CURLIANA

The chief interest in the Curling rink at present centers around the ladies' matches which, although pulled off in the forenoon, are always largely watched by enthusiastic curlers of both sexes. That they bid fair to outstrip the gentlemen and that the gentlemen know it is indicated by the fact that the challenge issued a few days ago by the Lady Curlers Club to play two rinks of ladies' against two rinks of gentlemen has not yet been accepted. It is hoped, for the reputation of the gentlemen curlers, that they will not permit themselves to be beaten by default. It would be better to have played and lost than never to have played at all. It is up to the gentlemen.

A very exciting and keenly contested game was played Wednesday morning with the following line-up and result:

Mrs. Gordon Hughes Miss Longworth Miss Fullerton Mrs. Pethick Miss McLeod Miss Hughes Mrs. Fitzgerald Miss Hiasard Skip 10

The third match in the series for the Wright Trophy Cup was played yesterday afternoon and resulted as follows:—

H. E. Geddes Dr. Fullerton J. A. Lawson R. E. Spillert Otto Crabbe A. W. Hyndman H. M. Vanbuskirk G. D. Wright (Skip) 16 (Skip) 7

The following very interesting game was played last night:

L. B. McMillan D. B. Stewart R. E. Spillert E. Grant D. A. McKinnon F. H. Beer Sidney Grey H. M. Vanbuskirk (Skip) 14 (Skip) 6

New London Races

Favored with a mild day the New London Ice Racing Club entertained in the vicinity of three thousand people at their races on the 23rd. The Charlottetown horsemen came out in a special bringing five horses with them, and Summerside was represented by three, and nearly all got their share of glory and the money, as given in yesterday's Guardian.

3rd, Merry Widow 4th, and the second heat returned the same winner but only by inches from the good trotter, Kitchener, Dusty Miller a good third, Merry Widow again 4th. The third was a real ding-dong finish between the Miller horse and Kitchener, the latter losing him out in the last strides, Harry Mac 3rd, Dusty Miller 4th, in the fastest time of the race, 1:12.

The final heat was a slashing finish, Snow reeling Belmont fore and aft to stave off Dusty Miller, and Kitchener, and just lasting long enough to pull down the big end of the purse.

The Free-For-All pace was next on the card and four lined up for the word, scoring in the following positions, Blister Patch, Queen Catherine, Owna, and Mott Miller on the outside, and got away on the third time down. They were well bunched to the halfway post but Sister Patch then let out a link and finished in front, Queen Catherine 2nd, Mott Miller 3rd and Owna 4th. In the succeeding heats it was clear that Sister Patch had the speed of the bunch, though the Queen made quite a bid in the final and showed she is rounding into form. Mott Miller and Owna didn't quite get up and Owna went a creditable race.

The Free-For-All trot, however, furnished the real excitement of the day, it being necessary to go the full five heats to name the winner and every heat was a hammer and tongs affair. They drew positions as follows:—Orwell Belle, Happy George, Baby Logan, Cap Cresceus and Jellicoe on the outside, and on the fourth try they got the word, Orwell Belle shooting to the front and staying there, Jellicoe chasing her out and Cap next, Happy George coming to them in the last, beating Baby Logan. In the second Orwell Belle was again best, but she had some trouble to stall off the rush of Cap and Happy, who finished as named, lapped, Baby Logan 4th and Jellicoe on his bad behaviour.

In the third Cap Cresceus topped the list, just beating Happy George who experienced some trouble in getting through when Found started his drive for the finish, Orwell Belle 3rd, Baby Logan 4th. In the fourth Belle and Cap raced out in front until near the finish when Happy came through with one of his stretch rushes, nipping the heat in the last inches, Orwell Belle 2nd, Cap Cresceus 3rd, Baby 4th.

Some delay took place in the final due to a hammer breaking her silks, and Cap and Orwell rushed into the lead, beating the barrier a length. Cameron made a bold try, but was beaten at the finish, both he and Belle just lasting out the rush made by Happy whose nose was seen second by many, but Orwell had the last, Cap Cresceus placed 2nd, Baby Logan 4th, Jellicoe 5th.

The way the money went was most satisfactory to all, as we are glad to again see such good ones as Orwell Belle, Baby Logan on the program. Baby showed that she has her old time speed, it was a bit displeased when called back in the score. Cap Cresceus will surely star

in his class next summer, and Jellicoe is one of the speediest slow-class horses in the province, and Happy George showed that he will have to be reckoned with wherever he starts.

About forty fans accompanied the horses from Charlottetown, and many old-timers were glad to renew acquaintances with R. Steele, Wm. McKie and others.

The officials of the day were as follows:—Mr. Purdy, Charlottetown, Frank Hughes, Frank Arnet, Summerside; E. Howitt, Timer; Hugh Morrison, Starters; Stanley Bernard and George Campbell, Patrols; A. G. McKay, Wm. Pickering, Billy Delaney, Guards; Geo. McKenzie and Frank Bernard.

Dainty refreshments were served, after which a dance was indulged in. The visitors took their leave at an early hour much pleased with their visit and gratified by the evident enjoyment of the patients.

Make Munitions On British Warships

LONDON, Feb. 23.—The fact that the men of the British warships are turning out a large amount of war munitions in their spare time aboard ship, is revealed in a letter from the Munitions Minister, David Lloyd George, to Vice-Admiral Sir David Beatty, made public to-night.

"I have been greatly interested in the details of the splendid work done by the officers and men of the battle cruiser fleet in making munitions," the Minister writes. "The output which has already been reached is very striking, but more important even than the material results is the magnificent spirit which prompted the men of the fleet to devote their leisure time to giving the men in the trenches such loyal and effective support."

"The fact also that the work is being carried out by the men's own wish, and without remuneration, greatly enhances its value."
