THE CHARLOTTETOWN GUARDIAN

MONDAY MORNING, JUNE 26 1905.

NOT AN ARMISTICE BUT PEACE.

Japan does not want an armistice, but does want peace. And the feeling in Tokio just now is that an armistice might tend to prolong the war rather than hasten its end. It may seem anomalous to be at the same time fighting and negotiating but such an incident is not without precedent. The Toronto World recalls that in one of his earlier Italian campaigns Napoleon promptly refused the request for a truce preferred by the Austrian commander. "It is unnecessary," he said, "we can both fight and negotiate."

Oyama is now in a position where he has the Russian forces half surrounded, and where with a battle imminent the important strategical position and city of Kirin must fall to him as the fruits of his next victory. The isolation of Vladivostock would follow and the way be open to Harbin. Some military critics believe that Linevitch's entire force is in danger of capture, but this seems improbable, as the strength of the opposing forces is too nearly equal. It would however be a gain to Russia and a loss to Japan to declare an armistice at the present moment, and Japan cannot be expected to consent to it unless with a full assurance that the negotiations will lead to permanent peace.

There is a Yankee manager of an electric company over in Cape Breton who seems to be looking for trouble and likely to find it. It appears that he had been served with a summons in an alien labor case and took occasion there from to remark that "We licked the British once and can do it again," and made sundry reflections upon the King. No one will more quickly disown and repudiate that sort of foolishness than will the better class of American citizens. The person in question boasts that he is a "Yankee and proud of it." His countrymen will hardly feel proud of him.

THE ROOT OF NEURALGIC HEADACHE.

Is an irritable condition of the nerves caused by cold. Relief comes quickly from Nerviline, the great pain reliever of today. "I consider Nerviline a magical remedy for neuralgia," writes Mrs. E. G. Harris of Baltimore. But I never worry if Nerviline is in the house. A few applications never yet failed to kill the pain. I can also recommend Nerviline for stiffness, rheumatism and muscular pains." In use nearly fifty years; try Nerviline yourself.

A smile flits over the face of our regular Soda Water patron when some one tells him that better Soda can be obtained than we serve. Our patrons know better and stick to us because they know we serve the best. If you will try it you will be convinced.—Ellis the Druggist. 26d1i

THE INTERCOLONIAL.

It is amusing to read the comments of the Inland newspapers with regard the Intercolonial deficit. All or nearly all of the wise editors in Ontario and Quebec speak of the Intercolonial as if it were built and operated for the Maritime Provinces alone. And yet fully half the main line from Montreal to Halifax lies in the Province of Quebec. All of its through freight eastward is made up of products and manufactures of the two big central Provinces or points further west. Moreover the Intercolonial supplies in the winter season the only railway outlet to the Atlantic for those Province and the west that does not pass through foreign territory. A road to a back settlement is made for the benefit of the back settler. It is the Hinterland that gets the chief benefit of the Intercolonial, especially in the cheap long-haul rates. When will the Hinterlanders learn the simple common sense of the Intercolonial situation?

Referring to what was said in these columns on Saturday last in regard to liberating from jail the persons convicted of violating the Prohibitory Law, something ought to be said in commendation of the stand taken by Premier Peters and his colleagues in refusing to advise the release of such persons unless in cases where life or permanent injury to health were involved. We know that great pressure was brought to bear, but the provincial Ministers manfully resisted it. In appointing Prosecutor Jenkins, whose judicious efforts have been a prime factor in the enforcement of the law, and in upholding his hands in the good work he is doing the Government have pursued a straightforward and commandable course for which The Guardian cheerfully accords them every credit.

U. S. LEADS IN DIVORCES; CANADA HAS FEWEST.

The United States still leads in the matter of divorces, reckoning all countries where divorce laws are in force. Here are the figures of the annual number of divorces per 10,000 marriages in the countries which have the heaviest records:—

United States	612
Switzerland	432
Roumania	204
France	180
Germany	165
Netherlands	103
Cape Colony	98
Sweden	87
Belgium	81
Greece	50

In the British colonies of Victoria and New South Wales, Australia, there is alarm over the large and rapid increase in the number of divorces each year. In Victoria the average is 125.4 for each 10,000 marriages, while in New South Wales, the average figures are 268.4. Thus New South Wales is exceeded only by Switzerland and the United States.

The United Kingdom schedules 11, Norway 16, and Austria 43.

Canada has the place of honor—only four divorces yearly per 10,000 marriages.

Cuban Diarrhoea.

U.S. soldiers who served in Cuba during the Spanish war know what this disease is, and that ordinary remedies have little more effect than so much water. Cuban diarrhoea is almost as severe and dangerous as a mild attack of cholera. There is one remedy, however, that can always be depended upon as will be seen by the following certificate from Mrs. Minnie Jacobs of Houston, Texas: "I hereby certify that Chamberlain's Colic, Cholera and Diarrhoea Remedy cured my husband of a severe attack of Cuban diarrhoea, which he brought home from Cuba. We had several doctors but they did him no good One bottle of this remedy cured him as our neighbours will testify. I thank God for so valuable a medicine." For sale by all druggists.

Dear Sirs,—This fall I got thrown on a fence and hurt my chest very bad so I could not work and it hurt me to breathe. I tried all kinds of Liniments and they did me no good.
One bottle of MINARD'S LINIMENT warmed on flannels and applied on my breast cured me completely.

HER SKIN WAS YELLOW.

"I had only to try Dr. Hamilton's Pills to appreciate their merit" writes Miss Annie S. Bryce, of Woodstock. "My system was out of order. My blood was weak and thin. I had a nasty, murky complexion. My skin was hard and dry. The first box of Dr. Hamilton's Pills made a complete change. I felt better at once. Healthy color came into my face. In about three weeks I was cured." Dr. s Pills effect an easy cure. Try od pills, 25c. per box, or five $1.00, at all dealers.
