CHURCH GATHERING.—A pleasant congregational social under the auspices of the W. M. S. of Trinity United Church was held Sunday in Epworth Hall, Summerside, and Monday evening with Mrs. MacLeod, President of the Society in the chair. The program consisted of a piano duet by Misses Dorothy Gilliphant and Ruth Muttart; violin duet by Mrs. and Miss Richardson; Mrs. Morley Bell, and solos by Miss Beale Smallman and Mr. Geo. Bonness. This was a birthday social in aid of Missions, and also happened to be the birthday of one of our prominent citizens and a guessing contest was held as to the identity of this gentleman. He proved to be Mr. Henry Walker and he was conducted to the front where a handsome birthday cake, made in his honor by Mr. A. S. MacKay, stood with eight candles glimmering on one side and seven on the other, showing the number of his years, 87. Congratulations were made by Rev. J. C. Martin and Mr. A. S. MacKay. Mr. Walker sang a beautiful ballad that he had learned 70 years ago. Another "young-old" gentleman present was Mr. David Arbing, who attached the following couplet to his birthday bag: "My age I neither disguise nor regret; So I put my eighty-two cents in the net." Games and other amusement followed and the delicious lunch was served. The sum of \$135 was realized for missions.

PERSONALS.—Mr. John B. Matthews, brother of Messrs. Allan and Henry Matthews, Dock Road, is spending a month with his brothers here. Mr. and Mrs. L. B. Crue, of Summerside, left on Saturday last on a visit to their son, Mr. Leith Crue and his wife at Manchester, N. H. They will also tour the neighboring states, where they have numerous relatives and friends.

Try Magnesia For Stomach Trouble

TO NEUTRALIZE ACIDITY AND FERMENTATION, PREVENTS INDIGESTION, BILIOUS GASTRITIS, STOMACH

People who suffer from indigestion usually have tried pepsin, charcoal, drugs and various digestive aids and got little more than temporary relief—sometimes not even that.

But before giving up to chronic dyspepsia, just try the little Bismarck Magnesia—the ordinary commercial carbonate, citrate or milk, but pure Bismarck Magnesia which you can obtain from practically any druggist in either powder or tablet form.

Take a teaspoonful of the powder or four compressed tablets with a little water after your next meal, and see what a difference this makes. It will instantly neutralize the dangerous, harmful acid in the stomach which now causes your food to ferment and sour, making gas, wind, flatulence, heartburn and the bloated or heavy, lumpy feeling that seems to follow every thing you eat. You can enjoy your meals without a fear of indigestion.

Sporting Comment

By ("TEC") BIG UPSET

The 10 to 2 defeat administered to the Abegweits by the fast travelling Amherst hockeyists Tuesday night is one of the biggest hockey upsets in years. Even Amherst themselves backed by the Maritime hockey world did not have even the semblance of a dream that the wearers of the red and black would go down to such an ignominious defeat. On the contrary Charlottetonians, although somewhat undecided as to the outcome were hopeful and to a certain extent confident that the locals would come through. But such are the fortunes of sport—the unexpected sooner or later is always bound to happen; there is a rude awakening, idols are shattered to be replaced by newly crowned champions, who in turn go the same way. Everybody cannot win, but everybody may share the glory of losing as well as winning.

Needless to say the legion of Abegweit fans were disappointed on hearing the news Tuesday night but one must consider the players themselves who fought with might and main and gave their all for the glory and prestige which the Island has enjoyed and will always continue to do so. These are the boys to consider; they lost, but the only ally they will offer is a smile and that the best team won.

It is to be sincerely regretted that "Dork" Anderson was more or less seriously injured in the last period of the game. However, it is hoped that his condition as was first reported is not so serious.

KENTVILLE LOOKS LIKE WINNERS

Kentville does not only look like winners in the Nova Scotia finals with Crescents, but have all the cauliflower marks of winning the Maritime hockey championship. The writer has not had the pleasure of displaying "emoons" in action this winter, but judging by the form home under wraps.

Their games here with the Abegweits impressed the fans so much that they at that time picked the Kentvillers to grab the U. S. series in a walk. Up to the present anyway the "Cats" has had little or no trouble in winning fixtures. They have not lost a game this winter. Their record for this year shows that in fourteen games they have won thirteen and drawn one. They have the Maritime hockey world beaten in number of goals scored with the stupendous total of 135, an average of almost ten goals a game. The only team among those they did not defeat was New Glasgow. That game, played in Stellarton, ended in a 2-2 draw. No overtime was played. Goals scored against the Wildcats total 21, an average of one and a half a game. Truly a great record.

GOOD WORK ALBANY

For the first time in the history of Maritime intermediate hockey a rural district of Prince Edward Island took an active part. The Albany puck chasers arrived with a large following of fans on a special train last evening and later gave the Victorias, local representatives, a hockey battle far excellence. The brand of rubber hunting dished out by the visitors last night bespeaks of worthy praise for their coach and all those connected with the team. Congratulations Albany!

BILLIARDS

Reference was made in yesterday's issue with regard to the chances our Island billiard champion would have in the Dominion semi finals and finals which are to take place in Quebec and Toronto some time this month. Well, when one considers the breaks and runs made by competitors in other provinces the chances really look more than rosy for the Island title holder who ever he may happen to be.

The following reports in part coming from other centres may give the fans a fair idea of just how things are moving: From Toronto—"Majury beats Haywood in Dominion Tournament atur English billiard championship between W. Majury of Orr Bros. Recreation Club, and P. Q. Haywood, of the Ontario Club, resulted in an unexpected win for Majury. Haywood is recognized as one of the best to see him eliminated. He was not playing to form, however, and his and his steady playing, while not spectacular, kept him well ahead from the start.

The final score was Majury 500, Haywood 475. The best breaks were: Majury—34, 23, 22, 22, 20. Haywood—25, 23, 22, 20. The above from Toronto in comparison with the runs made in this city savors well for a great showing.

The following Provinces and entries are entered in the Balke Coleman English Billiard championship: Prince Edward Island, 16; Quebec, 7; Ontario, 16; Manitoba, 7; Saskatchewan, 5; Alberta, 21; British Columbia, 8; making a total of down to less than 20. Within the next three weeks all will be ready for the finals.

WHERE CHAMPIONS WILL MEET

The various points at which provincial champions will meet across the country, and dates are as follows: Calgary, March 8th, between the champion of British Columbia and the champion of Alberta. The winner of this match will then play the champion of Saskatchewan at Moose Jaw on March 10th.

three and four chains from where the old line once was and reopened up by the new lines. Where no yardage exists one might be pardoned for supposing to the limit of one chain or thereabout, but to cross over three, or as much as four chains, is going the limit. Mr. Dunn had no knowledge of this piracy going on as he is engaged everyday, with his two sons, in driving three mail routes or contracts. Owners of valuable wood lands have themselves partly to blame in neglecting to have visible and distinct lines around their properties, for lumber of almost any kind is rapidly diminishing and hence growing in value.

WANT NEW FERRY FOAT.—The people of Newport are taking aggressive steps to get a new, larger and stronger boat for the ferry service at the place across the Cardigan river on the Newport, Georgetown route. The boat on this boat is largely in- creasing chiefly owing to the in- crease in the seed potato trade. The present boat is found to be inadequate for the service. Georgetown is the shipping port also Railway Station for these people across the river. More than 20,000 bushels of potatoes were ferried across the river to Georgetown last fall and it is expected double that quantity will need to be ferried across next fall. This boat also carries teams and vehicles, but is not suited for this work as entrance is but on one end and the boat has to be turned to admit and load teams and only about four horse and rigs may be carried at one time. Newport, Launching and building is one of the most pro- sperous farming sections on the Island and Georgetown, via New- port Ferry, is their only exporting market point for produce. To get to Georgetown by vehicle would mean a haul of 12 to 15 miles so that the ferry is a great con- venience to those people. Meetings have been recently held and a strong delegation appointed with Mr. Duncan McDonald, of Newport at the head to press upon the powers that be the immediate substitution of a new boat, larger and stronger for next fall's service. The frost proof warehouse at Georgetown makes the necessity more and more imperative.

March 10. The winner of this match plays the champion of Manitoba in Winnipeg on March 12. The winner then plays the champion of Western Ontario on March 14, at Fort William. The Champion of Prince Edward Island will meet the champion of Quebec in Montreal on March 14, and the winner will then come directly to Toronto, meeting the Eastern Ontario champion on March 17. The winner arriving from Fort William will then play the winner of the March 17th match on March 19, for the Dominion final.

Jimmy Maloney earned the right to meet the winner of the Jack Sharkey-Mike McTigue battle which takes place this evening, in beating Jack Delaney about a week ago. That will come some time next summer, and naturally will lead up to a bout with Jack Dempsey or to Gene Tunney and the throne room of the world's heavyweight championship. Jack Delaney, on the other hand must drop back to his own light-heavy class for the present; but, in the opinion of some, his chance for the big shot is only delayed. Maloney did not beat him decisively enough to put him out of the running. On the scoring, the Boston man had four rounds. Delaney three with three even. This gave Maloney a clear margin, but a narrow one. Some day, barring accidents, says a New York critic, Tunney must account to Delaney for the title he holds. Delaney was not the real Delaney against the pride of South Boston. Of that many are convinced.

In the meantime practically the entire boxing world is focused on the McTigue-Sharkey bout tonight at Madison Square Garden. Mike is in the same position practically as was Delaney when he met Maloney only McTigue is not only giving weight away but age as well. The Irish man is around 40 years of age while Sharkey is yet a comparatively young man. However Mike's craftiness may offset all these and upset the dope now in circulation.
