Dear Teacher:—I have been requested by the girls of this school to offer you a slight token of our affection and regard. I cannot tell you how delighted I am to be the means of conveying to you the expression of our united love. What we offer you is a poor symbol of our feelings, but we know you will receive it kindly as a simple indication of the attachment which each one of us cherishes for you in her heart of hearts. You have made our lesson pleasant to us. We know that we have often tried your temper and forbearance, but you have dealt with us gently. We will never forget you. We shall look back to this school as a scene of mental enjoyment, and whenever memory recalls our school days our hearts will warm towards you as they do today. I have been requested by my school mates to address you as a friend. In that light dear teacher we all regard you.
