FAT—HEALTH'S GREATEST ENEMY!

Physicians declare excess fat is a condition which often weakens the whole system.

A needless strain is placed upon the heart, the function of body organs is interfered with, mental activity impaired—shortness of breath, constipation, backache, and rheumatism are but a few of the ailments which are apt to arise in overweight men and women.

The proper, safe and certain way to banish fat is to do away with the cause—this is a half teaspoonful of Kruschen Salts in a glass of hot water every morning before breakfast will do.

Kruschen is based on scientific principle—it's an ideal blend of 6 separate minerals which help glands, nerves, blood and body organs to function properly and maintain a splendid degree of health—it builds up energy and strength all the while you're training yourself down to a point of normal weight. You feel years younger—you look it. You can hasten the reducing action of Kruschen by cutting out fatty meats and pastries and going light on butter, cream and potatoes.

Special Meeting Fish And Game Association

A special meeting of the executive of the Fish and Game Association was held last night in the law offices of Gaudet and Hassard.

The President, Mr. Gilbert Gaudet, presided. The minutes of the last meeting were read by the secretary, and certain points discussed. Regarding the matter of posters containing the rules and regulations of the Association in the sport of fishing it was stated that such posters were posted and notice was also given through the press.

The cause of so many dead smelts in the stream at the back of the Exhibition Grounds was said to be due to the tide coming in and then receding, leaving the fish high and dry.

A resolution passed at the quarterly meeting of the Association stating that the meeting was in favour of opening the duck season on the 15th of September, providing that the plover season be opened on the same day to continue for 30 days and was considered and on a motion by Mr. Sam MacLeod, seconded by Mr. R. E. Mutch, it was decided to send a resolution direct to the minister of interior, supporting the other, requesting that an open season for plover be granted this year, since plover were plentiful, and the season had been closed for seven years.

Mr. Preston Campbell of New Glasgow reported that dead trout were again appearing in his pond and that some steps should be taken to locate and remedy the cause. Members of the R. C. M. Police were present at the meeting and also Mr. Gallant, Inspector of Fisheries, who said that he had made a strong representation of the matter, to the department in Ottawa, and felt sure that some action would be taken to right matters and prevent the pollution of streams. It was suggested that the R. C. M. Police be given the power to act as fish wardens as were the former Provincial Police.

When question was repeated he said "yes."

Question: Did you carry out promises in telegram?

Prisoner: No.

Prisoner admitted that he understood that the money was for future advances. Counsel for the prosecution asked prisoner if he received a letter from E. H. Rayner asking for an explanation why he had not shipped any furs and that he was to let him know at once, "as the money entrusted to him was neither yours nor mine."

Prisoner said "yes," and that he wrote and said that he had used the money to pay shippers who had not been paid for over a year.

Asked why he had kept up the deceit of sending telegrams giving the impression that he was sending furs, prisoner replied that he wanted to save off E. H. Rayner until shippers had all been paid. Prisoner admitted that he had been told by B. I. Rayner that the \$300 given him was borrowed money, and that the money was for future advances on furs for future sales. Prisoner, said B. I. Rayner did not owe him any money. Had no dealings with B. I. Rayner before. This closed the evidence for the defence and cross-examination. The court then adjourned until this morning at 10.30 when counsel and the court will address the jury.

Nat. Director Jr. Red Cross Addresses Gyros

Miss Jean Browne, National Director of the Junior Red Cross was the speaker at the regular weekly Gyro dinner held last evening in the Canadian National Hotel. Miss Browne handled her subject, "Junior Red Cross and Crippled Children" in a most interesting manner. She told the story of the organization of the Red Cross nearly sixty-five years ago and traced its growth to the present date. The Junior Red Cross was organized about ten years ago. Its growth has been rapid. At the present time there is a membership of twelve million in forty-nine countries. In Canada the membership is about a quarter of a million. All the money that is received is spent where it will do the most good. A special feature of the Junior Red Cross work in Prince Edward Island and Nova Scotia is Dr. Acker's clinics. This specialist has already held thirteen clinics in this Province. Miss Browne stressed the value of the Junior Red Cross work and the benefits derived by children. She dealt not with curative cases but gave an interesting resume of the more important phase of the work, that of prevention. She thanked the Gyro Club for their splendid work for the organization in the handling of the Christmas Seals.

A vote of thanks moved by Mr. C. M. Williams and seconded by Dr. P. A. Creelman was tendered the speaker by the chairman, Mrs. W. E. Scantlebury. The guests were Miss MacLean, Provincial Director of the Jun or Red Cross and Mr. Fraerman Hamm of the St. John Gyro Club.

SUMMERSIDE SUPREME COURT

(Special to the Guardian)

At the resumption of the Supreme Court at Summerside yesterday afternoon, Mr. Justice Saunders presiding, the case of the King vs. Charles R. Stavert was continued.

The examination of the prisoner, who was giving evidence on his own behalf when the court adjourned on Friday was continued. The prisoner gave evidence that the money sent to him by E. H. Rayner was deposited to his (prisoner's) account and that it was left to his own judgment to make advancements on his furs. He could also use money to make advancements on his own furs. He carried on the same system after he went into business for himself as he did before and E. H. Rayner made no objection. Prisoner stated that E. H. Rayner owed him considerable money for pelts that were sold and that money was also owing to shippers. He said, he used the money paid to him by E. H. and B. I. Rayner to pay for furs shipped to E. H. Rayner. He denied that there was a note for \$700 nor was any note renewed. He said B. I. Rayner told him he would give him credit for \$60 on a pelt, and settle the note and accept anything he had in payment on the \$2500.

Vouchers were tendered in evidence showing that the prisoner had paid money to different people for furs consigned to him for sale. Several were dated in December, 1931, and others as far back as February, 1931.

Prisoner stated that the shippers were all paid, but that his account had not all been paid.

Prisoner was then cross-examined by E. H. Strong, K. C., who asked if the cheque transactions between him and the parties you bought fox pelts from was the year before you received the \$1,300 from B. I. Rayner and \$1,200 from E. H. Rayner. Prisoner answered "Yes."

Did you make any advance payments on furs for B. I. Rayner or E. H. Rayner after you received the money? "No."

Was there any new transaction, or did you purchase furs for B. I. Rayner or E. H. Rayner or Rayner Fur Sales? "No."

He admitted being in Montreal in Dec., 1931, and receiving cheque for furs, and receiving a statement in regard to fur sales but that he had destroyed it as soon as he had paid the shippers. He did not know anything about a circular for Rayner Fur Sales. He had no dealings with Rayner Fur Sales. He became acquainted with Rayner Fur Sales on Dec. 26th. He admitted sending a telegram on that date to Rayner Fur Sales, Montreal, stating that he would buy skins and had one hundred on hand.

Asked by counsel if, "cash for advances received too late," mentioned in his telegram, referred to the \$1,200 from E. H. Rayner, prisoner replied, "not necessarily," "probably was."

When question was repeated he said "yes."

Question: Did you carry out promises in telegram?
