

MAKE YOUR FALSE TEETH FEEL NATURAL

MILTON DOES IT!

Probably you have heard that Milton really cleans false teeth in an almost miraculous fashion, without effort, and quite without damage—ask your dentist.

It does more. It makes the plate feel natural in your mouth—does away with that feeling of strange, awkward discomfort. Scores of people have written that for this blessing alone Milton is priceless to them.

Try it! It always does it!

The two (the only two) ways of cleaning false teeth are described in the little book which comes with the bottle. Three sizes—35¢, 65¢ and \$1—from your nearest dealer.

MOUNTAIN GOLF LINKS OPEN-ED

Laid out at an altitude of 6,000 feet, the new golf course in the Pyrenees is believed to be one of the highest, if not the loftiest, links in the world. To play, one should not only be an expert golfer, but a mountaineer as well. A sliced ball may cause a trip down a yawning chasm or into a dense copse in which wild cats frequently lurk.
