## IN FAVOR OF DOAN'S PILLS AS A CURE FOR KIDNEY COMPLAINT.

Sussex, N.B., March 10th, 1899.

THE DOAN KIDNEY PILL CO.,  
Toronto, Ont.

Dear Sirs,—Some time ago I was troubled with Kidney Complaint which was almost unendurable.

I was so bad that I was laid up in bed for four months.

I tried several doctors but they would only help me for a very short time and the trouble would come back and be as bad as ever.

I heard Doan's Pills well spoken of and procured a box determining to give them a fair trial, and by the time I had taken them I was completely cured.

I can faithfully recommend them to all suffering from kidney troubles.

Yours truly,  
GEORGE GADSOE.

**S. S. LESSON.**  
MARCH 17.  
JESUS AND PILATE.  
Luke 22, 13-26. Memory verses, 30 24  
GOLDEN TEXT.  
I find no fault in this man.—Luke 23, 4.  
OUTLINE.

1. Pilate's Plea, v. 13-17.
2. The Clamours of the People, v. 18-23.
3. The Sentence of Death, v. 24-26.

Time.—Thursday, midnight, April 6, A. D. 30.  
Place.—Palaces at Jerusalem.  
LESSON III LPS.

13. "Pilate"—The Roman governor before whom Jesus was taken by the Jews, the Sanhedrin (made up of chief priests and elders) tried certain cases but this case, where life or death of the prisoner was concerned, had to come before Pilate.

14, 15. In these verses Pilate begins to show his character. He was a politician who would do justly if in so doing he could retain his popularity. He examined the prisoner but could not find that he was guilty of the charges made against him. He backs up his opinion by that of Herod.

16. "I will therefore chastise him"—Why he should treat an innocent man thus does not appear, except it was to yield something to the demands of the Jews. Better, he thought, chastisement than death. This effort to compromise signally failed.

17. He must release one unto them at the feast. This was a custom which in time took the form of a law. The Jews were under the Romans, and these anxious to conciliate, would at the time of the feast release some Jewish prisoners who perhaps had been sentenced for some offence to gain the liberty of their people.

18. "I will therefore release unto you Barabbas"—Barabbas was a famous outlaw, who had raised an insurrection, and who had lived by plunder. It shows the blind bigotry of the Jews that they should prefer that he should be released rather than the innocent Jesus.

19. "Willing to release Jesus, again"—The anxiety of Pilate is worthy of note. It is explained partly by his love of justice and partly by the warning message of his wife as given in Matthew's gospel. He believed that it was envy which prompted the Jews to arrest Jesus and to clamour for his death.

20. "The third time"—This shows the spirit of Pilate, but it was not enough for him to wish to release Christ had the power to carry out that wish, and he should have done so. He lacked the moral courage to stand by his convictions. Many a terrible wrong is done by that man who is not cruel by nature, but weak, and so he becomes wicked.

21. "Instant with loud voices"—Their strength of purpose bore down the scruples of the governor. To avoid a further disturbance he weakly yielded and gave consent to the death of the illustrious prisoner. He exclaimed, "I am innocent to the death of this just person!" But the judge is not innocent who listens to the clamour of accusers and not to the voice of justice. "That he might be crucified"—This mode of death was painful and shameful, for it was inflicted only on those who were adjudged vile criminals. Thus murder was done under the forms of law. History has seen in Christ the innocent sufferer, and the cause for which he died makes the cross no longer the symbol of shame, but of glory. Time does justice to those who die in a noble cause, and their names will live not alone in the page of history, but in the affections of after generations.

The Lists will be opened Thursday, 14th March, and closed at 3 p.m. on Monday, 18th March, 1901.

Notice of allotment will be sent through the office of the Bank at which the application is received, and payment may be made there.

It is intended to apply to the Stock Exchanges in Montreal and Toronto for the listing of the Stock and Bonds of the Company.

Montreal, 4th March, 1901.

**GOVERNMENT BOUNTY.**  
If the production from the Company's works be as estimated, 300,000 tons of Pig Metal and 60,000 tons of Steel Blooms in 1901, and thereafter 400,000 tons of Iron and Steel per annum, made from foreign (Newfoundland) ore, the bounties to be received from the Canadian Government will be as follows:—

1901	\$ 870,000
1902	2,075,000
1903	1,850,000

1907	325,000
	\$8,095,000

**CAPITALIZATION.**  
The Bonds, as well as the Common Stock, have been issued and paid for; with the money thus obtained, and the proceeds of the Preferred Stock, the cost of organization, construction of the works, and the purchase of mining properties will be entirely defrayed, and about one million dollars remain for working capital.

The Bond issue, \$8,000,000, is secured by a mortgage to the National Trust Company, Limited, covering all the property of the Company.

H. M. WHITNEY,  
President, Dominion Iron & Steel Co., Limited, Montreal, Canada.

Dear Sir,—I am glad to advise you that No. 1 furnace is in successful operation, and we have been able to measure results by accomplished facts. That ever doubt may have existed as to the manufacturing possibilities at Sydney are now removed. Speaking in detail:

1st. **Iron Ore**—The developments at Bell Island, both by the drilling done and by headings put in, have demonstrated the certainty of the ore supply. The ore under cover is of better quality than we had counted on as standard. It exists in a bed of full depth—low in silica and high in iron. Notwithstanding the fact that we mined last year only about 150,000 tons, and that we unloaded this by hand instead of by machinery, and that we charged off into this small tonnage the expense of a long strike at Bell Island, the cost of the ore delivered at our dock, f.o.b. steamer, was only \$1.62 a ton. Our estimate is based upon the figure of \$1.25. This result shows our estimate to be a safe one. The ore, as anticipated, works kindly in the furnace, and guarantees for us a large product per furnace.

2nd. **Lime Stone**—We have two supplies—Georges River and Marble Mountain. We are operating at present with the Georges River stone at a cost of 60 cents a ton, which is within our estimate. The unusual purity of our flux has enabled us to control both the silica and the sulphur in our pig metal to an unusual degree, and with the use of a minimum amount of flux. We have in our very pure flux an asset of great value.

3rd. **Coal**—We are operating our bi-product ovens with unwashed coal, nevertheless the coke manufactured is of excellent physical quality. It is capable of hard driving and of maintaining the burden in the blast furnace without trouble. While slightly higher in sulphur—as must be the case until we wash it—our pure flux, as stated, renders this no disadvantage to us. We have demonstrated that the question of washing is not a necessity, but purely an economic question. The coke from washed coal will be fully equal to the celebrated Connellsville standard—the sulphur will be no higher, the ash lower and carbon higher.

4th. **Labor**—The plant is constructed with every modern labor-saving device, and, after that interval of time necessary to get every new plant well organized in its labor department, our cost sheet will challenge comparison with that of any steel plant elsewhere.

5th. **Cost of Production**—I am confirmed in my opinion, hitherto expressed, that after crediting the value of the bi-products from the coke oven, the cost of our pig iron should not exceed \$5.50 per ton after everything has been reduced to steady practice. The quality is all that could be desired.

In conclusion, we are safe in counting upon a reasonable profit from the start and a handsome increase in the same as the product reaches its maximum.

Yours truly,  
A. J. MOXHAM, General Manager Dominion Iron & Steel Co., Limited.

**DISEASES OF CHILDREN.**

Measles, Scarlet Fever and the many exhausting diseases of childhood, frequently leaves the little sufferers in a weakened and debilitated condition of health from which it is difficult to rescue them except by the regular use of Dr. Chase's Nerve Food. This preparation is admirably suited to the requirements of children, and has such an invigorating and restorative influence on the system as to make weak, puny children healthy, plump and active.

**AIDING THE FARMER.**

The Manitoba government has announced its intention of introducing a measure to authorize the issuing of loans for the purchase of seed grain to any of those who, owing to loss by hail, are unable to procure seed on their own account.

**GOSSIPING NEIGHBORS.**

People who talk, and when neighbors get together there is very likely to be something said about Dr. Chase's Ointment, and the surprising cures it is effecting among sufferers with piles and itching skin diseases. It is by word of mouth, from friend to friend, that the fame of this great ointment has grided the globe. It stands to-day as the only actual and guaranteed cure for every form of itching bleeding and protruding piles.

Bloemfontein, Orange River Colony, Sunday, March 10.—The education department of the Orange River Colony is drawing up an educational scheme based on the Canadian school system.

**YOU CAN MAKE THIS TEST.**

You can find out if the kidneys are clogged, deranged and diseased. Have you backache or a weak, lame back? Do you have pain or difficulty in urinating or too frequent desire to urinate? Are there deposits like brick dust in the urine after it has stood for 24 hours? If you have any of these symptoms a moment should be lost in obtaining Dr. Chase's Kidney-Liver Pills, the world's greatest kidney cure. One pill a dose, 50 cents a box.
