1000 Eggs In Every Hen

If You Keep Chickens Cut This Out—Four to Seven Eggs a Week per Hen Through Cold Winter Season. With Eggs at Dollar a Dozen, Means $5.00 Profit per Hen in Next Six Months. Amazing Poultry Secrets Revealed By AMERICA'S FOREMOST POULTRY EXPERT

This is an offer no reader of this paper who keeps chickens can afford to ignore. We will tell you why.

Henry Trafford, Famous Poultry Expert and Breeder, for nearly eighteen years Editor of "Poultry Success," has developed a new and remarkable system of rearing and feeding chickens for heavy production that seems certain to revolutionize the poultry industry and give five eggs or more for every egg produced today. This plan or system is explained in Mr. Trafford's "1,000 Egg Hen" a free copy of which will be sent to any person who keeps six hens or more.

Poultry keepers, following Mr. Trafford's directions, learn how to start young pullets laying early; make old hens moult quickly and resume heavy laying during entire winter season. Most any hen will lay in spring when eggs are cheap. Mr. Trafford tells how hens lay four to seven eggs a week during cold-est winter days when eggs sell at a dollar a dozen or more. His system shows how any breeder, with ordinary care, may get 1,000 eggs or more from nearly every hen in four to six years' time at a net profit of $25.00.

There is big money to be made with chickens this winter by the man or woman who gets the eggs. The time to get the hens ready for heavy winter laying is now. Mr. Trafford's "1,000 Egg Hen" system tells how and arrangements have been made whereby any reader of this paper may receive one copy absolutely free by using the Coupon below. Send no money, but cut out the Coupon and mail it with your name and address to Henry Trafford, 6288, Tyne Bldg., Binghamton, N. Y., and the story of the 1,000 Egg Hen will be sent you by return mail.

DR. W. V. COFFIN SUCCUMBS TO PNEUMONIA: HIS CAREER AS PHYSICIAN AND SOLDIER

Mr. Ernest L. Coffin, of this city received the sad news yesterday of the death the previous night in Fredericton, N. B. of his brother Dr. William Vernon Coffin. Deceased had been ill for thirteen days of pneumonia against which he put up a brave struggle but despite all that was done his life could not be saved and he passed away at 10 o'clock on Tuesday [illegible]. The deceased was a native of St. Peter's Harbor, P. E. I., a son of the late Erasmus Coffin and his death at the early age of 35 years is deeply to be deplored as he was a young man of brilliant attainments who had a splendid record both as a physician and in his military career. He graduated from Dalhousie in the year 1910 with honors and practised his profession at Hawkshaw, N. B. and later at Bathurst.

Upon the outbreak of the war he enlisted in the Canadian Army Medical Corps, and later transferred to the Imperial forces, serving three years in the strenuous campaign in Egypt and Mesopotamia under General Maude where he saw a great deal of service and suffered an attack of fever which undermined his strength and made it most difficult for him to battle with pneumonia.

After the close of hostilities he returned to Canada and his services were recognized by his appointment to the post of Inspector of Militia at Fredericton and also Inspector of Public Schools there, where he also found time to carry on the practice of his profession. The deceased was married in 1911 to Miss Sadie Burden, daughter of Mr. George Burden, M. L. A. of Lakiok, N. B., who with a nine months old child survives him. Besides his brother Ernest L., of this city, there are two other brothers, Dr. W. H. Coffin of Bathurst, N. B. and Russel in Boston; also two sisters, Mrs. F. Anderson of Bristol, Lot 40 and Mrs. James Stevan of Cambridge, Mass. to all of whom sincere sympathy is extended.
