Captured
"I'm after you" said a policeman to the burglar, "and I will capture you yet," said the daring one, "I will capture you." There are several people in this city who have never captured. Are you not one of those individuals who are after that have never bought a dollar's worth of goods from us? If so you have missed it. We presume you are in the habit of buying from a high priced house you are acquainted with. Are you not aware that one purchase here will cure you of that habit. You may find it hard to break away from old lines; if so, you will appreciate our bargains all the more when we once get you.
We want to capture you so that you can capture some of the good bargains we have captured for you.

DEAFNESS IS CURABLE! Sufferers from impaired hearing will be glad to know that their affliction is probably not due to any organic defect in the ear but results probably from a thickening of the lining of the middle ear caused by catarrhal inflammation. Hundreds of perfect recoveries as a result of the inhalation of Catarrhazone are reported and on the highest authority we recommend this treatment to our readers. Catarrhazone quickly restores lost hearing, and its efficiency is placed beyond dispute by the case of Mr. Foxall of St. Thomas, who recovered perfect hearing by using Catarrhazone, after years of deafness. Price \$1. At Druggists or by mail, from Polson & Co., Kingston, Ont.

A despatch to Pickford & Black states that an attempt made Tuesday to flood the steamer Hong Haaken, ashore in the Strait of Canso, was a failure. At high water the Harlaw attempted to pull the vessel off. The pumps kept her clear, but the wind and tide operated against the workers who abandoned the task until a more favorable opportunity.
