Whither are you heading?

164 David Copperfield. "My other piece of advice, Copperfield," said Mr. Micawber, "you know. Annual income twenty pounds, annual expenditure nineteen nineteen six, result happiness. Annual income twenty pounds, annual expenditure twenty pounds ought and six, result misery. The blossom is blighted, the leaf is withered, the God of day goes down upon the dreary scene, and—and in short you are for ever floored. As I am!"

Will the fruits of years of industry go in care-less spending—then DEPENDENCE? Will thrift be a companion to industry during productive years—then INDEPENDENCE? Success should be gauged by savings—not by income. Industry alone will not bring independence—Thrift must be Industry's partner. A Manufacturers Life policy is the sure road to INDEPENDENCE.
