BREAD! the people's cry

WHEN people must have a thing, they will have it, even at the cost of revolution. Cobden and Bright saved England from a threatened revolution by obtaining a repeal of the "Corn Laws" that resulted in a tax on Bread.

No country can with safety place an essential beyond the reach of all its people; and Bread is a vital necessity to everyday living.

Bread is the food of all nourishment, unequalled in food-value by any other food on the market at any price.

Bread causes growth in children, gives endurance for work and zest for pleasures, prolongs youth and supplies resistance to disease in those of later years.

STEWART'S BREAD

contains every ingredient to make it a perfect nourishing food. By substituting it for the more expensive foods the same food-value is maintained and a surprising economy is effected.

At 84 Enjoys Trees Planted In Youth

(Canadian Press.) HALIFAX, N. S., Aug. 19.—The majestic shade trees, limes, elms and maples, that line so many of the streets of Halifax, are the pride of all visitors, and admiration of all citizens, but it is unlikely any person takes so great a delight in their beauty as Richard Power who lives in a bowered cottage in the angle formed by the intersection of South Park and Sackville Streets opposite the northeast corner of the Public Gardens.

PREMIER OF NEW ZEALAND Hon. J. C. Coates, who has succeeded the late Premier Massey as the prime minister of New Zealand.

CELEBRATED THEIR GOLDEN ANNIVERSARY

AMHERST, N. S., Aug. 14.—Mr. and Mrs. Peter F. Gallant celebrated the golden anniversary of their marriage on Wednesday, Aug. 12th. Rev. Father F. X. Gallant of Egmont Bay P. E. I., celebrated High Mass at St. Charles Church in the morning. After the ceremony they returned to their home, 54 Park St. where a breakfast was served. A very pleasant evening was spent in relating the past events, as the four brothers had not met for many years. After a dainty lunch was served Mr. Jacob Burdew read an appropriate address in French. Mr. J. P. Terriault presented the happy couple with a purse of gold from their friends. Good music was furnished for the event, and all departed wishing the bride and groom of 50 years many more years of happiness.

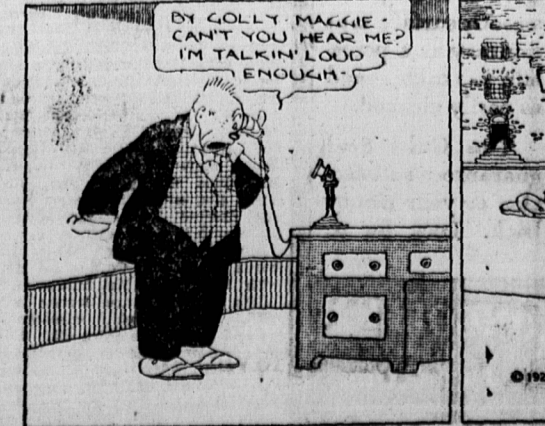

GERMANY, FRANCE, BELGIUM AND ENGLAND TO BE REPRESENTED.

BERLIN, Aug. 19.—Germany anticipates that a conference will gather in London or Ostend at the end of August to discuss face to face the points of difference in viewpoint still existing on the security pact. This will be on a major scale. It is anticipated that Germany, France, Belgium and England will be represented. There are still many matters to be cleared before Germany can enter the League of Nations, as she desires, Germany wants exceptions made in her favor before she joins the league, and she wants particularly to guard against provisions whereby France could march troops across Germany into Poland's aid—without special leave. Britain apparently does a side with France in this desire, but France is especially anxious that the pact shall give her the liberty. If the proposed international conference comes to a quick agreement, then it is anticipated that the German request for entrance into the league can be cleared at the September meeting of the league.

NEEDED AT HOME BALDWIN UNABLE TO VISIT CANADA.

LONDON, Aug. 19.—I am authorized to state from No. 10 Downing street that it will be absolutely impossible for Premier Baldwin to make his hoped-for visit to Canada this autumn. Owing to the pressure of public affairs here such as the minor dispute and industrial problems generally, as well as the increasingly important international outlook calling for the presence of the Premier in Britain, Baldwin will be unable to leave London for more than a fortnight at most, and must then remain within call. In fact, it is doubtful if the prime minister can look forward to going overseas next year. Good fortune often forgets father and mother. Make yourself honey and the flies will devour you.
