### An Unintentional Fun.

The difficulties of learning and using a new language are many, and the unfortunate Norwegian in this story from Kansas must have felt that his own efforts were particularly unsuccessful. A druggist was obliged to be absent from his store one day, and his wife took his place. A large Norwegian, who spoke English with difficulty, entered and said:

"I owe de firm fifty cents."

"Very well," replied the druggist's wife; "just pay it to me and it will be all right."

"I owe de firm fifty cents."

"Yes, I understand. If you are afraid, I will give you a receipt for it."

The man looked at her in astonishment, and walked out without a word. Pretty soon he returned with a fellow-countryman, whose command of English was a little better, and who interpreted his friend's remark by explaining, "He wants fifty cents' worth of iodine."

WELLAND, Ont., Nov. 10.—(Special).—Mr. J. J. Yokom, the well known grocer and provision merchant of this place, has come out with a statement that is of peculiar interest to all those suffering from Kidney Disease in any form.

"I had been suffering from Kidney Complaint for a year or more," Mr. Yokom states: "I had a very depressed feeling in my head, little or no appetite, a constant feeling of languor and I lost a lot of weight. I spent money on medicines and doctors to no benefit, and I was greatly discouraged."

"One lucky day, I heard of Dodd's Kidney Pills and started to use them. They did me good almost from the first, and five boxes completely cured me. I am now in splendid health."
