## Socialists Told To Fight Fascism

ROME, Dec. 30.—Italian Socialists were called upon today by Pietro Nenni, former editor of the Avanti, official Socialist organ, to fight desperately against Fascism. "Now is the time to strike the blow," said a message he addressed to the party, urging all branches of Socialism to unite just at a moment when Fascism is about to obliterate the remnants of the party.

## WHEN CHOOSING TEXTILES.

Good materials are expensive and one should be careful in the selection to find those that will not wear well, but also those that will look well after much wear. Here are a few simple tests for protecting women from buying rejected or adulterated wool and weighted silks.

Hold wool material to the light. It should be firmly woven, otherwise it will not hold its shape. Ravel out warp and wool threads and break them. Wool pulls apart with kinky ends while cotton breaks. Wool burns very slowly, gives off an odor of burning feathers, and leaves a large amount of ash.

Brush the surface of napped cloth briskly. If the nap loosens and drops off, the cloth will soon wear thread bare and will look shabby.

Pure silk is light in weight and has long endurance. When silk dresses and blouses crack or give at the seams soon after they are made up, the silk is weighted. Before purchasing silk, burn a sample of it. True silk burns slowly, giving off an odor of burning feathers. The ash curls up into a tiny ball on the edge of the burning material. Weighted silk burns slowly, holding its shape after being burned.

## EFFECTIVE HELP

A green brakeman on the Colorado Mudline was making his first trip up Ute Pass. They were going up a very steep grade, and with unusual difficulty the engineer succeeded in reaching the top. At the station, looking out of his cab, the engineer saw the new brakeman and said with a sigh of relief, "I tell you what, my lad, we had a job to get up there, didn't we?" "We certainly did," said the new man, "and if I hadn't put on the brakes we'd have slipped back."

## SOMETHING ELSE

"Read the directions on the bottle, Mary."  
"It says: 'For adults, one teaspoon.'"  
"Gosh! That ain't what ails me—what else does it say?"

## Amateurs To Limit Professionalism

NEW YORK, Dec. 30.—Styling professionalism as the bugaboo of American athletes, Colonel Henry Breckinridge, President of the National Amateur Athletic Federation today appointed a commission to deal with the problem of drawing the line between amateur and professional sports. Addressing the annual conference of the Federation, Colonel Breckinridge said: "The professional athlete is perfectly all right in his own sphere, but when you have the amateur and professional spheres of athletics mixing, it is like the economic law of bad money driving good money out of circulation."

## Princeton Beaten By Montreal 5 To 3

NEW YORK, Dec. 30.—Princeton went down to its second defeat in two days and Canada came from behind to get an even break with the United States in a four game inter-collegiate hockey series to-night, when the University of Montreal sextette took a 5 to 3 win from the Tigers.

## Race Park Sold

COLUMBUS, Ohio, Dec. 30.—The Columbus Driving Park, where for the past 33 years the Grand Circuit harness races have been held, was sold to a realty company yesterday for subdivision into residential property. The sale price given as \$306,000, but the name of the purchasers was not made known. A public auction will be held to dispose of the barns, grand stand and other property.

## THE SECRET OF BEING HAPPILY MARRIED

By Irving Bacheller

The love between a man and a woman is like a plant. It must grow or die. It can not stand still. Nothing stands still. One's love either grows wider and deeper or it grows less. The first passion is not the real thing, it is only a phase of it. That which is to grow it must have the bread of friendship and mutual sacrifice to feed upon. Love is capable of miracles, but there is one miracle which it can not perform. It can not fast and grow strong. It is like every other thing that has life. It must be fed. When you get a wife, don't expect the ravens to feed her love for you.

Most men and women could be just as happily married as we. If they would put into the enterprise against the Fascist regime, the Monarchists and the Bourgeoisie. The message struck a sinister note when it said that the recently uncovered Zamboni plot against the life of Premier Mussolini would be the beginning of others.

Once the well-chosen two are married the rest is mostly up to the man. He is the leader, the captain, the pathfinder. Much depends upon his honor and courage and good faith. At the altar he has taken upon himself the most solemn and binding obligation known to this world of ours. Be fore God and man he has promised to be true to the woman of his choice, and leaving all others to cleave to her. Does he mean it? Is he honest in this great undertaking—as honest as he would be with a business partner? Will he treat his wife with as much good faith as he gives to Smith and Jones, who are associated with him in the shop? Are the laws of God as sacred to him as the by-laws of his corporation? If so, there is not one chance in a hundred that his marriage will be unhappy for the life of the world.

We should all understand that a man who is a traitor to his home, who breaks the heart and spirit of his wife and brings discredit upon his children, is guilty of the grossest breach of honor of which a man is capable. I would sooner forgive him who defaults in the counting room, than he who defaults in the counting room of his home. In any event he is not seriously undermining the foundations of civilized life. So many men try to stand on both sides of the fence in this matter—to be openly straight and secretly crooked. How sure they are to wreck their homes and build up a growing distrust of themselves! For here is a great truth. No man ever fooled his wife or his community for long as to the exact conditions of his character. It will come out, somehow. In whispers that travel like the winds of heaven.

## CANADIAN ACE TO NEWBURGH

### Is in Good Condition Except for Slight Cold.

ST. JOHN, Dec. 30.—Charlie Gorman, Canadian ace of the tubular blades, left last evening for Newburgh where he will make his first bid for honors for the 1926 skating season on New Year's Day. Gorman was in good condition, except for a cold, and was confident that he would make a good showing at the meet, which is for the Middle Atlantic States title.

Clas Thunberg, European champion, will also skate at Newburgh, but so far as is known here, he will confine his efforts to exhibitions at longer distances and will not try to deprive Joe Moore of the championship he won last year. A fast field is entered, however, and Moore will have plenty to think about if he hopes to retain his crown.

## Goal Getters Of The N. H. L.

MONTREAL, Dec. 30.—Scoring totals of the players in the National Hockey League are as follows: Nelson Stewart, Montreal, 8. Cy Denneny, Ottawa, 8. Morenz, Canadiens, 7. Dye, Toronto, 7. Selbert, Montreal, 6. Cooper, Boston, 6. Boucher, Ottawa, 6. Burch, New York, 6. Noble, Montreal, 5. Jollat, Canadiens, 5. Nighbor, Ottawa, 5. Herberts, Boston, 5. Milks, Pittsburgh, 5. Broadbent, Montreal, 4. McCaffrey, Toronto, 4. White, Pittsburgh, 4. Conacher, Pittsburgh, 4. Langlois, New York, 4. Boucher, Canadiens, 3. Smith, Ottawa, 3. R. Green, New York, 3. S. Green, New York, 3. R. Smith, Pittsburgh, 3. Adams, Toronto, 3. Geran, Boston, 3. Mitchell, Boston, 3. Rothschild, Montreal, 2. Kitchen, Montreal, 2. Dunc Munro, Montreal, 2. Leduc, Canadiens, 2. Drury, Pittsburgh, 2. Neville, Toronto, 2. Corbeau, Toronto, 2. McKinnon, New York, 2. Lowry, Montreal, 1. Dinsmore, Montreal, 1.

## Let Them Come On Covey At Capital

FREDERICTON, Dec. 30.—A. W. Covey, of Saint John, former president of the Maritime Provinces branch of the Amateur Athletic Union of Canada and still active in its affairs as honorary president, is in Fredericton today on a business trip.

Mr. Covey professed today to have heard nothing of the threat of the Moncton Athletics to take court action to force reinstatement of Rod Bidlake, former Fredericton goal tender, by the Maritime Provinces branch. "Let them come on with their court action if they want to," said Mr. Covey. He made no definite statement as to the Bidlake case, however.

"Y." Hike

This morning at ten the bunch are planning on a spruce hunting hike, so if you feel like it, put on your warm clothes, and moccasins, take a small axe with you if you have one and meet at the "Y."

The more the merrier, lots of fun is assured so come along and join the gang.

## Endorse A New Labor Calendar

(Canadian Press) OTTAWA, Dec. 30.—Thirteen months of 28 days in each month is the new calendar year which has been endorsed by the Dominion Trades and Labor Congress, of which Tom Moore is president and which last week went into executive session in connection with the endorsement of a special appeal which is being made by the committee of the League of Nations which is fostering a new calendar year for Labor.

Briefly the endorsement given by the Canadian Trades and Labor Congress to the new calendar year means that the year so far as labor is concerned shall consist of 13 months of twenty-eight days each, instead of the recognized calendar of 365 days and 52 weeks.

## WHEN GEORGE AND MARY WISH TO MARRY

The only way to give two young people any fundamental assistance in this problem of the cost of living is to set up before them some standard which they may use as a measuring-rod. The measuring-rod we have attempted here is that amount of money which will, on the average, if carefully spent, provide safety, decency and a reasonable amount of comfort and development. Such a device includes low standards of comfort, and does not take into account any real luxury. The attempt we have made to show how to figure costs must be regarded largely as guides and not as rules.

What must Mary and George spend for food? To provide a dietary that will give the greatest measure of health protection from food, not less than eighty cents a day is necessary for raw food materials for two grown persons. This small amount spent for right foods means a wholesome diet, but a monotonous, uninteresting and unvaried one. It restricts eating to eating to live. A dollar to a dollar and ten cents a day for two adults with knowledge and skill will buy plain diet with a few spots of interest. A dollar and a half a day for raw food materials for two adults will permit some food luxuries; two dollars a day for two adults, skillfully spent, will provide raw material for food luxuries as well as necessities. To furnish anything like an appealing and at the same time adequate diet, however, these young people should count over not less than fifty cents a day apiece or a dollar a day or thirty dollars a month to buy the raw food materials.

Mary, if skillful, may maintain the wardrobe decently but meagerly for a hundred and fifty dollars a year for herself and a hundred and twenty-five dollars for George. With two hundred dollars for herself and one hundred and fifty dollars for George, plus her skill in making, making over and keeping in repair, the two may be simply but attractively clothed. With three hundred dollars for Mary and two hundred and twenty-five dollars for George, they may begin to rise into the well-dressed class, but this scheduled eight round bout.

## Teams Hand Out Snappy Exhibition

NEW GLASGOW, Dec. 30.—The New Glasgow senior hockey team took the Dalhousie Tigers into here tonight by a score of two to nothing. The game was witnessed by eight hundred fans who were constantly kept on their toes by the many scintillating performances of the players of both aggregations. When the final gong rang the customers filled out of the rink well satisfied with the showing made by the local players against the Halifax collegians.

Probably the outstanding feature in connection with the game was the brilliant work of the opposing net guardians, Lewis for Dalhousie and Lennon for New Glasgow. They handled numerous difficult shots in a fashion that brought plaudits from the house while their work in clearing was excellent.

## Opening Period Fast.

The play in the opening period was very fast and both teams forced the pace. In this period there was a good deal of whistle blowing in territory, but neither team was able to mark up any counters. Only one penalty was handed out in this stanza and this went to one of the collegians for a hip check to the boards.

The second period saw a good deal of see-saw hockey with the forwards of both teams working nicely. In this period Ernie Wilton banged home both New Glasgow goals. The first was scored by Williams after a brilliant start from his own defence line. The second he poked in from a rebound on a shot off Geo. McKay's.

Both goals were almost impossible stops and Lewis had not much chance to save. Geo. McKay got a trip to the pen in this period for tripping. In the final frame both teams played a combination game and roughed it up a bit. Nicholson packed a shot past Lewis, but the whistle had blown and it did not count. Cavannah, Nicholson and McKay received rests in the cooler in this frame, the line-up:— New Glasgow—Goal, M. Lennon; defence, E. Campbell, L. McDougall; forwards, A. Nicholson, G. McKay, E. Williams; subs, M. Chisholm and D. Cavannah. Dal—Goal, Lewis; defence, Ernest Wilson; forwards, McDonald, Creighton, Martin; subs, Grant, Langstroth, Waddington. D. Currie handled the game in a capable manner. After the game the Dal team were the guests of the N. G. A. A. at a dance in K. P. Hall.

## Zivic Wins

FALL RIVER, Mass., Dec. 30.—Pete Zivic, Fitzburg bantam weight, won the decision in a ten round bout with Young Delaney, of this city last night. Jack Gagnon, New Bedford, knocked out Yussell Perlestein, of Boston, in the second round of a well-dressed class, but this scheduled eight round bout.

## TONIGHTS GAME

Tonights hockey classic between the Dalhousie Tigers and the Charlottetown Abbies which will open the local hockey season of 1925-26 tonight is being awaited with eager interest by local fans and promises to be a very exciting match.

Tuesday night New Glasgow blanked the Black and Gold sextette two to nothing. Tonight's struggle promises to be a close one indeed, as the visitors have the advantage over the home team in playing experience during the season.

The Dal boys arrived in the city last evening, so that the games will start promptly at 8.15, without fail, and spectators are requested to be in their seats before the starting whistle.

Another point on which the management would like the full cooperation of the fans, is the smoke nuisance. Many a good game has been spoiled by a thick smoke screen that hindered players and the view of spectators alike, and smokers are requested to resist the weed till the conclusion of the match.

Mr. Fred Moore will officiate as referee, and the line-ups will be as follows:—ABBIES—Forwards, Gordon, McEachern, Prowse, Lou Campbell; Cox, Cronin, E. Diamond, Defence, Kelly Williams, Aylward, Goal Diamond or Dougan.

DALHOUSIE—Forwards, McDonald, Creighton, McIntyre, Defence, Ernst, Wilson, Goal, Lewis, Subs, Grant, Logstrath, Waddington, Uplian.

The Dal team is accompanied by J. F. McManus, Manager, and Constant Uplian, assistant manager.

## Burlesque Hockey

On New Year's afternoon at half past two, two hockey teams of six players each, accompanied by a mascot and policeman, will leave Abegweit headquarters on Grafton street (near Jenkins and Son Grocery) and will stage three short hockey games in the city streets. Any player whose weapon is the replica of another's will receive a penalty and the puck used will be a basket ball. The aggregations will proceed to the rink and beginning at three o'clock will play a gruelling three five-minute periods game. Between periods there will be vaudeville by clowns, and taken all in all the whole proceeding promises to be productive of much fun and hilarity. The regular Dal-Abbie game will start at 3.15 sharp, but spectators should not miss the fun fest that will precede it.

## Quebec Hockey

MONTREAL, Dec. 30.—In their first home stand of the season, Victoriens defeated Nationals, 1 to 0, in a schedule series Q. A. H. A. fixture at the Forum last night. The game, which was witnessed by fifteen hundred spectators, was the best, so far, of the local amateur season, the play being featured by the defensive work shown by both teams. The lone goal of the encounter was scored by Ted Bowles, Vic. centreman, when he pushed the puck past Beaudry during a scramble in front of the Nationals goal three and a half minutes after the second session had got under way.

Jean Sauve, National left winger, started last night's game, despite the fact that his amateur card had been cancelled by the Quebec branch of the Amateur Athletic Union of Canada.

OTTAWA, Dec. 30.—Sons of Ireland, Quebec city's entrant in the Quebec Amateur Hockey Association, won a bitterly fought league game from Ottawa Canadiens here last night by a score of 4 to 3. Canadiens closed fast, scoring two goals to tie it up in the final period, but Sons of Ireland came again with only a few minutes to go and took the old goal in seven to win the fixture.

## Composer Is Forced To Flee From Kissers

CHICAGO, Dec. 30.—Opera-enthusiasts broke all bounds Saturday, when W. Frank Harrington, Boston composer, at the conclusion of the world premiere of his "A Light From St. Agnes," was pursued into the lobby of the theatre and kissed repeatedly. Harrington conducted his own opera, the first to introduce the saxophone and banjo. At least 200 men hugged and kissed him. Women were as emotional as the men, and Harrington escaped them almost in a state of collapse, fleeing to his hotel room.

## Steamer Sinks, Says Radio Report

NEW ORLEANS, Dec. 30.—Mrs. J. Vulevich, of New Orleans, was notified tonight by a friend who owns a radio receiving set, that he had picked up a message telling of the sinking of the United States Shipping Board steamer Jeff Davis. The message did not state the position of the vessel. Mrs. Vulevich said that her son, Edward Vulevich, was on the boat. New Orleans navy radio officers reported that they had not picked up a distress message recently. Mrs. Vulevich said that the Jeff Davis is operated as a freight vessel between London and New Orleans. She said the vessel left London on December 21 and was due to arrive in New Orleans January 12.
