Black, navy blue and an assortment of shaded silks. Ready today at..... \$4.75

Pretty hats for little people and why not?

Our workrooms are not satisfied with turning out the prettiest millinery for ladies—we are after the children's orders as well.

We are in a position to supply the little folk with just the very style that is needed—and we can afford to do the work a little lower than most people—because we do more.

We buy our hats in the main, direct from the makers—that gives us a large advantage over the houses that depend on jobbers for supply—Our own buyer selects the shapes in the Old Country—the styles are right—

and the prices are absolutely right too. Bring the little folk in and let us show you how well we can attend to their needs. Come to-day.
