Ex Minister of Finance Will Sail Oct. 17 for England at Ex-Colonial Secretary's Request.

Toronto, Oct. 11.—Hon. Geo. E. Foster, ex-minister of finance, who for the last two years has been living quietly in Toronto, devoting himself to various business interests, will again enter politics, this time in Great Britain in association with Mr. Chamberlain, who has asked for his assistance in the prosecution of his campaign.

Recently a deputation, officially from Mr. Chamberlain as president of the British tariff reform league came to Canada to invite Mr. Foster to join with the league in agitating his policy on the public platform in Great Britain. Mr. Foster was in doubt for a time whether his business responsibilities would permit him to leave Canada, but has at length decided to accept the invitation and will sail for England on the 17th inst. Mr. Foster's present intention is not to remain in England longer than six weeks though his stay may be prolonged advisable, and it is quite possible that he will return to England again later on.
