It actually generates heat the instant it is applied to an afflicted part. It acts upon the blood vessels through the skin and directly attacks the trouble at its source—dispelling all soreness and inflammation.

**When to use Thermogene—**  
The moment you feel chill or cold striking through your system—apply Thermogene to arrest its development. Don't wait!

**How to buy it—**  
Your nearest drug store has Thermogene in handy boxes—all ready to apply—all directions enclosed.

#### KEEP LITTLE ONES WELL IN WINTER

Winter is a dangerous season for the little ones. The days are so changeable—one bright, the next cold and stormy, that the mother is afraid to take the children out for the fresh air and exercise they need so much. In consequence they are often cooped up in overheated, badly ventilated rooms and are soon seized with colds or grippe. What is needed to keep the little ones well is Baby's Own Tablets. They will regulate the stomach and bowels and will drive out colds and by their use the baby will be able to get over the winter season in perfect safety. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.
