Boston, Mass

Directors: Alfred P. Rogers, President; Fred L. Rogers, Vice President & Manager; Chas. R. Bicknell, Treasurer; Dr. J. Lowe Young, Wm. G. Rodd.

Ranches: — Alberton, P. E. I.

This Company offers to local investors for immediate subscription

**\$12,500 Common Stock**  
**5,000 Preferred Stock (8 p. c.)**

at par, viz \$10.00 per share.

The Silver Fox Ranching Co. was incorporated in November 1911 for the purpose of taking over and developing on a large scale the fox ranching business formerly carried on by Dr. Rogers of Boston and F. L. Rogers of Alberton, P. E. I. The authorized capital was placed at \$250,000. Common and \$100,000, 8 p. c. Cumulative Preferred Stock, of which it is intended to issue altogether \$100,000, of Common and \$80,000, Preferred. This capital will enable the Company to take up all its available options, in addition to the animals owned by the original interests; to acquire its property, build its equipment and provide for its expense account till the young animals of 1913 are sold.

The equipment, which consists of an outside enclosure 250 x 480 feet with pens to accommodate 25 pairs of foxes, is now rapidly approaching completion, and every reasonable precaution for the safety, comfort and health of the animals is being provided. Only the finest imported foxes will be handled and the reputation for quality already enjoyed by the Company's stock will be strictly maintained.

Over 75 p. c. of the necessary capital is already secured, and applications for shares are now coming in from all the Maritime Provinces, Ontario and the United States. The Company is so highly regarded in and about Alberton that several prominent Fox Ranchers are already substantially interested in it. There is no water in the stock of The Silver Fox Ranching Company. Investors acquiring its shares are buying into foxes on a better basis than is possible in any other way, its animals having been secured from among the finest in the world in November last at prices averaging \$8,000 per pair below present values.

The ranches will be under the personal supervision of Mr. R. Hudson Gordon, with competent assistants on the property day and night. Mr. Gordon's experience and reputation are unquestioned.

The Company is the sole lessee, on a royalty basis of a branding system, whereby for the first time in the history of the business it has been made possible to brand foxes for verification without the slightest injury. Animals so branded can be absolutely identified before the courts and this system is not only a magnificent thing for the industry as a whole, but is expected to prove a source of profit to the Company.

Full information regarding the Company will be given, and applications will be received, up to August 5th next, for its shares by

## How you can go into business for yourself

Every man, no matter what his age, if he has a spark of ambition in his make-up, would like to go into business for himself. He would like to become a partner in some growing and prosperous concern. Working on a salary and being able to save but a comparatively small amount per year, he has almost persuaded himself that a partnership in a prosperous business is altogether unreasonably for him to expect. Live, wide-awake men should not be carried away by this idea. Such a partnership is possible as we shall point out in our next talk in this space.
