Tobacco's Effect Tested

MEDICAL MEN FIND THAT SMOKING AIDS DIGESTION.

That smoking may be regarded as an aid to digestion, was indicated by Dr. J. W. Crane, in an address delivered recently to a Western University audience at London, Ont. Dr. Crane said that he had at one time advised his students not to use tobacco, believing it weakened digestion, but tests had shown that the saliva of a smoker digested starch better than that of a non-smoker. Starch is a constituent of many foods.

From another point of view Sir James Cantlie, the fenowned British medical authority, also regards tobacco as an aid to digestion. "Tobacco," says Sir James, "has its good effects in digestion, in lessening the effects of worry."

NORTH ST. ELEANORS

The Semi-Annual Examination of North St. Eleanors School took place Thursday June 28th and was quite largely attended, there being twenty visitors present. The pupils were examined in Literature and Arithmetic by their teacher, Miss Kathlyn MacEwen assisted by Mrs. Yeo, a former teacher and showed by their prompt replies how carefully they had been trained. A programme consisting of songs, recitations and dialogues was well rendered by the pupils after which a treat of home made candy was given to all present. Remarks were then made by I. H. E. Inman, Trustee, who spoke most favourably of the efficient work, which was being done by Miss McEwen and after the singing of The National Anthem what was regarded by all present as the best examination held in the school the crowd dispersed to their respective homes feeling much pleased that the teacher Miss McEwen had decided to remain with them another term. A generous supplement of one hundred and seventy five dollars being offered her.

Dr. Noonan who is one of our popular young men will no doubt be successful in his undertaking. The Guardian wishes him every success throughout his business career.

MR. R. H. MULCH.

Appointed General Manager Durant Motors of Canada

R. H. Mulch, who has been connected with W. C. Durant's enterprises since 1916, most recently as sales manager of the Star Motor Company of California, has been appointed General Manager of Durant Motors of Canada, Ltd., with headquarters at the Durant plant at Leaside (Toronto) Canada. Mr. Mulch will take up his new duties on July 15th.

As a veteran in both retail and wholesale automobile sales, Mr. Mulch has had a long and varied experience. He first entered the automobile business in 1908, and worked in both wholesale and retail distribution with several of the leading motor car organizations of ten years ago.

In 1916 Mr. Mulch was appointed factory representative of the Chevrolet Motor Company. In 1917 he was transfered to Fort Worth, Texas, as acting sales manager to reorganize this selling zone for Chevrolet.

Mr. Mulch is no stranger to the Canadian automobile trade. In November, 1917, he was transfered from Fort Worth to the Chevrolet Motor Company of Canada as sales manager at the Oshawa factory. He remained in Canada until 1920, and during his term of office made an enviable record as an energetic and popular executive.

After leaving Canada Mr. Mulch filled various important posts in the Chevrolet organization first as sales manager, later as general manager and vice-president of the Oakland plant, until he resigned in May, 1922, to become connected with Star Motors in California thus resuming his connection with Mr. Durant which had, with the interruption of only a few months been constant for nearly seven years.

Mr. Mulch has had a great deal of experience in sales offices located at factories, and in this way has gained the viewpoint of the production manager as well as that of a sales manager.

With the enlarged factory of Durant Motors of Canada, Limited at Leaside, now in operation, Durant and Star Car production in Canada has advanced to a remarkable extent record driveaways and trainload shipments having been made from Leaside during the past two months. These shipments set new figures for single shipments to Canadian distributors and dealers. With the appointment of Mr. Mulch as general manager, even greater accomplishments are looked forward to.

The appointment of Mr. Mulch is pleasing news to C. D. Gleason, sales manager, since both he and Mr. Mulch served together in the Chevrolet organization and both have been identified with W. C. Durant for many years.

THEY CALLED HIM AN "OLD PILL"

THAT was years ago when he packed a terrible grouch, a mighty irritable stomach and a liver that refused to do the things that all good livers should. No wonder his friends called him an "old pill" and stayed away.

But that was years ago—long before he discovered Beecham's Pills and learned that two at bedtime can bring sunshine into a man's life. Today, he's an optimist, a hero to his wife, and a staunch believer in Beecham's Pills.

The cheer that Beecham's Pills bring into a man's disposition, is the incomparable cheer of sound digestion, active liver, and the regular habits that make good health.

At All Druggists—

Watching The Winners

By W. H. Gocher.

Up to the end of June the half milers had the right of way on the trotting turf. While McDonald, Cox, Murphy and the other trainers who limit their engagements to the larger ovals were getting their horses in racing condition, the two lappers were out for the word in Ohio, Michigan and New England, where attractive programmes were presented for the horses in trim to race.

The campaign opened at Marion the last week of May. At that point Vic Fleming got off to a flying start by winning with Silent T. with Baroness Hedgewood, Sister Ruth and Baroness Harvester, while Harry Stokes was credited with two firsts, his representatives being Helen Wilkes and the three year old pacing filly Echo.

Ben Whitehead dropped in from Tennessee and won with Van H. He also picked up another race the following week with this gelding at the inaugural meeting at Brooklyn Park which is located in a Cleverland suburb. At this point Vic Fleming added three more winners to his score. His top liners were Barney's Tramp, Patrick Todd and Sally Direct. Harry Stokes also scored at Brooklyn Park with Morgan Dewey and Squires repeated wth Sister Ruth.

Kenton was the next stop. At that meeting Harry Thomas appeared and won with Ponywood, A. B. C. and Lady May C. Cassie Abbott and Daisy Pointer also won for Sep Palin, the last named pacing in 2:09¼. The showing at this point was, however, cast into the discard by the flight of speed and brilliant racing at Canton.

Geers made his debut in Stark County with Sanardo. He drove him a mile in 2:02 while he also won a race with My. Rosebud, a sister to Rosa Watts and Bogalusa, in 2:10¼.

Henry Thomas jumped the number of his winning mounts at his first two meetings in 1923 to six by showng in front at Canton with San Pedro Girls, A. B. C. and Cupid Albingen. The last named reduced his record to 2:07¼ in a third heat. This mile was recorded as the fastest ever trotted over a half mile track in Ohio. It did not remain at the top of the list very long as when Lammlein took the word with Clyde the Great he reduced it to 2:06¼, 2:07¼, 2:07.

The Bay State Circuit occupies the center of the stage in New England. At its first three meetings Fred Hyde won eight races. Three of them were placed to the credit of the three year old gelding Sir Etawah, two to Iva Lou with which he defeated Colonel Bidwell at Avon in 2:07¼, and one each to Heather, Mauna Loa and Mary O'Connor

Of the others who are following the Bay state route Bud Murray gathered in three races with Junior Hal and one with Ramco. Joe Johnson, the circuit leader for the past two years, also scored three victories with Anoakia and one with Mr. Hoover. On the trip from Combination Park to Avon the Sunshine stable gathered in two races with Billy Smith, ex-member of the Murphy stable, and the first two years old event of the year with Vivian Harvester. The filly, as her name implies, is by The Harvester out of the dam of Peter Vonia. In her first race she defeated Don Setzer and Peter Burt in 2:21¼.

During the Avon meeting Bill Sharen made his first start on a half-mile track since he was purchased in 1920 for $25,000 in New Brunswick. He won in a jog from Peter Coley and Shawnee, trotting the last half of his second mile in 1:04. If this race was a true bill for him and it certainly looked like it, the big chestnut will prove a horn in the side of the fact trotters on the eastern half-mile tracks this year.

Springfield is the next stop of the Bay State Circuit. The fast and perfectly appointed half-mile track at that point will give the globe going horses an opportunity to show how much speed they have on tap. While none of them will parade as fast as Directum J. or Margaret Dillon, the majority of the winners will have new records when they are shipped to Northamption.

At Springfield Anoakia, Phil O'Neil and Saccharose will meet again in the 2:12 pace, while Charles Direct, Don McGregor, Logical and Sparkle are named in the 2:15 pace with Junior Hal, The Peter Pan and Miss Mertle L. are named to meet again in the 2:18 pace. Over the firm footing ta Springfield the Avon verdict may be reversed.

Dr. Nick is in the 2:12 trot. It will be interesting to see whether this handsome black gelding can race away from Ramco, Carmelita Hall, Sakura and the busy little pony Siliqua. The fast four year old Hollyrood Frsco, which has been beating 2:10 in his work at Hartford, is named to start in the 2:15 trot at Springfield with Peter Bushirk, and Electron White Hackle, The Great Figleaf, Dillon.

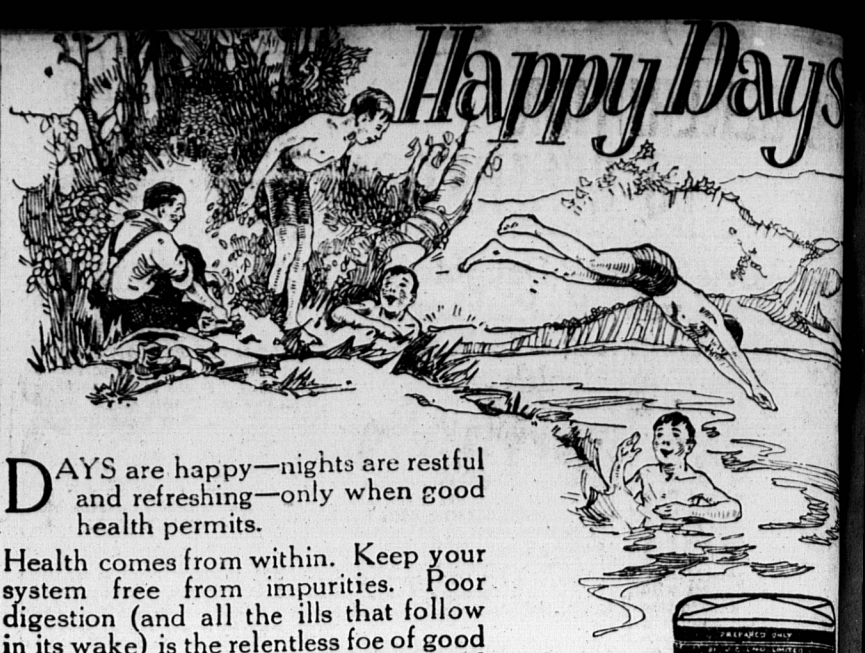
The Grand Circuit horses will renew their turf battles at Toledo Monday with the 2:09 pace as the leading event on the card. In it Hal Bee and Lambert Todd, both winners at Cleverland, will again meet Lady May C. and Gamey the Great. The race will be sandwiched with the 2:06 trot in which Periscope defeated McGregor the Great, Jane the Great and Princess Etawah on the opening day at North Randall. The 2:18 trot with a big field of starters and the 2:04 pace round out the day's card. In the letter Johnny Quirk is named with Sunflash, Robert Direct, Lillian Silkwood and Parker Boy, a winner at Toledo last years.

The $5,000 Fort Miami Purse for 2:08 trotters is on the card for Tuesday, Bunter and Clyde the Great will start in it with Peter Pfaff., Taurida, Favonian and Henry Thomas' new star Cupid Albingen. It will be sandwiched with the 2:09 pace and followed by the 2:15 pace and three year old trot with Ethelinda, Orange Prince, Jean Worthy and Joe Gallagher as starters.

All of the speed marvels will be out at Toledo on Wednesday when the 2:07 pace, 2:03 trot, 2:11 trot and three year old pace are decided. Anna Bradford's Girl, Brook Volo, Echo, Kinney Silk. The 2:30 trot will bring out Peter the Brewer, The Great Volo Crarworthy, Escotillo, Great Britton and the futurity winner Lee Worthy.

The 2:02 pace is the feature for Thursday. In it Hal Mahone, John Henry and Jimmy McKerron will be given an opportunity to catch Grace Direct with which Earning won at Toledo in 1922. It will be raced with the 2:09 trot in which Geers will start My Rosebud. The 2:12 trot and 2:12 pace complete the day's card.

The first race in which all of the heats were blow two minutes was placed on record at Toledo in 1918, the day that the new mile track was opened. In that event Miss Harris M. won the first heat and Single G. the next two. Another race of the same kind should be seen on the last day of the July meeting this year when Margaret Dillon, Sir Roache and Single G. meet in the free for all. This trio will, however, be only a part of the card as the 2:12 trot will also be decided the same afternoon. In it Captain S. will take the word with Woodrow L. and Worthy Son. The 2:14 trot and 2:18 pace complete the day's card.



DAYS are happy—nights are restful and refreshing—only when good health permits.

Health comes from within. Keep your system free from impurities. Poor digestion (and all the ills that follow in its wake) is the relentless foe of good health. You and your children should take a "dash of ENO in the morning." ENO is pure. ENO has the pleasant purifying properties of fresh, ripe fruit. ENO is the world's standard Good Health Drink.

DRUGGISTS EVERYWHERE SELL ENO.

Auction Old Masters Valued at $1,000,0

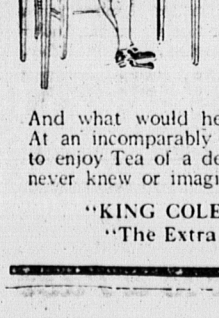
LONDON, July 10.—A million dollars' worth of old masters belonging to Sir J. B. Robinson, South Africa diamond magnate, were auctioned here to-day by Christies—the largest sum realized in a day's sale at the famous art firm. Eleven galleries boroughs were knocked down in twenty-five minutes.

The feature of the sale was Franz Hals portrait of a gentleman which sold for $90,820 although in 1885 it brought only $1,750; the boroughs' "Mrs. Drummond" sold for $47,775, as against $ at Lord Revelstoke's sale in

Sir Thomas Lawrence's "Boy With a Dog" brought $ his "Portrait of a Lady" $ Sir Josuha Reynolds' "Portrait of Mrs. Mathey" sold for $ Romney's "Mrs. Chitty" $14,200; Murillo's "San Francisco de Paula, $5,000; Velasquez's "Two Princesses," $8,4 Angelica's "Day of Judgement" 000, and Van der Cappelle's Piece," $18,900.

One of the surprises of the was the fact that Boucher's panels, which twenty years ago the Vaile sale were appraised more than $100,000, to-day brought only $83,000.

Yours to Enjoy



"Thank God for Tea! What did the world do without it—how did it exist? I am glad I was not born before Tea."

Thus wrote the brilliant Sydney Smith in the early days of the nineteenth century, and countless thousands have echoed his sentiments since. But if Sydney Smith could so enthuse over Tea as it was then, what would he say of it to-day, when science in growing and art in blending have brought **your** cup of Tea to such a high point of perfection.

And what would he think of to-day's cost? At an incomparably lower price **you** are able to enjoy Tea of a deliciousness Sydney Smith never knew or imagined.
