IT PAYS to buy in this Province.
CHURCH SERVICE.—A very large audience was present at the service in the Heart Memorial Hall last evening. Mrs. Hinton gave as a solo a beautiful rendering of "I've Found a Friend." Tonight the pastor will speak on the Message of the Gospel and Miss Mamie Smith will sing a solo.
THE BIRTH OF A NATION.—Mr. Buckley, representing the B. S. Courtnew Co., Mr. Basquoloni, pianist, and Mr. Clark, trap drummer of the Company, arrived in the City yesterday afternoon, accompanying the films for the Birth of a Nation, which is to be put on the screen at the Prince Edward Theatre this evening and tomorrow evening.
GRACE CHURCH CHOIR ENTERTAINED.—The congregation of Grace Church entertained their choir at a sumptuous banquet in the Kozey Korner last evening. Several gentlemen expressed, on behalf of the congregation the high appreciation of the splendid services rendered by the choir. After the banquet the guests were conveyed to the home of Mr. R. E. Mutch where a most delightful social evening was enjoyed by all.
NEW TAFFETA SILKS in all the leading shades at popular prices. Patons Limited. 5060, 3, 28M2L.
HELP THE RED COSS by attending the entertainment in New Perth Hall on Friday 29th Inst. Montague Dramatic Club will present "The Ministers Bride." Admission 25 and 15 cents. Ladies with plea free. 5074-3-28M2L.
FINE BUNCH OF HORSES.—Mr. Walter Moore of Kentville, N. S., who has been staying at the Highland Hotel left yesterday afternoon for his home taking with him 26 very fine horses purchased for him by Mr. John Horne, the well known horse buyer of this Island. Some of these were heavy chunks, some drivers, some trotters. Mr. Horne still knows where to get the good ones. He now has orders for a number of good ones to go to Nova Scotia soon. Mr. Moore was more than pleased with his lot and intends returning in the near future as he is the leading liveryman in Kentville and has some 50 or more teams and 300 or more horses. All island horsemen will wish Mr. Moore success with his purchase and hope to see him soon again.
ness and carrying the magic of music into the hearts of the audience. With Miss Myrtle Phillips she also sang a splendid duet "The Long, Long Trail" which art lovers would go far to hear and enjoy. Emmanuel Gaudet of Wellington sang a jolly Irish song full of fun and comical action. Garbed in the flashy regalia of an Irish Rapparee with cheeks tinted sunset hue, and appearing like the relic of an ancient Fair, and seemed to enjoy, as well as the audience—the ecstasy of being for five minutes an Irishman. The Grand River Glee club sang "The Dear Little Shamrock" with rare effect, its exquisite tenderness and dashing gaily rising, swelling and sinking into those dreamy regions of song that can be felt rather than described. John A. McDonald robed as an Irish squire contributed a rag-time ballad, his emerald trappings and his cinematic capers adding hilarious effect to his chant. Mr. Joseph L. Cameron executed an excellent step dance and A. G. Gaudet also sang a pleasing solo.
Not least on the fine programme were the several numbers contributed by a striking quartette from Miss Couche. They were rapturously applauded and heartily responded to the encore.
A rare treat also was the classic oration of the Rev. F. L. Connolly. In concise and graphic phrases, full of eloquence, he pictured the coming of St. Patrick, the golden age of Ireland, her undying patriotism and her matchless oratory.
The instrumental accompanists, for the occasion were Miss Freda McNeill, Mrs. J. DeJouan and V. Morrison and J. McNeil. The excellent programme was closed with the national anthem. All retired to their homes eloquent in praise, of the rare treat which they had enjoyed.

Anli-Tuberculosis
(Continued from Page Three.)
most creditable institution in the land and its maintenance by the Government will have the enthusiastic support of all intelligent residents of this Province; for the gift was made with the express understanding that there should be no stipulations or restrictions as to the beneficiaries.
We have from year to year directed the attention of the public and their representatives to the anomaly of having meat for export subject to inspection, while that for home consumption may be sold in this city or throughout the Province without inspection of any kind. The danger of such conditions was eloquently and forcibly portrayed last year by Mr. Justice Fitzgerald who was so incensed on being informed that a carcass of pork which was refused at a packing house had been offered for sale elsewhere, accompanied us before the Board of Health and the city council and appealed for measures of protection. The Health authorities viewed with seriousness even the possibility of this diseased meat having been used for human food, and passed a resolution recommending the appointment of an inspector for meat and milk, but the desired inspection that it was hoped would soon follow has not yet been provided.
A recent case that came to the notice of the health authorities was that of two carcasses of cattle slaughtered in this city which were found to be tuberculous. The members of the city council and Board of Health, and the citizens who accompanied them to view these diseased carcasses, were so impressed by such evidence that they realized the imperative and immediate need of inspection for all meat whether it is to be consumed here or elsewhere. This was a practical lesson, but there are still further facts to show the necessity for immediate action. In the last six months there were 8000 portions of beef, pork and mutton condemned in this province; and in the Dominion of Canada, within the following week, 3000 carcasses and portions affected with Tuberculosis were condemned, and destroyed namely, 3,000 cattle, and 20,000 portions of cattle; 4,000 carcasses and 750,000 portions of swine. This does not by any means represent all the meat that was condemned for unfitness for human consumption. Report which are the cause of meat being removed from human food.
A most happy remedy for the existing dangerous conditions would be the erection of a Meat Dealers' Association for the construction of an up-to-date Abattoir where all cattle for city consumption would be slaughtered and dressed under inspection. If the City cannot be prevailed upon to make the necessary expenditure to provide for the erection of such an institution a local company could no doubt make it a profitable investment. It is readily conceded that our local dealers desire to give their customers only healthy and nourishing food, but the time has arrived when they must realize the necessity for having all butchering done under Government regulations. The packing houses in this city and throughout the Dominion are provided, without cost, with the services of inspectors to pass upon their output, and there is no reason to doubt that the Department would favorably consider an application for similar privileges from any person or company or from the City Corporation.
The necessity for the proper care and handling of meat that is offered for sale on the street has been referred to by the Officers of this Society from time to time, but still meat by the quarter is exposed on the Market Square under conditions that would not conform to sanitary regulations. It is our duty, to frequently and persistently remind the authorities of their moral responsibilities in regard to the sale of food-stuffs, with especial regard to meat and milk.
We have had considerable correspondence in regard to the testing of milk, and it is found that in places where conditions are similar to those existing here, the practice is to take samples early in the morning upon the arrival of the milk in the city and examine it for bacteria as well as for butter fat. The Board of Trade in Halifax has a contract with the laboratory at the Victoria General Hospital to test all samples of milk and water at \$750 per annum, and we had an idea that tests might be made from here, but such is considered impossible as the samples would have to be packed in ice, and shipment of it would not insure its arrival in Halifax in a satisfactory state. As an equipment for a Laboratory would cost \$5000 the question of testing the milk supply of this city will probably have to stand in abeyance for the present.
The free benefits derived from the Free Dispensary and District Nurse call for more generous support from the city than the present grant of \$100. In fact the whole civic expenditure for the public health is very insignificant, being little over \$500 in a year. As an evidence of the responsibility assumed in other places, the Winnipeg School Board recently called for three additional nurses to protect the health of the children attending the public schools. Two medical experts and seven nurses give their entire time to the personal care of the pupils attending the schools of Winnipeg. This provision at the Manitoba Sanatorium show reasonable action on behalf of those in need of care and treatment in the prairie province.
The Dispensary, the principal medium of this society, is headquarters for the District nurse who is present daily during the hours that she is not visiting the poor and the sick in their homes. It has developed into a charitable institution from which is distributed not only medicines, but also clothing and food. The expenditure for groceries last year was \$151.18, and for the present year \$271.75, which is a marked increase. The coal fund which was opened again this year by the veteran Dr. Jenkins was handed by the nurse who distributed coal to the value of \$348.51, as against \$70.00 last year. The accounts for the coal fund were kept separate from those of the Society or Dispensary as will be observed by reference

AFTER MEALS
When digestion fails, whether from loss of tone, climatic changes, overwork, or errors of diet, nothing so soon restores tone and healthy activity to the digestive system as the root and herb extract—Mother Seigel's Syrup. It tones and regulates the liver and bowels, and clears the system of the decayed products of indigestion—the fruitful cause of headaches,
TAKE THE DIGESTIVE TONIC
Languor, acidity, heartburn, flatulence, brain fog, and biliousness. It makes food nourish you and thus builds health on good digestion.
MOTHER SEIGEL'S SYRUP.
The new 1.00 size contains three times as much as the trial size sold at 50c per bottle.
"Astonishing how my Strength and Fitness came back," says Mr. Inman, a Winnipeg business man, cured by Dr. Cassell's Tablets.
"It was astonishing how my strength and fitness came back," says Mr. G. C. Inman, of 330, HARCOURT STREET, STURGEON CREEK, WINNIPEG, for many years a well-known man in the business life of Canada. Mr. Inman continues: "It is about three years ago since I first used Dr. Cassell's Tablets. I was terribly run-down and weak. Sometimes I felt I should have to leave off altogether, my work was such an effort to me. I ate little, I had no appetite, and I suffered if I forced myself to eat. My nerves of course were in a bad way, and my sleep very disturbed. Everything, in fact, pointed to a nervous breakdown. It was then a friend told me about Dr. Cassell's Tablets, and I got some to try. The first result was that I could sleep at night, and then my health rapidly improved. It was really astonishing how my strength and fitness came back. "I may add that some time ago my mother was very ill with pernicious anemia. I urged her to take Dr. Cassell's Tablets, but she would not, so I crushed them down and gave them in food without her knowing. She was confined to bed before she had the Tablets, and now is about again sleep very disturbed. Everything, in fact, pointed to a nervous breakdown. It was then a friend told me about Dr. Cassell's Tablets, and I got some to try. The first result was that I could sleep at night, and then my health rapidly improved. It was really astonishing how my strength and fitness came back. "I may add that some time ago my mother was very ill with pernicious anemia. I urged her to take Dr. Cassell's Tablets, but she would not, so I crushed them down and gave them in food without her knowing. I urged her to take Dr. Cassell's Tablets, but she would not, so I crushed them down and gave them in food without her knowing. She was confined to bed before she had the Tablets, and now is about again sleep very disturbed. Everything, in fact, pointed to a nervous breakdown. It was then a friend told me about Dr. Cassell's Tablets, and I got some to try. The first result was that I could sleep at night, and then my health rapidly improved. It was really astonishing how my strength and fitness came back. "I may add that some time ago my mother was very ill with pernicious anemia. I urged her to take Dr. Cassell's Tablets, but she would not, so I crushed them down and gave them in food without her knowing. She was confined to bed before she had the Tablets, and now is about again sleep very disturbed. Everything, in fact, pointed to a nervous breakdown.
