INSURGENT FORCES TAKE MADRID SUBURB

ROOSEVELT IS GIVEN VIRTUAL MANDATE

Continues To Roll Up Big Majority

Apparent Electoral Vote Is 523 For The President. And Eight For Landon.

(C. P. By Guardian's Special Wire)

With a bone rattling blow that shook Republicanism to its vitals, President Roosevelt advanced today to the greatest victory any candidate has had since the United States grew up.

So vast was his margin over Alfred M. Landon that followers called it a clear mandate for Roosevelt to continue his Liberal policies; even some of his bitterest opponents said every real American must stand behind the President.

Some reactions were immediately visible. The New York stock market was thrown into a buying whirl, with some issues advancing to a new five-year high and only public utility stocks the object of heavy selling.

Just two states, Maine and Vermont, with a total of eight electoral votes stood on the Landon side. New Hampshire spent election night in the Landon column then climbed on the Democratic bandwagon.

Approve Terms Of Public Order Bill

LONDON, Nov. 4—(CP Cable)—The cabinet tonight approved the terms of a public order bill to be submitted to Parliament shortly. It is understood the objects of the bill are twofold:

- (1) To strengthen the powers of the police to prohibit or divert political processions which are likely to lead to a breach of the peace.
- (2) To forbid in general terms the wearing of political uniforms, while not attempting to define in definite language the nature of such uniforms.

It is understood the bill will be given priority over any other government business after conclusion of the debate on the address in reply to the speech from the throne, and it is hoped the bill will be enacted before Christmas.

The parents and elder daughter were visiting neighbors when the fire occurred.

Smashing Victory

In the end, the President seemed certain of 523 electoral votes, Landon eight. It was the nearest approach to unanimity in the Electoral College since James Monroe was reelected in 1820 with only a single vote against him.

A correspondingly top-heavy majority in the House of Representatives and Senate seemed likely. The Democrats appeared to be winning enough seats to give them 75 of the 96 in the Senate. House returns were slower but with something like two score of contests in doubt, the Democrats appeared sure of going beyond 300 seats. In the upsets they had taken two republican seats for every one the Republicans had gained from them. They had 308 members in the last House.

Not since William Howard Taft went down in the snorting bull moose rampage of 1912 had the fortunes of the Republicans fallen to so low a state. Even then, through Taft got only the eight electoral votes of Utah and Vermont, all of the rest did not go to the Democrats. Theodore Roosevelt got 88; Woodrow Wilson the remainder.

Mercy Death Bill Before Parliament

LONDON, Nov. 4—(AP)—A "Mercy Death" bill to permit medical men to kill incurable patients was introduced in Parliament today.

It was presented by Lord Ponsonby, climaxing a year's campaign by many medical and church leaders for euthanasia—their term for "easy death."

It would enable physicians and surgeons legally to put to death patients suffering great pain from conditions diagnosed as hopeless.

For almost a year there has been growing controversy in Britain over "mercy death."

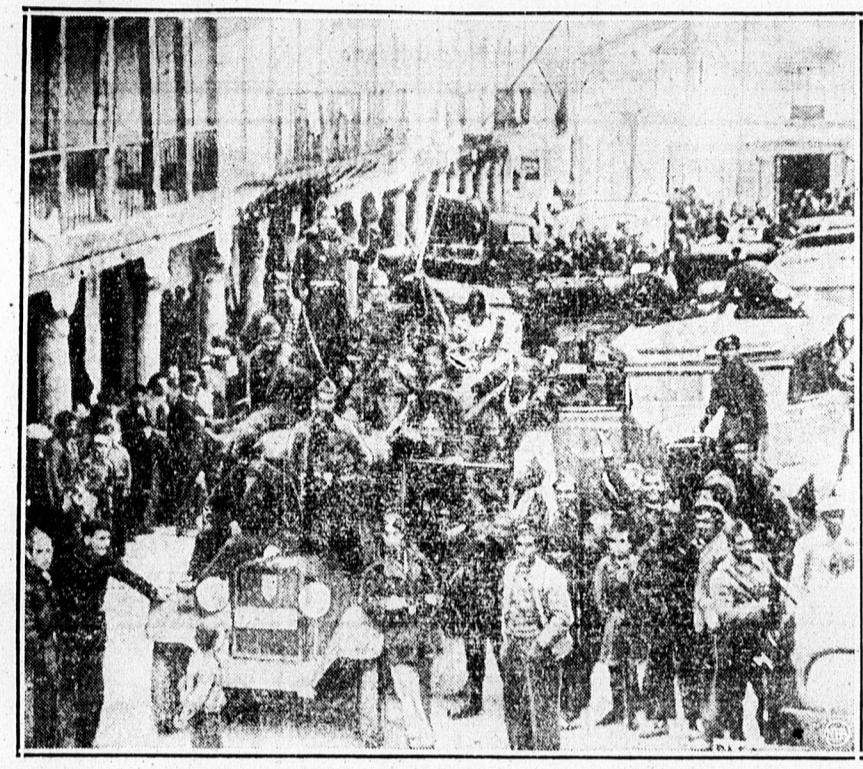

Dosco Shares Push Forward To Highest Level Since 1931

MONTREAL, Nov. 4—(CP)—Steady investment buying that reached a total of more than 4,500 shares pushed Dominion Steel and Coal Corporation shares to \$8.75, highest since 1931, on the Montreal Stock Exchange today.

Light profit taking near the final bell brought the price down to around \$8.55, up 25 cents from the previous close. The 1931 peak was reached when the price touched \$10.75.

In the general list, gains of \$1 to \$3 showed for International Nickel smelters, Nonanda, Tuckett's preferred, Canadian Bronze, Steel of Canada, Dominion Bridge, Niagara

MADRID AN ARMED CAMP

Closer and closer the rebel forces move on Madrid. Hour by hour the Spanish capital comes more closely to resemble an armed camp. Few young men appear in the streets except as members of the armed forces. Squads are busy in the streets erecting barricades, bomb-proofing cellars against the now feared attack by victorious insurgents. And the streets echo day and night to the rattle of trucks loaded, like those pictured, with soldiers and munitions being rushed to the front for the desperate defense of Madrid.

RECEPTION AT GOVT HOUSE

Nearly 600 guests attended the reception at Government House yesterday afternoon when Mrs. George D. DeBlois, wife of Lieutenant Governor DeBlois, entertained. The gracious Chateleine of Government House was assisted in her pleasant duties by Mrs. Thane A. Campbell, wife of the Premier.

While cold autumn showers swept the landscape out of doors the spacious rooms of Government House were gay with flowers and bright with softly shaded lights and cheery fires.

After the guests had paid their respects to the Governor's Lady they were ushered by Mrs. J. Rowland Paton and Mrs. P. D. Williams into the tea room where the exquisite-ly decorated tea-table was presided over by Mrs. A. E. Arsenault and Mrs. Percy W. Turner. Assisting in serving were:

Mrs. T. B. Rogers, Miss Iphigenie Arsenault, Mrs. P. S. Fielding, Mrs. Robert L. Cotton, Miss Dorothy Wyatt, Mrs. Ralph Murray, Mrs. G. Elliot Full, Mrs. Robert T. Holman, Miss Bessie Beer, Mrs. Charles H. Beer, Mrs. R. Reginald Bell, Mrs. J. David Stewart, Miss Laura Cox, Miss Alice Cox, Mrs. Dora Campbell, Mrs. M. A. Farmer, Mrs.

Prosecution of two Communists charged with assaulting five Italian Fascists, including the consul, was being prepared following an indication that the Italian Government would be satisfied with such action.

CANADIAN NAVY GOES TO SAIL

OTTAWA, Nov. 4—The Royal Canadian Navy is going to sail. Henceforth Canadian bluejackets will be required to be more than mere "sea machinists." They are to study seamanship from the bottom up, be able to handle ropes and spars, know which is the jib top and which the stays, and understand what to do when ordered to take a hitch.

Unperturbed by rumors of extensive construction of modern battle-ships, the naval wing of the Defence Department is building a schooner at Meteghan, N. S. a trim craft, this reinforcement will carry little.

If any armament—probably a couple of two-pounder guns for saluting purposes, The Department will employ her to resurrect within the naval personnel the forgotten

CANADA MAKES CONCESSION TO WEST INDIES

MONTREAL, Nov. 5—(CP)—(Thursday)—An important concession to the British West Indies by the Dominion Government has been made in the extension to those islands of the most-favored nation tariff treatment, the Montreal Gazette says today in a special despatch from its Ottawa correspondent.

This change will make it possible for West Indies exports shipped to Canada via United States ports to be imported into this country on the same terms as products of foreign countries, the despatch says.

Oranges and grapefruit, largest items of imports into Canada from the British West Indies, have carried much higher duty than they would otherwise when they have been shipped on a vessel calling at New York or some other United States port. Were they to enter Canada through a Canadian port they would enjoy a considerable duty reduction and the arrangement just concluded, and which becomes effective Nov. 15 will give West Indies products the same rates when shipped through the United States as they would carry if shipped direct through a Canadian port, the despatch adds.

This change, continues the despatch, will not seriously affect trade through such ports as Saint

Capture Getafe Following Sharp Bitter Struggle

NEW GOVERNMENT

MADRID, Nov. 4—(CP-Havas)—A new Government lineup, fifth since the civil war started, was announced tonight as insurgent planes flew overhead and artillery fire blasted a path for the insurgent troops hammering at the capital's southern gates.

Four Anarcho-Syndicalist members of the powerful National Confederation of Labor were included in the reshuffled cabinet.

Senora Frederica Montseny, well known writer and daughter of a veteran Anarchist, became Spain's first woman cabinet minister, taking the health portfolio, a new post. The other Anarchists were:

Juan Garcia Oliver, secretary-general of the Catalan war department's defence committee—justice.

Juan Peiro, manager of the So-operative Glasworks at Mataro—Commerce.

Juan Lopez, leader of the Valencia Anarcho-Syndicalists—Industry.

Carlos Esplá, a Left Republican, was named minister of press and propaganda, a new office.

The make up of the rest of the cabinet follows:

Premier and War Minister—Francisco Largo Caballero, Socialist, remains premier and war minister.

As the 22nd government in the history of the five-year-old republic was being formed, Madrid's populace heard the boom of artillery on the battlefronts to the south and west.

(The Fascists were just south of Getafe, which is only eight miles from the centre of the capital, and had seized Mostoles, 10 miles south of Madrid.)

Anti-aircraft gun crews took a few shots at the Fascist planes which circled over the city but for the most part the machines stayed well beyond range.

The populace found some hope in a Government statement that

Potato Futures At Peak Price

CHICAGO, Nov. 4—(AP)—Potato futures registered an all-time peak on the Chicago Mercantile Exchange today, when March delivery soared 12 cents to \$3.35 per hundred-weight. January potatoes climbed nine cents to close at \$2.99, its previous high mark.

Traders attributed strength in the futures market to moderate supplies at Chicago, indications for snow and colder weather in the Northwest, and a firm tone in the wholesale cash market here, with Idaho russets gaining 10 cents.
