

PEACE INDUSTRY MOVE LAUNCHED AT CONFERENCE

Object is to Bring Employers and Workmen to a Closer Understanding.

LONDON, Jan. 13.—The "peace industry" movement was formally launched today at a conference largely attended by representatives of both employees and industrialists, at Burlington House.

They outlined the objects of the conference and there was a short general discussion. It developed from the proceedings that one of the chief difficulties will be to get over jealousies of the trade unions on one side and the employers' organizations on the other.

The movement now awaits the action of the council, of the Trades Union Congress for the appointment of a committee to meet the already constituted employers' committee and arrange further meetings.

Ten Slain By Aerial Bombing

(Special to the Guardian) WASHINGTON, Jan. 13.—Marine corps aviators operating in conjunction with land forces against General Sandino in Nicaragua have slain ten more of the latter's forces by aerial bombing, according to despatches to the navy department from Rear-Admiral Sellers, commander of the special service squadron in Nicaraguan waters.

It is noted that the Prohibition Commission have dismissed the Vendors in Charlottetown and Summerside. In the former place Mr. R. F. Maddigan, who has carried out his duties faithfully and well for many years, has been discharged and replaced by Mr. John McNevin. In Summerside, Mr. C. C. Dickey, who also has filled the position for a long time gives place to Mr. Joseph Perry. Thus one sees that the official axe is still in action.

First Meeting Fixed For Monday

(Special to the Guardian) LONDON, Jan. 13.—Premier Baldwin today summoned a conference of various government departments and other authorities to consider the recent London floods and to decide what action should be taken to prevent a recurrence of the loss of life and widespread damage which resulted. The first meeting of this conference has been fixed for next Monday.

CRYSTALS OUTPLAY ABBIES TO WIN BY SCORE OF 5 TO 2

Better Team-Play From Every Angle Gives Visitors Popular Verdict In Exciting Game.

By "TEC" CRYSTALS, 5; ABEWEITS, 2. Summerside Crystal black and white tide swept through Abbeviets here last night with an exhibition of excellent speed, superb team play and good hockey that could not be denied. They won a hard-fought 5 to 2 victory that set a capacity audience to wonderment and in a frenzy of excitement.

There was no discounting the visiting western exciters last night. At the opening of each period, with perhaps a shade less in the third, they set in motion a terrific assault that perplexed the red and black defence and at the commencement of the second period it broke through for two goals in the capable stick of Ralph Silliphant, one of the best hockeyists on Prince Edward Island for a goodly number of years.

These two goals, leading by the same number were sufficient to win, but to make it good Silliphant and "Chick" Gallant sped through in the final period to clinch the verdict. The Abbeviets scored twice, once in the second and again in the closing frame. Earle Prowse, hardworking and aggressive local wing counted three minutes from the face-off assisted by young Dempsey Diamond. The Abbeviets' final net twister was again negotiated by Prowse in 8-1-2 minutes from the third period bell. It was a clever piece of work to fool Crockett, Crystal net minder who was "out" in every sense of the word. A follow through from Anderson's shot, was nabbed by Prowse who skirted the defence and flipped the puck in from the corner.

The writer hadn't the opportunity of witnessing the opening game of the League, which last night's was the second, but according to Summerside fans, it was a rejuvenated band of visiting puck handlers from the West against a team that did not play hockey, nearly equal to the brand they showed away from home. True enough, the Crystals played combination and skated in the bargain, while the local team seemed to be content on individual play, and even that wasn't anything to "write home" about. To make a long story short, the Abbeviets could not pull themselves together after the two goal lead was scored against them. They fought gamely to reassemble themselves into some cohesive effort, but it was of no avail. The Crystals couldn't play anything but good hockey and the Abbeviets played anything but good. A fairly nice playing surface in the first period had every promise of safe puck carrying, but towards the latter part of the second and third a slushy trail marked the puck's course in nearly every effort. The soft weather during the day played havoc with the good work of the caretaker.

The Abbeviets tryers were too individual and if at spectacular times could have been turned to better account by tandem efforts. The game was clean last night, no major penalties being handed out by Referee Lewellyn Rogers, who kept the issue well in hand during the entire game. The only misdemeanors were drawn by Anderson and Cox who each received 2 minutes checking too near the boards and tripping were the charges. Summerside stayed on the ice last night, where the most good is derived. Outstanding on the visiting line-up were Silliphant, "Chick" Gallant and Jack Schurman. These boys were dangerous at all times and turned in a scintillating game, with the help of a smooth-working aggregation behind them.

Prowse, Diamond and Anderson worked hard and at times spectacular over the whole route, but concentrated and for the most part, individual efforts lost them many golden opportunities. It was an exciting game to watch, and before the season is over the fans may rest assured that hockey in all its pleasing features will be handed up for expert approval.

THE SCORES First Period—After eleven minutes of fairly good hockey with the Crystals having the edge, "Chick" Gallant sagged the twice behind Collings for the opening Summer-side score, in what looked like an easy stop, but Collings apparently did not see the play and was consequently forced to bend. Gallant retrieved the puck from the boards and slid it in from the corner of the net. Second Period—Earle Prowse evened the score three minutes from the opening of this period on a pass from Dempsey Diamond, as hard a working hockeyist as one could find in a day's walk. It came after a well executed exhibition of combination. The even count, however, was shortlived, Silliphant planting the disc in the corner behind Collings on a wing shot. Several shots were stopped by the latter before the count came. Not being content the black and white invaders made it 3-1, a combination effort by Gallant and Silliphant, the latter easily breezing by the Abbeviets defence in four minutes. Third Period—Silliphant scored again, eight minutes from the commencement whistle on a fake combination pass. The goal was as clean as a trout. Earle Prowse, a half minute later gave the fans another chance to cheer on an individual try, and succeeded in beating Crockett for the final Abbeviets score. Three minutes before the bell "Chick" Gallant put the game in the proverbial bag by netting the fifth at the 17 minutes mark on a solo run and another fake pass. The Abbeviets were working a one-man defence in this period. Final score: Crystals 5; Abbeviets 2.

Wins Valuable Prize

TORONTO, Jan. 13.—In the competition for Christmas card designs held by the Imperial Order of the Daughters of the Empire, the prize of \$100 given by the Chamberlain of the city, has been awarded to Miss Jennie W. Turner, Charlottetown, P. E. I. The subject for competition was an autumn indoor scene. Many designs were submitted which were interesting and artistic and distinctively Canadian. It is felt that the competition succeeded in its effort to encourage Canadian artists in producing Canadian Christmas cards.

(Miss Turner is a daughter of the late Mr. W. C. Turner of this city. We heartily congratulate the young lady on her artistic ability.)

Will Not Be Represented At Havana Conference

(Special to the Guardian) OTTAWA, Jan. 13.—Canadian and United States officials have reached a complete agreement on regulations to meet the requirements of the Import Milk Act of the United States. Canadian officials have agreed, it was announced today, to assist in enforcing the act and are ready to make sanitary inspections on farms from which milk is shipped to the United States and physical examinations of herds with a tuberculin test at least once a year.

A station is being organized by the Department of Agriculture at Rouse's Point, N. Y., and inspection service will be installed at certain other points along the Canadian border to make inspection and bacteriological examination of milk as it is shipped across the border. H. B. Switzer, bacteriologist of the Chicago station, will be placed in charge at Rouse's Point.

Report Of Royal Commission Will Be Tabled

(Special to the Guardian) OTTAWA, Ont., Jan. 13.—Decision is expected soon from the sub-committee of the cabinet, consisting of Hon. J. A. Robb, Minister of Finance; Hon. Fernand Rinfret, Secretary of State and Hon. Lucien Cannon, solicitor general as to the policy to be adopted on the reparations question. Early in the coming session the Secretary of State will table the report of the Royal Commission, headed by Hon. J. G. Macdonald, which since the death of Hon. William Pugsley has been investigating the many claims by Canadians for reimbursement from Germany for damage done by that country's illegal warfare.

During the four or five years in which the inquiry has been conducted a tremendous amount of claims have been dealt with and it is understood that the whole investigation will have cost about \$200,000. The saving that will have been effected through sifting the claims is believed to justify that expenditure.

When parliament opens, it is understood, there will be about \$11,000,000 in the Federal treasury derived from the payments to Canada under the Dawes plan. How that sum is to be utilized and what claims are to be met remain to be determined by the government. Three possible courses, it is understood are open to the government. One is to pay all the claims at an early date, using the full \$11,000,000, and asking parliament to vote whatever additional sum may be required. Another is to announce that only claims over \$10,000 will be paid now, and that a percentage of subsequent Dawes payments to be set aside to meet the remaining claims.

A third plan would be to pay only the necessities cases now, which would have the effect of compelling the larger corporate claimants to wait some time for settlement.

Bennett Resigns From Royal Bank

MONTREAL, Jan. 13.—Sir Herbert Holt, President of the Royal Bank of Canada today announced the resignation of Hon. R. B. Bennett, K. C., M. P., from the directorate of the Bank. Sir Herbert in addressing the annual meeting said: "I regret having to announce the resignation of Hon. R. B. Bennett, K. C., M. P., whose wide knowledge and broad experience, both in the east and west, made his counsel of such great value to the bank. Our loss is somewhat tempered by the realization that his great ability will now be devoted to the services of the country."

Dinner To Hon. R. B. Bennett Slated For January 24th

(Special to the Guardian) OTTAWA, Jan. 13.—Sir George Perley, M. P., will preside at the dinner which the Ottawa Liberal-Conservative Association is tendering to Hon. R. B. Bennett, Conservative leader, in the Chateau Laurier on January 24th, two days before parliament assembles. Sir Robert Borden who was first slated for the chairmanship of the gathering, will be unable to attend on account of ill-health. Premier Howard Ferguson will propose the toast to Mr. Bennett. Prominent Conservatives from Ontario and Quebec and western Canada will attend the dinner. The speeches will be broadcast by C. N. R. O.

Conditions In C. B. Collieries Bad Says Harrington

HALIFAX, N. S., Jan. 13.—Discussing the conference which opened today in Glace Bay, at which representatives of the mine operators, the miners, civic, municipal and provincial governments, are endeavoring to improve the unemployment situation in the Cape Breton collieries, particularly at Nos. 2 and 4, Hon. Gordon S. Harrington, Minister of Works and Mines, said tonight that employment conditions in Cape Breton collieries "had never been less satisfactory since the Dominion Coal Company was formed in 1893 than they have been in the last seven years." Although employment generally falls off on the eve of negotiations for a new wage contract, the Minister said conditions just now at Glace Bay were very unsatisfactory.

"Strangler" Hanged In Winnipeg

WINNIPEG, Man., Jan. 13.—Shortly before eight o'clock Central Standard time, this morning, Earle Nelson, 30 year old dark stranger, was hanged in the court yard of the Provincial Jail here. Nelson, believed to have been the slayer of a score of women and children in the United States and Canada, was executed for the murder of Mrs. Emily Patterson, 27 year old choir singer, killed in her suburban residence on June 10, last. He was also charged with the strangling to death of Lola Cowan, 14 year old school girl, here but was never brought to trial. The trap was sprung at 7:41 a. m. WINNIPEG, Man., Jan. 13.—Nelson protested his innocence to the last and said he forgave all those who had testified against him. At 7:56 a. m. just fifteen minutes after Hangman Arthur Ellis had released the lever which dropped the trap, the body was cut down, and Nelson was pronounced dead.

TWO DEPUTIES ARRESTED BY FRENCH GOVT.

Communist Deputies Had Been Convicted With Three Others of Distributing Propaganda to Provoke Disobedience Among Soldiers and Sailors. PARIS, Jan. 13.—The Communist deputies Marcel Cachin and Paul Vaillant Cousturier were arrested this evening on the orders of the Government as they were leaving the chamber of deputies an incident which has already aroused much interest in political circles. It is expected that the elections on April 22, are likely to have some reverberations from the arrests. The two deputies had been convicted with three others of distributing propaganda to provoke disobedience among the French soldiers and sailors and had been sentenced to several months imprisonment. Cachin had served part of his term when the Chamber met after the summer vacation and the House voted that he be released to take part in the deliberations of the chamber. The Communist leader disappeared after the adjournment for the holidays, instead of reporting to the police. The stand of the Communists caused much annoyance in government circles and a show down on the question came today on a resolution supported by the Socialists, Communists and radicals declaring that the deputies were free during the duration of the legislative session. The government opposed this and announced that it would make the matter a question of confidence.
