Tentative Date For Election Announced

JULY 28 LIKELY DATE FOR FEDERAL ELECTION

Dissolution Expected Tonight—Conservative Leader, Hon. R. B. Bennett Issues Warning To Government Supporters Re Early Prorogation.

(Canadian Press)

OTTAWA, Ont., May 29—Unless there are some entirely unexpected developments, election day will be Monday, July 28. This evening in the House of Commons, Prime Minister Mackenzie King asked for and obtained assurances from party and group leaders that they would cooperate with the Government in an attempt to conclude the work of the session in time to prorogue tomorrow evening.

The Prime Minister informed the House, that if it was found possible to prorogue tomorrow he would ask His Excellency the Governor General, for immediate dissolution, and the election would take place to go over for two weeks until August 11. The Prime Minister's request to the House came after the Government had withdrawn from the order paper remaining legislation of a contentious nature, leaving only the Parliamentary estimates to be dealt with.

Mr. King gave the members a number of reasons why he considered it very important that the election day should be in July instead of August. At the outset, he denied a rumor that the Government was contemplating asking for dissolution tomorrow night, even if the business of Parliament remained unfinished. But, said Mr. King, an Imperial Conference had been called at which Canada should be represented. No matter what party was returned to power, the Government chosen would have to make some preparation for this conference if Canada was to be adequately represented. He doubted if this would be possible unless the election was held on July 28. There was always the possibility that the result of the election would leave the

question of which party was entitled to form a Government, uncertain. In that event, said Mr. King, Parliament would be summoned in order to decide what course of action should be taken. But then it would be even more difficult in fact, for Canada to have representatives at the Imperial Conference.

Other reasons advanced by Mr. King against delaying the election were the approaching wheat harvest in the west; the dislocation of business due to the uncertainty of a King campaign; and, the fact that it was now a month since he announced the Government's intention to hold an election, and the campaign had been virtually in progress during that time.

Bennett Issues Warning.

In agreeing to assist in the bringing about of prorogation tomorrow, Hon. R. B. Bennett, Opposition Leader, issued a warning that Government supporters would find themselves confronted with the Prime Minister's request for a speedy dissolution if they endeavored to say, during the campaign, that the Conservatives had endorsed the estimates. It would be idle to say that a full opportunity to examine the estimates had been given, if the House prorogued tomorrow night. On the other hand, the effect on the business of the country would be considered as well as "the very earnest desire everywhere apparent that this administration should be replaced by another one at the earliest possible moment."

2,769 In Prisons Of The Dominion During 1929

OTTAWA, May 29—(CP)—There were 2,769 persons incarcerated in Canadian penitentiaries during the year 1929, according to an answer to a question given in the House of Commons today. Of that number 2,569 were white, 80 colored, 42 Indian 7 half breed and 71 Mongolian.

Year's Sentence
(Canadian Press)
SURAT, Bombay, India, May 29—One year of rigorous imprisonment, was the sentence imposed today upon Chinnahal Chiny, President of the Surat National Congress Committee and leader of the League of Youth of India, for inciting salt raids.

Justices Urged As Governors

OTTAWA, May 29—J. S. Woodsworth, Winnipeg Laborite, went further in the House last night than urging the appointment of a Canadian as Governor-General. He agreed to name the Canadian for the post.

Mr. Woodsworth accepted the suggestion of J. F. Pouliot (Liberal, Temiscouata) that the Chief Justice of Canada should automatically become the Governor-General of the Dominion.

Carrying the suggestion further he advocated making the chief justices of the various provinces the Lieutenant-Governors of those provinces.

BANK MANAGER AT MONTAGUE IS HONORED

Is Recipient of Many Addresses And Presentations On Eve Of Departure For St. Iarlon, N. S.

Signal honor was paid by the citizens of Montague to Mr. George B. Clarkson, Manager of the Bank of Nova Scotia, on the eve of his departure for St. Iarlon, N. S., to assume management of the Bank in that town. Mr. Clarkson has been in charge of the Montague branch for several years, during which time he has taken active part in everything tending to the welfare of the community. The addresses published below, were accompanied by appropriate presentations, the Town Council presenting him with a beautiful silver tea service, the Curling Club with a set of curling stones, the Masonic Lodge with a complete kit of golf sticks and balls, the United Church with a Bible and the staff of the Bank with a handsome club bag.

The Guardian heartily joins in the good wishes expressed in the addresses presented to Mr. Clarkson on this occasion.

Address on behalf of the Town Council.

To Mr. George B. Clarkson and family.

The Town Council learned with very sincere regret that circumstances render it necessary for your removal to a new sphere of labor. But before your departure we, representing the Town of Montague, desire to convey to you an expression of the high esteem in which you are held in the estimation of the citizens of Montague.

Looking over the past, we find it is about fourteen years since you came to our Town—quite a long time in the span of life, indeed, so long that we came to look on you as one who would always (during your na-

PREPARING TO INVADE CAN. MARKET

(Canadian Press)
LONDON, May 29—British motor manufacturers are preparing to invade the Canadian market. They proposed the establishment in Canada of assembling and manufacturing plants backed by aggressive salesmanship. This was brought out in private discussion between British and Canadian delegates attending the congress of the Empire Chambers of Commerce today, when what was described as United States dominance of the Canadian motor markets was among the subjects explored.

Einstein Theory Study Costly

CHICAGO, May 29—Attempt to comprehend the Einstein theory has its dangers other than mere straining of the cranium. John K. Chrimese, formerly an instructor of physics at McGill University, Montreal, collapsed on the theory most of Sunday night in his apartment. Finally he fell asleep with a lighted cigarette in his hand.

Firemen rescued him, severely burned, after \$10,000 worth of damage had been done by flames. His wife and child and six other residents were forced to flee the blaze.

Fortunes Await Lucky Ones In Sweepstake

CALCUTTA, India, May 29—A total of four and a half million dollars will change hands in the Calcutta sweepstakes on the English Derby at Epsom Downs, June 4th.

A pool now contains around 900,000 pounds (about \$4,500,000). It is understood that after deduction of the expenses of the Calcutta turf club the first prize will be 388,000 pounds (about \$1,940,000). This, according to the custom of recent years, will be divided into three first prizes, each amounting to about 129,000 pounds, (approximately \$645,000). Those who draw stars will get about 800 pounds (around \$4,000).

THE R-100

(Canadian Press)
LONDON, May 29—The Air Ministry announced today that a small tear had been found in one of the gas bags of the R-100, giant dirigible, whose flight to Canada was a few days ago postponed to the end of June or the beginning of July. The Ministry stated that the defect had been repaired. The mishap was attributed to the chafing of one of the wires and not to deterioration of the fabric.

Cowardly Act

WINNIPEG, Man., May 29—Believed to be the victim of a gunman's bullet, Wasy Baran, 50, was found dead in the kitchen of his home early today with a bullet wound in the back of his head. Baran, sitting in a chair reading, had been shot from behind and apparently given no chance to escape. A purse containing \$100.00 and placed in another room had been taken by the thug, leading police to believe robbery was the motive behind the shooting. Mrs. Baran discovered the body upon her return from a meeting.

"Deliberate Misrepresentation"

Officials of the Beauharnois Power Company and its sponsors were charged in the House of Commons with deliberate misrepresentation when Progressives and Conservatives united in an attack May 22nd. Robert Gardiner, Progressive leader, demanded an explanation from the government, and charged that company's associates received a total of \$104,860,000 for promoting the scheme. The photographs here show: (1) Hon. W. L. McDougald, whose name was mentioned in discussion as first of St. Lawrence waterways advisory committee to recommend adoption of Beauharnois plan, and now a director of the company; (2) R. O. Sweeney, head of Beauharnois Power Company, and (3) Hon. Andrew Haydon, another senator whose name was brought into the debate.

POTATOES

(Canadian Press)
FREDERICTON, N. B., May 29—The close of the shipping season for New Brunswick certified seed potatoes was reached within the past few days and the total shipment of seed stock of this class amounted to 325 carloads, or 215,000 bushels. The market proved good throughout the season and shipments accounted for about seventy-five percent of the production of certified stock. The chief varieties shipped were, green mountains, Irish cobblers, bliss triumphs and spaulding rose, with a few other varieties grown on a small scale. The principal markets taking New Brunswick seed potatoes were the State of Maine, other New England States, New Jersey, North Carolina, Ontario, Quebec, Newfoundland and Cuba, Jamaica and the Western Provinces. Growers in the Saint John Valley also purchased a number of carloads.

Present indications point to a larger acreage being entered for certification in the season of 1930. The seed potato certification service works out of Fredericton.

Return To P. E. I. From California

Mr. and Mrs. E. H. Beer, and Miss Bessie Beer have returned recently to Charlottetown from San Diego, California where they went to reside two and one-half years ago with the idea of living there permanently. Their son Mr. Walter Beer who was in Kentville Sanatorium, also went to California for the benefit of his health. The San Fernando Veterans' Hospital in which he was located is situated in the San Fernando Valley some twenty miles distant from the coast. In the summer season the temperature was found to be too high to benefit the patient and he made up his mind to return east rather than stay another summer in California. Therefore the family

Divorce Suit Against Porter Reveals \$18,000 Income Salary And Tips

DETROIT, May 29—Spectators in the courtroom of Judge Alfred J. Murphy to-day gained an idea of the extent to which the travelling public tips its servants when they listened to testimony in the divorce suit of Mrs. Jessie H. Mitchell, against Maxwell V. Mitchell, head porter at one of Detroit's leading hotels. Mitchell tips for one year, according to the testimony, totaled approximately \$12,000.

"Five Million Dollar" Counterfeit Plant Raided

(Special to the Guardian)
NEW YORK, May 29—Crashing into a room on the top floor of a Brooklyn apartment building, seven Federal secret service agents this morning captured one of the most ingeniously devised counterfeit plants on record, along with \$1,000,000 in spurious bills. It was a staggering blow to big time crime and the second such blow to be delivered here in New York over a period of 24 hours, while \$1,300,000 worth of glittering jewels, all presumed to have been stolen, were resting in Police Commissioner Mulrooney's safe at Headquarters.

The Federal men crept up the stairs of the Brooklyn apartment, hammered down the doors and nabbed three men caught working over the lithographing plant from which they had already turned out a sizeable fortune in currency. The bills already engraved were stacked in neat piles in the room. They were \$50, \$20 and \$10 denominations. The counterfeiters used a large plate which printed 27 bills to the sheet.

Three Killed On Mission Of Mercy

(Special to the Guardian)
BELLE FOURCHE, S. D., May 29—A physician, a nurse and the pilot of an aeroplane were reported today to have been killed when their aeroplane crashed near the little prairie town of Pinele, Montana. Dr. A. S. Sherill received an emergency call last night from a patient at Pinele, 80 miles from here, and immediately chartered an aeroplane. Pinele is not on a railroad, and highways were impassable.

THREE YOUNG BANK CLERKS ARRESTED

Four Years of Gambling On Stock Market Led To Their Downfall.

(Special to the Guardian)
TORONTO, May 29—Four years of gambling in the stock market in which heavy losses were incurred in the collapse of the market, resulted in the arrests yesterday afternoon of charges of conspiracy and theft of \$25,840 of three young bank clerks. Those arrested were Francis P. Lowry, single, aged 27, of 80 Hampton Avenue; Wilfred Tomkinson, single, aged 26, of 756 Gladstone Avenue; and Leslie Garfield Penner, single, aged 23, of 38 Ingham Avenue. All three were lodged in Dundas Street West Police Station, being unable to raise \$15,000 each required for bail.

The arrests by detectives Waterhouse, McAllister and Ewing were made in the office of Crown Attorney Eric Armour, after the clerks had made confessions of their part in the theft, it is said.

A few days ago a conference was held by the three men, when according to the statement of Lowry, they found themselves at the end of the road and being unable to make good their losses through speculation confessed to the Manager, Chief Inspector F. C. Kennedy of the Royal Bank of Canada, with whom all three were employed, took charge of the case. The three accompanied him to the City Hall where their stories were related and the arrests followed.

New Zealand Is Suffering From Trade Depression

(Special to the Guardian)
WELLINGTON, New Zealand, May 29—New Zealand, like the rest of the world, is involved in international trade depression, demonstrated by the fact that the new Premier, Hon. G. W. Forbes, estimates there will be a budget deficit of about \$14,000,000. Drastic measures of economy are foreshadowed. They include the saving of about \$2,500,000 on defence and the saving of the same amount in general departmental costs. Expenditures for education and hospital care will be cut and even then, warns Premier Forbes, additional taxation will be unavoidable.
