### B. C. House In London Is Paying Profit.

Comment in Provincial Press on "White Elephant" Misleading

LONDON, ENGLAND, April 18.—Recent further comment in the Pacific Coast press upon "the London white elephant" otherwise British Columbia House in Waterloo Place, has again brought to the fore the question of the financing of that well-known London building. The comment, while apropos, is somewhat misleading, since as a result of the leasing of part of the structure to the Dominion Immigration Department, the British Columbia Government, instead of having a white elephant on its hands, now has its overseas headquarters housed in one of the most modern buildings in the heart of London absolutely rent free and is making an annual profit of about \$6,000 into the bargain.

### Dr. Harrigan's Advice To Thin, Nervous People

It's worth your while to read what a New York specialist has to say about the nerve and brain cell builder that and other leading druggists sell so much of these days. He writes: "Let those who are weak, thin, nervous, anemic or run-down, take natural unadulterated substances such as Bitro-Phosphate and you will soon see some astonishing results in the increase of nerve energy and strength of body and mind. Bitro-Phosphate is a pure organic phosphate such as good physicians prescribe to increase weight and create abundant nerve force. CAUTION: Although Bitro-Phosphate is an excellent aid in relieving weak, nervous conditions, its use is not advised unless increased weight is desired."
