GRANTON'S GOOD NEWS.

John Fletcher had Lumbago and Kidney Trouble. Dodd's Kidney Pills Cured Him.

GRANTON, Ont., Nov. 24.—(Special.) Among the remarkable cures credited to Dodd's Kidney Pills in this neighborhood is that of John Fletcher, a well-known farmer. In an interview regarding his cure Mr. Fletcher said:—"I was troubled for a long time with Lumbago and Kidney Trouble. My urine was of a very red color, I tried many medicines and could get nothing to help me. The doctors could give me no relief. A druggist suggested Dodd's Kidney Pills, I bought a box and started taking them.

"The first box helped me and I kept on till I was completely cured. I am now as well as ever I was and have not a trace of Lumbago about me. I thank Dodd's Kidney Pills for it, and never intend that my house shall be without them."

QUEEN ST., Charlottetown, Nov. 19th, 1902.

I have been handling Reid's Tryon Tweeds for many years, and can recommend them to my customers. They are as good as imported goods. The Double and Twist Bannockburns are put together as well as the Genuine "Auld Country" Goods. The colours are fast; the threads in the filling are double and twisted, and the warp is the same. There is no doubt about their WEARING QUALITIES. Some of my best customers—well-to-do farmers and others—demand Reid's make and will take no other. Encourage Home Industries.

Preferred Stock of the CANADIAN STEEL AND COAL COMPANY, Limited, will now be received at par, that is, \$100 for each share as follows:— \$ 5.00 on application, \$15.00 on allotment, \$20.00 on first January, 1903, \$20.00 on first Feb'y., 1903, \$20.00 first March, 1903, \$20.00 on first April, 1903.

Bonus

A bonus of equal amount of common stock is given free to subscribers.

The whole of the instalments remaining unpaid at any time may be prepaid in full. A discount of one per cent. will be allowed upon the par of each share if prepaid at time of allotment. Forms of application and copies of Prospectus may be obtained on request. Notice of allotment will be sent promptly by ordinary letter. It is intended to apply to the Stock Exchanges in New York, Boston, Montreal and Toronto for the listing of the Stock of the Company.

THE CANADIAN STEEL AND COAL COMPANY Limited, was organized to mine and manufacture iron and coal, coke and steel in Canada, at Atlantic tide water. The raw materials for these manufacturers are:—

- 1. COAL. 2. IRON. 3. LIMESTONE.

The Company has acquired by purchase, immense iron deposits on the North Shore of the Gulf of St. Lawrence, about 350 miles from Sydney. The deposits are estimated to contain 20,000,000 tons of ore above sea level with probably as much more below that line. The iron can be handled for \$1.00 per ton or less. Quantities of this ore have been shipped to Great Britain and United States where it has given great satisfaction, and we can sell large quantities i. o. b. at the properties, netting us a profit of \$2.00 per ton. This ore makes the finest steel.

When in full operation the output is expected to be about as follows:

- 1. IRON.—200,000 tons iron ore shipped direct from property, showing net profit of \$2.00 per ton, total \$400,000 00
- 200,000 tons fine iron ore shipped in briquettes, showing net profit of \$4.00 per ton \$800,000 00
- 100,000 tons steel blooms showing net profit of \$3.00 per ton, total \$300,000 00
- 2. COAL.—600,000 tons coal, showing net profit, at least, \$1.00 per ton, total \$600,000 00
- 3. AIDS.—Government bounties (averaged) added to above per year for 6 years \$100,000 00

Total net annual profits LESS FIXED CHARGES: 5 per cent interest on bonds 7 per cent on preferred stock Sinking Fund Incidentals

Net yearly profits \$2,000,000 00

Equivalent to yearly dividends of 30 per cent., or 15 per cent. half-yearly on total capitalization, this estimate would still show a dividend-earning capacity of 10 per cent. per annum.

The capitalization of the Dominion Coal Co., is earning fully 12 per cent., and is paying 8 per cent. guaranteed dividends on this enormous sum.

The capitalization of the Dominion Iron and Steel Company is on which it is believed 6 per cent dividends will be earned.

The capitalization of the Canadian Steel and Coal Company is only \$6,000,000 00

Within the last few months Dominion Coal shares common rose in market value from \$40 to \$144 per share, and Dominion Iron and Steel Company's shares common rose over \$30 per share in market value.

With such low capitalization The Canadian Steel and Coal Co's shares would show tremendous profits; and it is confidently believed they will.
