Principal Resigning

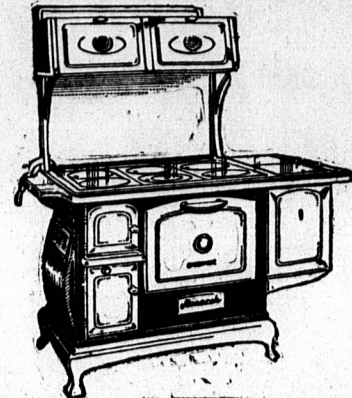

CANON HASLAM WILL LEAVE EMMANUEL COLLEGE FOR WORK IN EAST.
(Saskatoon Exchange, April 5)
Resignation of the Rev. Canon R. H. A. Haslam, M.A., D.D., as principal of Emmanuel College, to take effect at the end of July, was announced this morning by the Rt. Rev. W. T. Hallam, Bishop of Saskatchewan and chancellor of the college. Bishop Hallam held the post himself some years ago.

NEAR RETIREMENT AGE
The bishop said that Canon Haslam had resigned because he is completing his tenth year as principal of the college and has attained the age for retirement from academic work. He desires to devote some years to evangelistic and parochial work in Eastern Canada.

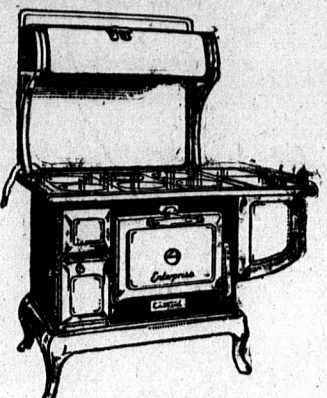

Before coming to Saskatoon, Canon Haslam served the Canadian Church in Kangra, India, for 15 years and had the unique opportunity of opening up an entirely new field of missionary endeavor, Bishop Hallam said. There also, the principal's wife, Doctor Hallam, opened a hospital and continued as the attending physician during their stay in India. "In this way," the bishop pointed out, "both the principal and his wife have written their names indelibly on the pages of the history of the Canadian church missions.

LONG RIVER WOMEN'S INSTITUTE
The March meeting of the Long River Women's Institute was held at the home of Mrs. Ernest Dunning with an attendance of sixteen members and five visitors. Mrs. W. E. Johnstone again presided in the absence of the President. Meeting opened the usual way by singing Institute Ode and repeating Creed in unison. Minutes of previous meeting read and approved and Roll Call responded to by Irish Jokes. The sick committee reported making calls and sending fruit to four shut-ins, and several letters of thanks were read by the Secretary. The school committee reported visiting school, and suggested that several articles, such as erasers, soap and alcohol be supplied from the Institute funds. The following members volunteered to scrub the school during the Easter holidays—Mrs. Constable, Mrs. Everett Paynter, Mrs. Elmer Paynter and Mrs. Heath Campbell, and Mrs. Oscar Johnstone offered to supply sulphur candies for disinfecting school room. A new programme committee for the next three months was also appointed, namely, Mrs. Heath Campbell and Mrs. Murray Constable. The Debate had to be postponed until the next meeting as a number of the speakers were absent. Mrs. Allan Campbell read a story entitled, "Love and luck with a pot of Shamrock," and afterwards a game, "Writing our last Will" was enjoyed by everyone. The next meeting to be held at Mrs. Murdoch MacLeod's and a grab bag passed around for Roll Call, to which the members are asked to contribute Ten Cent articles. Lunch committee, Mrs. Allan Brown, Mrs. Bruce Bell and Mrs. Allan A. Campbell. Meeting closed by singing "O-Canada."

In recognition of their missionary work, the principal was made an honorary life governor of the Church Missionary Society of London. An honor conferred on comparatively few missionaries. "Canon Haslam has been a member of the General Synod of the Anglican Church for years and also of important committees in the Diocese of Saskatchewan. "The principal is an honors graduate of the University of Toronto, where he took his Master's Degree. He was made chancellor of St. John's Cathedral here by Bishop Lloyd in 1924 and he held the position of Archdeacon of Saskatchewan from 1929 to 1932. Emmanuel College conferred on him the honorary degree of doctor of divinity shortly after he became principal. He has been president of the Bible Society and president of the Ministerial Association during his time here. "During the ten years that Canon Haslam has been principal of Emmanuel College there have passed through the college 88 graduates who are serving in practically every one of the 11 dioceses in the Prairie Provinces and in the four dioceses in British Columbia. "During his time as rector of St. James' Church, where he was for five years, and during his college life, and as a citizen of Saskatchewan he has identified himself with all good causes and on his departure he and his family will be greatly missed. His son is lecturer in the physics department of the University of Saskatchewan after a brilliant course in Germany. His daughter, Phyllis, is physical instructor at the Y.W.C.A. in Montreal. His daughter Florence, is medical missionary in Kangra, India, carrying on the work which her mother started. His daughter Margaret has just resigned from her teaching post in Lloydminster, and his youngest daughter, Lois, expects to be graduated from the university here this spring.

(Rev. Canon Haslam's old home is Stone Cottage, Springfield).

BRISBANE, Queensland, April 20 —(CP)—A home-made canoe, built at a cost of \$10, today was carrying Charles Morrice and his bride along Australian rivers to what they hoped would be a new world's inland canoeing record. The couple are paddling down the Condamine River, then along the Balonne, Culgoa, Darling and Murray Rivers to a point near Adelaide, South Australia. By the time they return to Brisbane by the same route they will have covered about 4,000 miles.

SENSIBLE HEELS ATTRACT SCORBE
VANCOUVER, April 19—(OP)—Grace Luckart, the writer who never forgets her childhood days in Tara, Ont., has a story in "The Province" about sports shoes. It will find sympathetic echo in middle-aged women's hearts—or mothers who wish to keep up with their daughters, even if they are a few laps behind. "I watched the salesman as he walked the length of the store, pulled out a box that had been decorated to match the wall, and took out a shoe. Carrying it as he would some sort of a sacred chalice, he came back and balanced it before me. "What is it? I finally asked. "Something in a little spectator sports? 'What kind of sports?' I wanted to ask. Instead I just stared at it. He brought it down closer. Finally relinquished it altogether. I took it. Silently we looked at the little model. "It looked to me like something Sir Francis Drake might have worn. Light brown with a lot of little slits fastened together with bows. The artisan who made it evidently slit it down at random and then tied it up again." She tries it on and the effect is so overpowering: "Bring me something with a sensible heel, in a dark leather, with an arch support," I said. "And while I waited, I once more remembered Gerolamy's store. Just two kinds of shoes you could buy, either for everyday or church. And no nonsense in between."
