No hat Store east of Montreal makes as fine a display of hats as we do. We have been gradually getting the hat trade of this city and country as well. Our prices are the lowest possible, we buy direct for spot cash. We would like to show our hats to every gentleman in the city as we know the styles will please, as well as the price.—S. A. McDonald, The Up-to-Date Hat Store.

There is no line of our business which we take more pride in than our hat department realizing that we have the only up-to-date system in the city for showing hats. We have a larger variety to choose from than all the other hat stores combined. Our guarantee goes with every hat we sell or money refunded.—S. A. McDonald, The Leading Hat Store.

Our new hats for fall are now in and they are the most complete line ever shown in this city. The Buckley, England's best is recognized in every city in Canada as the best English Hat made. No other hat has so much style it is well known as England's best.—S. A. McDonald.

Every man who is at all interested in hats must know that we do the leading hat trade in the city. We also have the only up to date system of displaying hats. No trouble here to see just the style of hat that suits you best, three hundred hats displayed behind large sliding glass doors. Store open evenings till 8 o'clock.—S. A. The Lusitania Was Not Pushed

Voyage Demonstrates the Utility of the Turbine For Speed and the Owners Are Abundantly Satisfied.

New York, Sept. 15.—A few days ago was celebrated locally the 100th anniversary of that proud occasion when Robert Fulton's 120 foot steamer Clermont went puffing up the Hudson River at a five mile an hour clip. The steaming craft whose passengers New Yorkers turned out to welcome breakfast in Queenstown, Sunday, and lunched in New York Friday. Both experiments, equally successful, were epoch-making the matter of propulsive power—the Clermont with her side paddles and the new Cunarder with her quadruple turbines.

The voyage of the Lusitania was chiefly important in that it was the great speed test of the most modern propulsive power. This is the view taken by her owners, who are satisfied that the practicability of the turbine for fast scheduled vessels has been demonstrated.

STEEL KNIFE IN THE FLESH
That's the sensation experienced by Robert Price of Hecan, Ont. He knew it was Sciatia and of course used "Nerviline." As usual it cured and he says: "No liniment can exceed Polson's Nerviline. Severe pains made my side lame. It was like a steel knife running through the flesh. I rubbed in lots of Nerviline and was completely cured." A regular strap for Nerviline to ease Sciatia, and rheumatism. It sinks into the crevices of the pain, cures it in short order. Large 25c bottles at all dealers.

HELPS MEN TO WORK HARD.
That's what Ferr-zone does; it supplies the additional strength that enables a man to sustain health under difficulties. "Last spring I was so completely fagged out I could not work," writes J. W. McNicol of Toronto, Man. "In the morning I was tired—limbs ached all over. Had no appetite, was sleepless, nervous and unhappy. Ferr-zone put new life into me. Now I eat heartily, nerves are strong, I sleep well. I know the joy of health." It's by supplying your system and good blood that Ferr-zone builds up; try it—50c per box at all dealers.

A STOREHOUSE FOR POISONS
You may not think so, but that's what you become when the kidneys are affected. These organs cleanse the body; they are the filters that remove from the blood the waste matter that acts like deadly poison on the vitality and health of the system. Dr. Hamilton's Pills stimulate the kidneys, expel fermenting matter from the bowels, restore the liver and stimulate all excretory and secretory organs. This enables the blood to quickly replenish itself and establishes perfect health. No medicine does such lasting good as Dr. Hamilton's Mawfrake and Butternut Pills, 25c at all dealers.
