MPORTAN T READING MATTER SELECTED FROM THIS WEEKS NEWS FOR THE GUARDIAN'S SATURDAY SUBSCRIBERS

TUESDAY

AN AGED LADY'S CONTRIBUTION.—Among the articles recently forwarded to Charlottetown by the Women's Patriotic Association of Victoria, was a beautiful handkerchief, hemmed by hand by one of Victoria's oldest and most respected citizens, Mrs. Henry Wadman, who, although eighty-seven years of age, is still quite smart and able and willing to be of service to her country in this, its hour of direst need.—V.

A very sad death took place at Uigg when, on the 3rd inst., death entered the home of Allen Shaw and claimed him as its own, at the age of 74 years. The deceased was in his usual health almost up to the time of his death. All that medical aid and tender nursing could do was done, but in spite of all his spirit passed to Him Who gave it. Mr. Shaw was an obliging neighbor and a kind father, and lived in Uigg all his life and will be greatly missed. He died trusting in that all-wise One Who saw fit to take him to Himself. The remains were laid to rest in the Uigg Cemetery, service in the Church being conducted by Rev. Mr. McEwen, assisted by Rev. Mr. Peterson and Rev. Mr. Brown. The Church was filled with firends of the departed. He leaves to mourn three sons and one daughter—Daniel J., Teacher, Cherry Hill; Samuel, in Charlottetown; Earnest and Miss Florence, at home. The pall-bearers were Messrs. S. E. Macleod, Daniel Macleod, R. A. Macleod, all of Uigg; Archie McPherson, Peter McQueen, of Orwell, and J. M. Macleod, of Vernon.

The following letters have been received by Mr. H. W. Vinnicombe, acknowledging the receipt of the tobacco through the Overseas Tobacco Fund to which many citizens contributed. It is indeed pleasing to know that the "men in the firing line" have received the tobacco, etc., which is but another evidence of the patriotism of the P. E. Island people. It might here be added that the fund for a further supply is still open and it is hoped to send same forward in time for Easter. Pte. A. K. Green, A Company, 1st Devons, British Expeditionary Forces writes: Dear Sir: Just a few lines thanking you very much for your present, which I received all right. I am very glad to say that I am quite safe and in the best of health, trusting you are the same. With kind regards from all. Private H. Wilmott, Signallers, 1st Devons, British Expeditionary Force, writes: Dear Sir: Many thanks for gift of tobacco and cigarettes. It came at a most opportune moment. It is quite a treat to have a smoke, especially in such times as these when we have to stand so long in water and mud. I think I shall close now, again thanking you for your gift.

FIVE OFFICERS VOLUNTEER.—Guardian readers will be interested to learn that the following five officers of the 82nd Regiment have volunteered for the front:—Captain T. Edgar McNutt, Captain George Campbell, Lieut. C. V. Martin, Lieut. Ralph Rogers and Lieut. Wylie Allan.

The Guardian received definite information from a reliable source on Sunday, that the Prince Edward Island volunteers at Salisbury Plain had left for France on Saturday, the 6th inst. It may be taken from the intimation that the British Government gives little credence to the report emanating from Berlin that the French coast is under blockade. By this time it may safely be assumed that the Islanders have been landed on French soil and will ere long take their places in the trenches fighting the enemy. Now that Island boys are actually engaged, added interest will be given to the progress of hostilities in the western zone.

SERIOUSLY ILL. — The many friends of Capt. Angus Matheson formerly of Cardigan, will regret to learn that he is seriouusly ill in New York, where he arrived in command of the S. S. Advised by a Specialist and his physician to go to a private hospital he did so, but without favourable results, for his disease proved to be so alarming that it was thought advisable for him to return to his home in Liverpool, Eng He expected to sail shortly on board the S. S. Vistris, accompanied by his wife and daughter, who came to New York to visit him in Dec.

LECTURE ENJOYED.—On Friday evening, 5th inst., a delighted audience greeted Rev. E. E. Styles in the Souris Methodist Church to hear him deliver his lecture on Britons. At the close the chairman of the evening, Rev. C. C. McIntosh, in a few chosen words complimented the lecturer, and spoke of the benefits to be derived from such a lecture.

DIED YESTERDAY.—The death occurred at his home, 190 Grafton Street, city, on Tuesday, February 9th, at 3 a.m., of George W. Drew, in the 72nd year of his age, after an illness of five years, which he bore with patience. He leaves to mourn a sorrow wife, one son, Harry, one daughter, Ella, also his step-mother, Mrs C. W. Drew and half-brother, Charles S. Drew of this city. Funeral Thursday at 3 p.m. to People's Cemetery.

HOCKEY.—The hockey special which took the two teams to St Peter's recently was crowded to overflowing, and the train proceeds were over a hundred dollars. The game started late, but not too late to beat St Peter's and Souris. The game was clean all through and played well The Georgetown senior team is one of the best teams in King's County, and they are not afraid to say it, and the intermediate team also. The St Peter's team is going to play a return match in the Georgetown Rink Friday night of this week. A swift game is anticipated.—G.

HOME GUARDS.—About 39 turned out last evening representing No. 2 Company under comamnd of Capt. Ewen McDougall for drill. This represents about half the company already on the service roll and it is urged that the men will turn out at least once a week. Next Tuesday the company will take up section drill and the officers expect every man to be present. It is rumored that No. 1 Company under command of Capt. W. B. Prowse is the best-drilled company at present, and it is up to the members of the other companies to get busy. Col Moore was present during the evening, showing his interest in the movement.

ISLANDER KILLED.— A particularly sad accident occurred in Butte Cy., Montana, on Jan. 27th when Martin W. eldest son of Mr. and Mrs. D. A. Martin was returning from school in trying to get on the car while in motion, his foot slipped and he fell under the wheels. He was immediately taken to the Murray Hospital where it was discovered that his injuries were very great,—one leg being cut off below the knee and the other terribly mutilated. All was done for him that medical skill could do but he passed away four hours later in his father's arms. The boy was seven years old and was beloved by all. Much sympathy is extended to Mr. and Mrs. Martin in their sad bereavement. Mr. D. A. Martin formerly belonged to Belle River and is a son of the late Martin Martin.

ISLAND HONORED.—The Boston Post of Feb. 1st, contains the following:—Alexander Cameron, 78 years old, who lives with his family at 490 Tremont street, has just received an imperial service medal from King George, of England, for meritorious service a san officer in the department of railways and canals. He has served the Canadian Government 35 years and last year was pensioned for life. The medal which he has received from the King is an unusual honor according to Mr. Cameron, and he is jubilant today that his long and faithful service has ben so recognized. The decoration was forwarded through R. F. Reynard, secretary of the Imperial Service Order. Mr. Cameron is a native of Prince Edward Island. In his youth he went to California and remained there several years, later returning to Canada where he entered the employ of the department of railways and canals. He has contributed to the genius of Canadian construction work during the past quarter of a century and was immediately given a life pension when he reached the age limit was active work. Both himself and his wife enjoy the best of health. They have had 14 children, eight of whom are living.—Boston Post, Feb. 1st.

Mrs Cameron is a daughter of the late James Thomson, and was born at North Tryon, on March 5, 1869. Mr Cameron, who is a son of the late Alexander W. Cameron, was born at Albany, P.E.I., on March 16, 1866. They were united in marriage by the Rev. Mr Copperthwaite, Jan. 23, 1890, at Tryon. They moved to Somerville, Mass., some years ago and have resided there since. One of the features of the evening was a cornet solo rendered by Mr Peters of Somerville, accompanied by Mrs Reed. The singing of old songs was another interesting feature. The couple received many silver gifts, including a coffee strainer, a water pitcher, a marmalade dish, a cake basket, a whip-cream spoon, a card receiver, a bon-bon dish, a cucumber lifter, two bread trays and several pieces of cut glass. TEACHERS' INSTITUTE. — The regular meeting of the Charlottetown Teachers' Institute was held in the School Board Office last evening. Mr R. H. Campbell, Superintendent of Education, gave an instructive and practical address on "Citizenship." He emphasised the necessity of impressing on the minds of children the duties of citizenship. At the close of the address a vote of thanks, moved by Mr Henry Smith and seconded by Principal L. Smith, was tendered the lecturer.

WEDDING BELLS.— A pleasant event took place at Watermere, Charlottetown on Wednesday, Feb. 3rd, when Sarah A. daughter of Mr. and Mrs. Anthony Buchannan of Elmwood became the happy bride of Louis D. son of Mr. and Mrs. Angus McPhee, New Haven. The ceremony was performed by the Rev. D. McLean The bride and groom were unattended. The number of useful and valuable presents testify to the esteem in which the young couple are held. The groom's gift to the bride was a gold bracelet set with pearls.

P. E. ISLANDER FOR FRONT. — Among the volunteers for the front in the second contingent are two sons of Mr. George H. Brehaut of Murray Harbor. The older son Louis, graduated from Dalhousie with the highest average made in his class in a recade. After teaching English for a year in Prince of Wales, he took the Rhodes Scholarship. While in the Old Country he won several degrees and when coming back to lecture in the University at Saskatoon, brought with him exceptionally fine references from the old country universities in which he had lectured. The younger son Hammond is just twenty. Mr. and Mrs. Brehaut are to be congratulated on their own patriotism as well as that of their sons.

CONTINUED SUCCESS.—The High Tea and bazaar in Notre Dame Academy last evening was a great success, the attendance being particularly large. The dining tables, candy and fancywork booths were all arranged in the Assembly hall of the Children of Mary, under whose auspices the affair is held, amid tasteful and patriotic decorations artistically arranged, lending an excellent effect. The menu provided was most toothsome and satisfying, and was served by a staff of winsome and capable waitresses. The excellent music by the League of the Cross Band enlivened the occasion and added greatly to the enjoyment. The tea and sale will be continued to-day, when tea will be served from 5 to 7.30 p.m. This afternoon, from 2 till 4.30, the children will be admitted free of charge.

SUPREME COURT.— The Supreme Court was yesterday engaged hearing a motion for arrest of judgment or stay of proceedings in the action brought by McInnis against Cox and tried at the present Hilary Term of the Court. The action was for "Crim Con." and the jury found a general verdict for damages fixed in the sum of $1,000. Objection was yesterday taken to the declaration and a motion made to arrest judgment. It appears that the first court in the declaration simply charges Crim Con. It is next charged that the defendant assaulted the plaintiff's wife and debauched and carnally knew her, alleging as damages that the plaintiff had lost and been deprived of the comfort and fellowship of his wife, etc. Defendant's counsel contended that the declaration contained 3 counts,—1, Crim Con.; 2, Assault on the plaintiff's wife; 3, Crim Con with special damages alleged arising from the Crim Con in the third count; and that the declaration must be read as if it contained these 3 counts, and that it made as difference that these 2 charges were not numbered but were a continuation of one paragraph. As a result, he claims as a matter of law that while the first count, that is, the count for Crim Con., and the third count, that is, the count for Crim Con with special damages attached to it may be joined together in one action, the second count, for assault for which no special damages are charged, cannot be joined in an action by the plaintiff against the defendant; that the special damages claimed have reference to, and can only be claimed under the third count and cannot be claimed under the second, not being charged under the second; that the second count would be at the suit of the husband and wife, or, since the Married Woman's Property Act, at the suit of the wife alone; that the action for assault and an action for Crim Con. are separate and distinct causes of action, as the one might exist without the other, and different classes of evidence would be required to support them, and these 2 classes of action were clearly and properly charged under the declaration. There was therefore a misjoinder of actions and judgment should be arrested. The defendant's counsel argued that this claim for special damages was only charged under the third count; that the first count was a count given by statute; that the second count was a count for assault, and the third was simply a count for Crim Con., with special damages for the Crim Con. The first and third counts were practically the same, except the third count alleged special damages; and the second count was an injury to the wife for which the husband did not claim special damages, and therefore she should have been a party to a suit for the assault. As the damages were assessed on the whole 3 counts and it could not be ascertained how much was for each, the declaration was bad as a whole, and judgment should be arrested for the misjoinder of causes of action in the one suit. Defendant's counsel further asked that the proceedings be stayed on the ground that the evidence at the trial showed a criminal offence for which the defendant had not been prosecuted and that a civil action would not lie until after prosecution of the criminal charge; and by the law of England a man could not make a felony the foundation of a civil action. Mr. Johnston, K. C., for the plaintiff, argued the contrary, and on the last ground contended that the Criminal Code of Canada had abrogated the right to suspend trial of a civil action until after the criminal had been tried. Judgment was reserved. Counsel: Mr. J. J. Johnston, K. C., for the plaintiff, and Mr. Neil McQuarrie, K. C., for the defendant. In the cases heard the day before of Martha A. J. Campbell v. Samuel O. Shorey et al., and Woodman v. B. I. Rayner, applications for new trials, the Court reserved judgment. The Court meets again this morning at 11 o'clock.

"How Shall I Know I Have Kidney Trouble?"

Do just as every doctor does when he suspects that a patient has Kidney Trouble —— EXAMINE YOUR URINE.

In the morning, see if the urine is highly colored—either reddish or deep orange. (Natural urine is a light straw color). Notice if the odor is strong or foul. If highly colored or offensive in odor, your Kidneys are certainly in need of attention—and AT ONCE.

Get a box of GIN PILLS now, and take them regularly.

If you have a Pain In The Back—if the hands and feet swell —if you suffer with Rheumatism, Sciatica or Lumbago—if you have deposits of reddish matter like brick dust or mucus in the urine in the morning, you may be sure that your Kidneys are not as strong as they should be, and need the help of GIN PILLS to be well.

Crookston, Ont., Dec. 4th.

"A few years ago, I was a great sufferer from Rheumatism. I had frequently read that Gin Pills were effective in cases like mine. I got a box and after taking them for a short time, the twinges became less frequent until they finally disappeared. Rheumatism is a terrible affliction and it is a blessing to know of a remedy like Gin Pills that will drive it out of the system and relieve the sufferings."

JOSEPH STEVENSON.

Don't put off this treatment. If your Kidneys show any of the signs given above, you need Gin Pills. To delay taking them is only inviting Bright's Disease, Stone in the Bladder, chronic Rheumatism or some other terrible form of Kidney or Bladder Trouble.

OXO CUBES at the War

Striking Letters Demonstrating the Value of OXO CUBES

From a member of the London Scottish with the British Expeditionary Force.

And so after all these horrors here I am living in a cow byre some way away from the firing line to recuperate. Like manna, however, your glorious box has arrived, coffee and milk, butter, OXO — oh joy! Never was seen a more glorious box, and all my cow byre is interested in it. We start to-night on our feast, and I am to thank you both from all my section for being so generous.

Reprinted from the London "Globe," December 12th, 1914.

A gentleman has kindly sent us a letter from his son in the Army Service Corps in which he says:—

I must tell you how delighted I was to get the **OXO CUBES.** They are great. You should have seen us preparing them. We made a wood fire by the roadside, and boiled the water in an empty petrol can —enough for three of us. The **OXO** was made in my dixie can, in which we soaked some biscuits. We then placed the can on the fire to boil; all the time it was raining hard, but we were repaid by the satisfaction we got for our efforts.

I shall be very pleased to get some more when you are sending again, as a good cup of **OXO** before we turn in at night considerably warms us up.

Follow the example of the men at the front, who have proved in emergencies that OXO CUBES give warmth and nourishment quickly and effectively. OXO CUBES build up strength to resist cold and disease; they increase nutrition; they remove fatigue. Added to stews and hashes they make food more nourishing and save expenditure on meat; they are handy for sleigh journeys and outdoor sports—with hot water they make a quick hot meal in a moment; in fact, they exactly meet the needs of all classes.

OXO CUBES

In 10c. and 25c. Tins.

Also in tins of 50 and 100 Cubes.
