Another departure at the Big Store After Supper Sale

We were quite sure that there would be no lack of buyers at the first Saturday night sale—the crowd came—it saw and was conquered. It needed no microscope to discover the remarkable values. The merchandise was here, exactly as we advertised it—the prices—we only know that action began at the stroke of 7 and continued until closing time.

One can bring a crowd with an offering of big values, but one won't do business unless the prices match the advertisements. We did business. We have prepared for the 2nd after supper sale another great budget of bargains. We will see a large percentage of the people who came to the first—and a host of friends—because there has been much talk of the plums that were picked at the first sale. So you had better come too—another crop is ready for those who like to buy goods at retail at less than some stores pay whole sale
