was \$25,772,211 as against \$19,337,541 in October 1921.

Woman Leaps From Burning Building Into Life Nets

(Special to The Guardian.)
CHICAGO, Nov. 1.—Three women were hurt, one perhaps fatally, in leaping from a blazing building into life nets early today when fire swept a block on West Sixty-third Street. Nearly 200 flat dwellers fled and leaped from windows and about a hundred were made homeless. Twelve horses were burned to death.

Mrs. Jack Sample, with her 10-year old daughter in her arms, crashed through a life net and was seriously hurt. Another woman sustained a broken arm and a man's leg was fractured as they leaped. An elderly woman was nearly suffocated and after being rescued by firemen was in a critical condition.

King Descended From King David

TORONTO, Nov. 1.—"King George is as clearly descended from King David as you are from your grandfathers," declared Lieut-Col. W. G. Mackendrick, D. S. O., in an address to the Empire Club here today on "Allenby's Campaign as Laid Down in the Bible." Col. Mackendrick said the Prince of Wales was christened "David" in anticipation of days to come, and he quoted "my servant David shall rule from Jerusalem" as Biblical substantiation of this. Other Biblical quotations were interpreted by Col. Mackendrick as relating to Great Britain and the British Empire.

"Christ came to the world," Col. Mackendrick said, "not to save the world, but to save the lost sheep of our forefathers. The House of David were promised an earthly throne forever. They have it. It is the throne of Great Britain."

Col. Mackendrick said the capture of Jerusalem was effected by prayer. General Allenby and his staff were on their knees praying for guidance he explained, when the Patriarch of Jerusalem entered their camp with a white flag.

Starvation and Misery Facing Northern Quebec

QUEBEC, Nov. 1.—Conditions in the northeastern part of the province are reported so bad this season, owing to the failure of the crops, that unless immediate assistance is given, misery and starvation will result.

Such is the contention of collectors Cote and Beghin, of the provincial police, who are back from an 800 miles trip to arrest Edward Dunn of Salmon Bay, charged with violating the Fish and Game Act. He was charged with shooting white foxes, pleaded guilty and was fined \$75 and costs.

Attention is called to the following sales Nov. 6th, Kenneth McMillan, Ovenshott Road, Charlottetown, Nov. 8th, Harry Moore, Milton, Peter Brodie, Auctioneer.

Quebec Municipal Mayors' Conference

(Special to The Guardian.)
QUEBEC, Nov. 1.—A meeting of mayors of municipalities of the province of Quebec is to take place tomorrow morning at the Chateau Frontenac. Matters studied at recent meetings of the union of municipalities are to be taken up and suggestions in the interests of the welfare of the cities, towns and villages taken up. The cities and towns act which is being studied at the present session of the legislature will be taken up by the mayors who may adopt a series of suggestions to be submitted to the cabinet in this connection.

Sublime Porte Invited to Lausanne Conference

CONSTANTINOPLE, Nov. 1.—Hamid Bey, the Nationalist representative here, has protested to the allied high commissioners the fact that an invitation to the Lausanne conference was extended to the Sublime Porte. The invitation to the Near East peace conference was delivered to the Sublime Porte last Friday at the same time it was extended to Hamid Bey.

Voted French Editor Died in Paris

(Special to The Guardian.)
PARIS, Nov. 1.—Alfred Gagnese, editor of The Figaro member of the French Academy and one of France's best known writers on political and literary subjects died here today.

Mr. Bethlehem Rescued In the Nick of Time

(Special to The Guardian.)
SYDNEY, N. S. W., Nov. 1.—Rescued in the nick of time by the Reid Newfoundland ice-breaker, the steamer Bethlehem, was on Monday afternoon towed in a sinking condition to Port Aux Basques, Nfld., where she is now laid up. The Bethlehem left North Sydney on Friday with 500 tons of coal for Wabana, Nfld. That what she ran into a terrific gale, broke her rudder chain, and completely disabled her steering apparatus. Her hatches were loosened and she shipped water faster than the steam pumps could clear it out. Captain Bragg contrived a jury rudder from planks, but had his left hand badly mangled while placing it in position. The makeshift rudder kept the vessel on her course for a few hours, but it was eventually carried away. At noon Sunday, forty miles off Port Aux Basques, fishermen noticed the Bethlehem's plight and notified the Newfoundland.

Joseph Devlin To the Nationalists

(Special to The Guardian.)
BELFAST, Nov. 1.—Joseph Devlin, addressing his former constituents yesterday in response to a resolution regretting his severance from the constituency, said that if ninety thousand Catholic Nationalists wished to lie down and submit to disenfranchisement and persecution they could not rely on him. If, on the other hand, they were resolved to fight on, live and vote, he was still at their service.

The Weather, Etc

A BUSINESS WITH NO COMPETITION WOULD SURE BE MONOTONOUS

TORONTO, Nov. 2.—Moderate winds. Cool and comparatively fine.

High tide this morning at 9:12 and tonight at 9:15.

Sun sets this afternoon at 4:45 and rises tomorrow morning at 6:44.

Summerside tide eighteen minutes later than Charlottetown.

3 Days More

Just three more days remain in which to vote for your favorite candidate to win the \$100 Special prize.

Saturday night brings to a close the competition for this splendid extra prize.

Saturday night also brings to a close the extra vote offer on \$20 clubs of subscriptions.

Never again will an opportunity be presented to secure extra votes.

This is the real important week of the contest and the wise candidates are busy late and early.

Win the \$100 Extra prize and show your friends that you are deserving of their support. Every body loves a winner. Be the winner of this extra cash prize—it will bring you nearer to the Studebaker or the Maxwell.

Don't let up—keep everlastingly at it. There is only nine more working days of the contest left.

Do just a little better than your opponents. That is all that is necessary to bring home the Studebaker. This splendid car is on display at A. Horne and Co's show rooms and is just waiting for it's new owner to jump in and drive it home. The Maxwell is at Colin Stewart's, Summerside.

Step Lively. That's the motto.
