CABINET MINISTERS WILL BE SWORN IN TODAY

Hon. C. C. Ballantyne Already Sworn in as Minister of Marine and Fisheries. Hon. F. B. McCurdy Likely to be Selected for Nova Scotia. More Representation Pro- bable for Farmers

OTTAWA, July 12.—Organiza-
tion of the new government of
Canada will be completed, it is ex-
pected, by Tuesday. Besides the
Prime Minister, Hon. Arthur
Meighen, only one member of the
Cabinet has thus far been sworn
in, Hon. C. C. Ballantyne, who
was obliged to leave Ottawa at the
end of the week. Mr. Ballan-
tine retains the portfolio of mar-
ine and fisheries and the naval
service. Other ministers are to
take the oath of office on Tues-
day. There is still a strong be-
lief that F. B. McCurdy, M. P., will
be selected as a minister from
Nova Scotia. Mr. McCurdy was
elected to parliament in Queen's
and Shelburne, N. S. in 1911, de-
feating Hon. W. S. Fielding, then
Minister of Finance. In 1917 Mr.
McCurdy was re-elected by Mr.
Colchester, N. S. Mr. McCurdy
has served as Parliamentary Sec-
retary of the department of sol-
diers' civil re-establishment. He
could, it is believed, be re-elected

without difficulty at the bye-elec-
tion which would be necessary by
his appointment to the Cabinet.
Mr. McCurdy was always a Con-
servative in politics. Now there
is talk of E. K. Spinney, M.P., who
was elected as a Liberal-Unionist
in Yarmouth in 1917, entering the
Ministry. R. W. Wigmore, M.P.,
of St. John city and county, is still
regarded as likely to be the New
Brunswick Minister.
For the present, it is believed,
there will be no other changes in
the personnel of the cabinet. It
is said, however, that in future
further steps will be taken in the
reconstruction of the government.
For instance, it is reported that
additional representation will be giv-
ing the agricultural interests of On-
tario and the prairie provinces as
usual. At such times as the pres-
ent a number of names are men-
tioned very shortly after the gov-
ernment takes office. Writs will
be issued for the necessary bye-elec-
tions in Nova Scotia and New
Brunswick, in East Elgin Ontario
vacated by the death of the late
David Marshall, M.P., and in Yale,
B.C., vacated by the resignation of
Hon. Martin Burrell to accept the
office of librarian of Parliament.
The administration of the oath of
office to Hon. Arthur Meighen by
the Governor-General was witness-
ed by Sir Robert Borden, who had
just before formally handed his
resignation of the Premiership to
the Duke of Devonshire. After
the ceremony Hon. W. L. McKen-
zie-King, the Leader of the Opposi-
tion came to Ottawa from his
country home at Kingsmere for the
special purpose of felicitating Mr.
Meighen upon his elevation to the
Leadership of the Government and
the National Liberal and Conserva-
tive party.

ANOTHER HEROIC SUICIDE AT NIAGARA CATARACT

Sought the Glory of a Plunge over the Falls in an Oaken Barrel. Some Barrel Staves Survived. The Victim's Body not yet Recovered.

NIAGARA FALLS, N. Y., July 11
—Chas. G. Stephens, of Bristol,
England, died in an attempt to
go over the Horse Shoe Falls in
an oak barrel today.
Stephens maintained great se-
crecy as to his plans for taking
the trip, fearing the authorities
would stop him, and as a result
few saw him take the fatal
plunge. No attempt was made to
interfere with his plans, however,
and Mayor Henry Stephens, of
Niagara Falls, was the last one to
shake hands with the Bristol man
before the barrel started on its
voyage down stream. The barrel
was towed into the Niagara River
from Snider's Point, about 3 miles
above the Falls at 8.10 o'clock this
morning, where motion pictures
were made of Stephens before he
entered the barrel and of the
oaken craft as it was towed
stream by a motor boat. Mid-
way between the cataract and the
starting point the barrel was cut
adrift. It gained speed as it
neared the falls. When the barrel
entered the rapids above the
falls it bobbed up and down like

a cork swinging from the middle
of the channel on toward the Can-
adian side. With its black and
white stripes it looked like a giant
float on a fishing line. Forty-five
minutes after the barrel began its
voyage it plunged over the precip-
ice of water at a point about one
quarter the distance across the
Horse Shoe from the Canadian
shore. It took the plunge head
first and slid down the face of the
cataract in plain view of the
watchers until it was midway be-
tween the crest and the foaming
water below, then it went behind
a cloud of spray and was lost to
sight for several hours. Watchers
waited for the barrel to re-appear
below the falls. Wm. Hill, a river
man, went dangerously near the
foot of the great waterfall in a
rowboat in an effort to find the
barrel. The Maid of the Mist,
the staunch little steamer that
takes sightseers up to the foot of
the falls cruised about in a search
of the barrel. Pieces of the oak-
en receptacle were picked up and
Stephens was put down as another
victim of the Niagara. The body
has not yet been recovered.

FOGH ORDERED TO MOBILIZE ALL AVAILABLE TROOPS

For Intervention Between Poland and Bol- sheviki. Condition in Commercial Re- lations with Russia is that Red Army Halt.

(Special to The Guardian
halt.)
SPA, BELGIUM, July 12.—Mar-
shall Foch was instructed to mobil-
ize all available Allied forces pos-
sible for intervention between the
Poles and Bolsheviks in event the
Moscow Government refuses to ac-
cept the proposal of the conference
here for an armistice. It is learned
on good authority today—Should
the Red forces continue to advance
on Poland the Allies will give every
aid to the Polish troops behind
the armistice line fixed by the peace
treaty. Allied military assistance
to Poland is hinged on whether
the Soviet armies would withdraw
this line or continue progress to-
ward Warsaw. The belief pre-
vailed here that inasmuch as the
resumption of commercial relations
between the Allies and Russia is a
condition in the armistice propos-
als, that the Moscow Government
would order the Red troops to

halt.
POLES ADVISED TO SEEK
ARMISTICE.
SPA, BELGIUM, July 12.—Polish
Premier Grabski, who is here at-
tending the council of premiers
today, telegraphed to General Hil-
larski, at Warsaw to open negotia-
tions immediately for an armistice
with the Bolsheviks.
Polish Position not Desperate.
LONDON, July 12.—Reports
reaching here from Warsaw indi-
cated that the situation is improv-
ing on the Polish front. The Poles
are retreating along the entire
front but it is stated the morale
is excellent, the retreat orderly and
most of the war material saved by
the Poles as they withdrew in re-
sponse to appeals for volunteers
the Warsaw police volunteered in a
body to go to the front.

"THE GLORIOUS TWELFTH" IN ULSTER, IRELAND

Elaborate Precautions Taken to Prevent Disturbances. Troops Stationed at all Vantage Points. No Anticipations of Trouble. 20,000 Ulstermen Marched in Parade.

BELFAST July 11.—On the eve
of Ulster's greatest holiday, the
twelfth of July, all municipal
buildings for the first time in re-
cent history are occupied by
troops, while contingents of sol-
diers on the various roads into
the city prevent anyone from en-
tering or leaving without a search
for arms. This display for force,
however, seems to weigh lightly
with the thousands in Belfast's
streets tonight bent on starting the
holiday early and keen observa-
tors say that the precautions taken
to forestall a Nationalist out-
break far surpass the dangers. Every
household displayed its
Union Jack, some flying from
seemingly the highest trees in the
yard and from steeples. From
nearly every church floated the
same emblem. Belfast itself is
not decorated except along the
line of march where at least 20,
000 Ulstermen will parade four
miles to hear speeches from five
platforms and generally make merr-
y. Seventeen speakers are on
the programme, with the interest
centering on Sir Edward Carson.
Cork courthouse was occupied
yesterday by troops which erected
barbed wire entanglements, sand
bags and other defences. The
troops removed a Republican tri-
color which had floated over the
building for several weeks. A
detail of troops occupied the city
hall of Belfast Saturday night for
protective purposes. Troops also

were stationed in the former ay-
lum on the Grovenor Road while
the Castle yards also were garri-
soned. No disorders were report-
ed.
Some Preliminary fighting, one
Killed.
DUBLIN, July 12.—One con-
stabulary sergeant was killed and
two other constables badly wound-
ed when a bomb exploded at Rath-
more barracks today. A band of
Sinn Feiners had previously at-
tacked the barracks but were
driven off.
Throughout Ireland there is a
feeling of tense expectation today
awaiting the outcome of the
Orangemen's celebration on the an-
niversary of the battle of the
Boyné. The point where most of
the trouble is feared is London-
derry, where the tension is high.
Sporadic outbreaks and factional
fighting occurred there during the
night but no deaths. Both Union-
ists and Sinn Feiners are charging
each other with making prepara-
tions for trouble declaring that
arms are freely being distributed
to the men. A heavy force of Brit-
ish and Sinn Feiners are charging
to Dublin today prepared to go
in motor cars to any point where
needed, similar precautions obtain-
ed in Belfast and Londonderry.
Two British Cruisers arrive at
Belfast.
BELFAST, July 12.—Two Brit-
ish cruisers arrived in the harbor
here today. Batteries of artillery
placed on hills overlooking the
city. It is estimated that 10,000
British troops are stationed in and
around Belfast.
Thousands Viewed the March Past
BELFAST, July 12.—Thousands
of persons lined the streets of the
city today when 20,000 Orangemen
paraded in celebration of the an-
niversary of the battle of the Boyné.
Despite heavy rain practically the
entire city turned out to witness
the march. No disorders were re-
ported, but the cordons of troops
by the military authorities. Every
one entering the city was closely
questioned.
Italy May Mediate
ROME, July 12.—In Parliamen-
tary circles it is reported today
that Italy will likely become the
mediator between Russia and Pol-
and.

a large one, representatives from
every lodge in the Province being
present, while hundreds of citizens
viewed the parade as it proceeded
through the streets.
The Chief Marshal of the parade
was Mr. Isaac Carter, P.M., and
the assistant marshals were Messrs

Percy Down.
The procession was headed by
officers mounted on white chargers,
Mr. Milton Furnace representing

dress of welcome was delivered by
Acting Mayor Miller, and appro-
priate addresses were also made
by Rev. G. C. Taylor, Rev. Mr.
Glendinning and Rev. Mr. Mahon.
The weather for the occasion
was ideal, for although it was a
very hot day there was a nice
breeze which kept the atmosphere
about right.
The city authorities are to be
commended for sending out the
sprinkler in the morning and al-
laying the dust nuisance, which
otherwise would have been bad.

THREE SAILORS LOST IN COLLISION AT SEA

(Dom. Press Special.)
NEW YORK, July 12.—Three
members of the crew of the steam-
er Lake Rampton, are reported
lost today when the vessel was
sunk in collision with the South-
ern Pacific liner Comus, off Atlan-
tic City, N. J.

THE RACES

The horse races in connection
with the Orange celebration were
a great success and pleased the
spectators immensely. Every heat
was a real contest fought out right
to the wire. The time made in two
of the heats is quite fast for the
early in the season. The races
were three in number the first
being the class A. trot and the first
with six starters. It was a contest
from the word "go." Dongola beat-
ing out Signature at the wire. In
the second heat the fight was be-
tween these two and Albert J.
Dongola winning with Albert on
his pad Signature third. The heat
was in 2:17 a really good perform-
ance. Keltie who had gone away
flying in the two previous heats
which lost him a lot of ground
settled down in the third trotting
the first half in 1:06 1-2 and finish-
ing the mile in 2:17 1-4. Signature
second.
The class B. trot and pace was
the next class called with five
starters all evenly matched. It
resulted in a win for Wilfred Hal
in straight heats—Colonel D. win-
ning and Commodore K. lighting
for the positions and alternate-
ly finishing on Wilfred's wheel.
Best time 2:22 1-4.
The class B. trot was full of
thrilling finishes the six horses
starting being pretty evenly
matched. Silver Todd proved the
winner Juanita Aubrey and Belle
Baring furnishing the contest each
carrying the battle to Todd right
up to the wire.
The Charlottetown Driving Club
can feel highly satisfied with
themselves for yesterday's pro-
gramme. We listened to many
comments from spectators and all
were most favorable.
The absence through illness of
ex-Mayor Brown who has helped
out previous gatherings with his
trotting mare Alice the Great was
remarked and expressions of sym-
pathy for the veteran sportsman
were freely given.
